

SUMMARY: We are advising the public of our decision to begin issuing permits for the importation into the continental United States of wall rocket leaves from the United Kingdom. Based on the findings of a pest risk analysis, which we made available to the public for review and comment through a previous notice, we believe that the application of one or more designated phytosanitary measures will be sufficient to mitigate the risks of introducing or disseminating plant pests or noxious weeds via the importation of wall rocket leaves from the United Kingdom.

DATES: *Effective Date:* November 23, 2010.

FOR FURTHER INFORMATION CONTACT: Ms. Claudia Ferguson, Regulatory Policy Specialist, Regulatory Coordination and Compliance, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1236; (301) 734-0627.

SUPPLEMENTARY INFORMATION:

Background

Under the regulations in “Subpart-Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–50, referred to below as the regulations), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture prohibits or restricts the importation of fruits and vegetables into the United States from certain parts of the world to prevent plant pests from being introduced into and spread within the United States.

Section 319.56–4 of the regulations contains a performance-based process for approving the importation of commodities that, based on the findings of a pest risk analysis (PRA), can be safely imported subject to one or more of the designated phytosanitary measures listed in paragraph (b) of that section. Under that process, APHIS publishes a notice in the **Federal Register** announcing the availability of the PRA that evaluates the risks associated with the importation of a particular fruit or vegetable. Following the close of the 60-day comment period, APHIS may begin issuing permits for importation of the fruit or vegetable subject to the identified designated measures if: (1) No comments were received on the PRA; (2) the comments on the PRA revealed that no changes to the PRA were necessary; or (3) changes to the PRA were made in response to public comments, but the changes did not affect the overall conclusions of the analysis and the Administrator’s determination of risk.

In accordance with that process, we published a notice¹ in the **Federal Register** on July 8, 2010 (75 FR 39203–39204, Docket No. APHIS–2010–0027), in which we announced the availability, for review and comment, of a PRA that evaluates the risks associated with the importation into the continental United States of wall rocket (*Diplotaxis tenuifolia* (L)) leaves from the United Kingdom. We solicited comments on the notice for 60 days ending on September 7, 2010. We received one comment by that date, from a State department of agriculture.

The PRA concluded that there was a low likelihood of the leafminer pests associated with wall rocket leaves from the United Kingdom escaping detection at the port of entry. The commenter stated that the likelihood of eggs or early instars with no or difficult-to-detect mines being present or of interior plant parts being infested would allow some immature pests to escape detection.

We acknowledge that eggs or very early instars may be present with tunnels too small to be seen. However, after wall rocket leaves have been harvested and enter the commercial consumption pathway, they are generally refrigerated, so it would be unlikely that the eggs or early instar larvae could complete development. Thus, there is a low risk associated with the life stages of these pests that might escape detection.

The PRA also concluded that there is a low likelihood of the pests associated with wall rocket leaves from the United Kingdom coming into contact with host material suitable for reproduction. The commenter stated that, because of the highly polyphagous nature of leafminers, if egg- or larva-infested commodity arrives in the United States, there is a high probability of adults emerging and coming into contact with suitable hosts in favorable environments, such as the one in the commenter’s State.

The majority of this commodity will be consumed and any plant material not consumed will be disposed of in environments not suitable for pest escape. In addition, the cut commodity rapidly wilts and desiccates, preventing the complete development of the insect. Taking into consideration the fact that both pests are poor flyers with relatively short lifespans, we have concluded that the low rating for this risk element is appropriate. As such, we have

¹ To view the notice, the PRA, and the comment we received, go to <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2010-0027>.

determined that no changes to the PRA are necessary based on the comment.

Therefore, in accordance with the regulations in § 319.56–4(c)(2)(ii), we are announcing our decision to begin issuing permits for the importation into the continental United States of wall rocket leaves from the United Kingdom subject to the following phytosanitary measures:

- Each consignment of wall rocket leaves must be accompanied by a phytosanitary certificate issued by the Department of Environment Food and Rural Affairs with the following additional declaration: “Wall rocket leaves in this consignment were inspected and found free from *Chromatomyia horticola* and *Liriomyza strigata*.”
- The wall rocket leaves must be imported as commercial consignments only.

These conditions will be listed in the Fruits and Vegetables Import Requirements database (available at <http://www.aphis.usda.gov/favir>). In addition to those specific measures, wall rocket leaves from the United Kingdom will be subject to the general requirements listed in § 319.56–3 that are applicable to the importation of all fruits and vegetables.

Authority: 7 U.S.C. 450, 7701–7772, and 7781–7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 17th day of November 2010.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410–34–P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Coast Pilot Report.

OMB Control Number: 0648–0007.

Form Number(s): NOAA 77–6.

Type of Request: Regular submission (renewal of a current information collection).

Number of Respondents: 100.

Average Hours per Response: 30 minutes.

Burden Hours: 50.

Needs and Uses: This notice is for renewal of a current information collection.

NOAA produces the U.S. Coast Pilot, a series of nine books that supplement marine nautical charts. The Coast Pilot contains information essential to navigators in U.S. coastal and intra-coastal waters but that cannot be shown graphically on paper nautical charts. This publication is required by Federal Regulations (33 CFR 164.33) to be carried on-board all vessels of 1,600 gross tons and greater, while traversing U.S. waters. The Coast Pilot Report form is offered to the public as a means for recommending changes to the publication.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

OIRA_Submission@omb.eop.gov.

Dated: November 18, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

Bureau of the Census

[Docket Number 101105538-0538-02]

2010 Company Organization Survey

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of determination.

SUMMARY: The Bureau of the Census (Census Bureau) is conducting the 2010 Company Organization Survey. The survey's data are needed, in part, to update the multilocation companies in the Business Register. The survey, which has been conducted annually since 1974, is designed to collect information on the number of employees, payroll, geographic location,

current operational status, and kind of business for each establishment of companies with more than one location. We have determined that annual data collected from this survey are needed to aid the efficient performance of essential governmental functions, and that these data have significant application to the needs of the public and industry. The data derived from this survey are not available from any other source.

ADDRESSES: The Census Bureau will furnish report forms to organizations included in the survey, and additional copies are available on written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

FOR FURTHER INFORMATION CONTACT: Joy P. Pierson, Economic Planning and Coordination Division, U.S. Census Bureau, Room 8K319, Washington, DC 20233-6100 or by e-mail at <joy.p.pierson@census.gov>.

SUPPLEMENTARY INFORMATION: Sections 182, 195, 224, and 225 of Title 13, United States Code (U.S.C.), authorize the Census Bureau to undertake surveys necessary to furnish current data on the subjects covered by the major censuses. In years that do not end in 2 and 7, companies report only on basic company affiliation and operations of establishments not within scope of the economic censuses. In these non-census years, all multi-establishment companies with 250 or more employees report survey information. Also, groups of smaller companies that are divided into panels may be selected to report information for one of the non-census years. Smaller companies may be selected if an organizational change within the company is indicated, or if they have been selected through the probability sampling procedure. The next economic census will be conducted for the year 2012. The data collected in the Company Organization Survey will be within the general scope, type, and character of those that are covered in the economic censuses. Forms NC-99001 and NC-99007 (for single-location companies) will be used to collect the desired data.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the Paperwork Reduction Act, 44 U.S.C., Chapter 35, the OMB approved Forms NC-99001 and NC-99007 under

OMB Control Number 0607-0444. We will furnish report forms to organizations included in the survey, and additional copies are available on written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

I have, therefore, directed that the 2010 Company Organization Survey be conducted for the purpose of collecting these data.

Dated: November 16, 2010.

Robert M. Groves,

Director, Bureau of the Census.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

International Trade Administration

Manufacturing Council Membership

AGENCY: International Trade Administration, U.S. Department of Commerce

ACTION: Notice of an opportunity to apply for membership on the Manufacturing Council.

SUMMARY: The Department of Commerce is currently seeking applications to fill one vacant position on the Manufacturing Council (Council). The purpose of the Council is to advise the Secretary of Commerce on matters relating to the competitiveness of the manufacturing sector and to provide regular communication between Government and the manufacturing sector.

ADDRESSES: Please submit application information via e-mail to jennifer.pilat@trade.gov or by mail to Jennifer Pilat, Office of Advisory Committees, Manufacturing Council Executive Secretariat, U.S. Department of Commerce, Room 4043, 1401 Constitution Avenue, NW., Washington, DC 20230.

DATES: All applications must be received by the Office of Advisory Committees by close of business on December 7, 2010.

FOR FURTHER INFORMATION CONTACT: Jennifer Pilat, The Manufacturing Council, Room 4043, 1401 Constitution Avenue, NW., Washington, DC, 20230, telephone: 202-482-4501, e-mail: jennifer.pilat@trade.gov.

SUPPLEMENTARY INFORMATION: The Office of Advisory Committees is accepting applications for one vacant position on the Council for the current two-year charter term that began April 8, 2010. The member shall serve until the Council's charter expires on April 8,
