

proposed data product is constrained by competition among exchanges that offer similar data products to their customers. As discussed, there are currently a number of alternative products available to market participants and investors. At least three other U.S. options exchanges offer a market data product that is substantially similar to the Open-Close Data, which the Exchange must consider in its pricing discipline in order to compete for the market data.¹³ In this competitive environment, potential purchasers are free to choose which, if any, competing product to purchase to satisfy their need for market information. As a result, the Exchange believes this proposed rule change permits fair competition among national securities exchanges.

The Exchange also does not believe the proposed fees would cause any unnecessary or inappropriate burden on intermarket competition as other exchanges are free to introduce their own alternative and comparable data product and lower their prices to better compete with the Exchange's offering. The Exchange does not believe the proposed rule change would cause any unnecessary or inappropriate burden on intramarket competition. Particularly, the proposed product and fees apply uniformly to any purchaser, in that it does not differentiate between subscribers that purchase Open-Close Data. The proposed fees are set at a modest level that would allow any interested TPH or non-TPH to purchase such data based on their business needs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and paragraph (f) of Rule 19b-4¹⁵ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of

investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed rule change is to revise clearing fees applicable to certain ICE Futures Europe Limited ("IFEU") equities and UK energy products ("IFEU Products"). The revisions do not involve any changes to the ICE Clear Europe Clearing Rules or Procedures.⁶

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of the proposed rule change is for ICE Clear Europe to modify certain clearing fees relating to certain IFEU Products⁷ as set out below:

- IFEU Equities.
 - FTSE 100 Options: The clearing fee will increase from GBP 0.20 to GBP 0.21 per lot, the exercise/assignment fee is also increasing from GBP 0.20 to GBP 0.30, and the fee cap on the exercise and assignment fee (published and unpublished) is increasing from GBP 1,500 to GBP 2,200.
 - FTSE 100 Options (block only): The clearing fee will increase from GBP 0.25 to GBP 0.26 per lot and the delayed published clearing fee will increase from GBP 0.29 to GBP 0.30 per lot. The clearing fee cap for published transactions will increase from GBP 1,350 to GBP 1,980 and the clearing fee cap for unpublished transactions will increase from GBP 1,620 to GBP 2,700. The exercise/assignment fee is also increasing from GBP 0.20 to GBP 0.30 and the fee cap on the exercise and assignment fee (published and unpublished) is increasing from GBP 1,500 to GBP 2,200.
 - FTSE 250 Futures and Options (block only): The clearing fee will increase from GBP 0.12 to GBP 0.18 per

lot and the delayed published clearing fee will increase from GBP 0.13 to GBP 0.27 per lot.

- FTSE 250 Futures and Options: The clearing fee will increase from GBP 0.09 to GBP 0.14 per lot and an exercise/assignment fee of GBP 0.20 per lot is introduced.

- IFEU UK Electricity Futures: The clearing fee will increase from GBP 0.00157 to GBP 0.0035 per lot.

- IFEU UK Electricity Futures (exchange for physical/exchange for swap/block): The clearing fee will increase from GBP 0.00202 to GBP 0.0045 per lot.

Attached [sic] as Exhibit 5 are the circulars listing the new fees relating to the IFEU Products and a redlined version of the proposed fees schedule for the IFEU Products. The relevant fee schedules relating to the IFEU Products will be updated and are available at: <https://www.theice.com/fees>. The new fees are expected to come into effect on October 1, 2019, for the IFEU Equities Futures and Options products, and on September 2, 2019, for the IFEU UK Electricity Futures products.

(b) Statutory Basis

ICE Clear Europe has determined that the proposed fee changes set forth above are reasonable and appropriate. In particular, ICE Clear Europe believes that the fees have been set at an appropriate level given the costs and expenses to ICE Clear Europe in offering clearing of such IFEU Products, taking into account the investments ICE Clear Europe has made in clearing the markets for these products. The fees will apply to all F&O Clearing Members. ICE Clear Europe believes that imposing such charges thus provides for the equitable allocation of reasonable dues, fees, and other charges among its Clearing Members, within the meaning of Section 17A(b)(3)(D) of the Act.⁸ ICE Clear Europe therefore believes that the proposed rule change is consistent with the requirements of Section 17A of the Act⁹ and regulations thereunder applicable to it.

(B) Self-Regulatory Organization's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed rule changes would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the

purpose of the Act. Although the changes may result in certain additional costs to Clearing Members, ICE Clear Europe believes that the revised fees have been set at an appropriate level given the costs and expenses to ICE Clear Europe in offering clearing of the IFEU Products. ICE Clear Europe does not believe that the amendments would adversely affect the ability of such Clearing Members or other market participants generally to engage in cleared transactions or to access clearing. Since the revised fees will apply to all F&O Clearing Members, ICE Clear Europe further believes that the fees will not otherwise adversely affect competition among Clearing Members, adversely affect the market for clearing services or limit market participants' choices for obtaining clearing services.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed changes to the rules have not been solicited or received. ICE Clear Europe will notify the Commission of any written comments received by ICE Clear Europe.

III. Date of Effectiveness of the Proposed Rule Change

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)¹⁰ of the Act and Rule 19b-4(f)(2)¹¹ thereunder because it establishes a fee or other charge imposed by ICE Clear Europe on its Clearing Members. Specifically, the proposed rule changes will establish fees to be paid by Clearing Members to ICE Clear Europe in connection with the clearing of certain IFEU Products. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁶ Capitalized terms used but not defined herein have the meanings specified in the ICE Clear Europe Clearing Rules.

⁷ ICE Futures Europe is also changing certain exchange fees with respect to the IFEU Products at the same time.

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating To Adopt Fees for a New Data Product on Its Equity Options Platform ("EDGX Options") To Be Known as Open-Close Data

September 11, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 30, 2019, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to adopt fees for a new data product on its equity options platform ("EDGX Options") to be known as Open-Close Data. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt fees for a new data product on EDGX Options to be known as Open-Close Data, which will be available for purchase to EDGX Options Members and Non-Members.³ Cboe LiveVol, LLC ("LiveVol"), a wholly owned subsidiary of the Exchange's parent company, Cboe Global Markets, Inc., will make the Open-Close Data available for purchase to Members and Non-Members on the LiveVol DataShop website (datashop.cboe.com). The Exchange proposes to amend its Fee Schedule to adopt fees for the product.

The Exchange recently introduced the Open-Close Data product. Open-Close Data is a data product that summarizes volume (contracts traded on EDGX Options) by origin (customer and firm orders), original order size and the opening or closing position of the order. The volume data is also summarized by day and series (symbol, expiration date, strike price, call or put). The Open-Close Data will be available for purchase to both EDGX Members and Non-Members on a subscription and ad-hoc basis. The Exchange notes that its affiliate, Cboe Exchange, Inc. ("Cboe Options"), as well as other exchanges, offer a similar data product.⁴

The Exchange proposes to provide in its Fee Schedule that Members and non-Members may purchase Open-Close Data on a subscription basis (end of day file) or by ad hoc request for a specified month (historical file). The Exchange proposes to assess a monthly fee of \$500 for subscribing to a daily update which will consist of Open/Close data covering all Exchange-listed securities. Members and non-Members purchasing Open/Close data on a subscription basis will receive access to a daily data file. The Exchange proposes to assess a fee of \$400 per request per month for an ad-hoc request of historical Open/Close data covering all Exchange-listed securities. An ad-hoc request can be for
