Purpose: In accordance with the Government in the Sunshine Act (Sunshine Act), Public Law 94-409, as amended (5 U.S.C. 552b), the U.S. Election Assistance Commission (EAC) will conduct an open meeting on updates from the EAC's Election Supporting Technology Evaluation Program (ESTEP) and recent pilot efforts from the Field Services Program.

Background: Under the authority of the Help America Vote Act of 2002 (HAVA), the EAC created the Election Supporting Technology Evaluation Program (ESTEP) to establish requirements and guidelines specific to election technologies that are not covered under the Voluntary Voting System Guidelines (VVSG), which includes electronic poll books, electronic ballot delivery systems, election night reporting systems, and voter registration systems.

As outlined in HAVA, the Field Services Program is derived from the EAC Testing and Certification division's Quality Monitoring Program, where the agency is positioned to assist states and local jurisdictions in the verification of EAC certified fielded systems on an ongoing basis.
