rehearing and motion for stay of the Authorization Order. On November 27, 2024, the Commission issued its Rehearing Order.<sup>4</sup> The Rehearing Order set aside the Authorization Order, in part, regarding the Commission's analysis of the cumulative air quality impacts specific to the Project's nitrogen dioxide (NO<sub>2</sub>) and particles with an aerodynamic diameter of less than or equal to 2.5 microns (PM<sub>2.5</sub>) emissions, for the purpose of conducting additional environmental review in light of an opinion issued by the U.S. Court of Appeals for the District of Columbia Circuit.<sup>5</sup> This draft supplemental EIS was prepared to assess these issues as part of the Commission's consideration of a further merits order for the Project.
