Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 23, 2006.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Rachel Potter, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503 or faxed to (202) 395-6974.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. Type of Review: New Collection.

Title: Charter Schools Program (CSP) Grant Award Database.

Frequency: Annually.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 76.

Burden Hours: 76.

Abstract: This request is for OMB approval of a new data collection necessary for the Charter School Program (CSP). ED will coordinate this new data collection with the Education Data Exchange Network (EDEN) to reduce respondent burden and fully utilize available data. Specifically, ED will collect CSP grant award information from grantees (state agencies and some schools) to create a new database of current CSP-funded charter schools and award amounts. Once complete, ED will merge student demographic and performance information extracted from the EDEN database onto the database of CSP-funded charter schools. Together, these data will allow ED to monitor CSP grant performance and analyze data related to accountability for academic performance, financial integrity, and program effectiveness.

Upward Bound Program

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice of final priority.

SUMMARY: The Assistant Secretary for Postsecondary Education announces a

priority under the Upward Bound (UB) Program. This priority will help focus Federal resources on students most in need of academic assistance and increase the effectiveness of the UB Program.

DATES: This priority is effective October 23, 2006.

FOR FURTHER INFORMATION CONTACT:

Geraldine Smith or Gaby Watts, U.S. Department of Education, 1990 K Street, NW., room 7020, Washington, DC 20006-8512, or via Internet: TRIO@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: We published a notice of proposed priority (NPP) in the **Federal Register** on July 3, 2006 (71 FR 37926). We discussed our proposals for this program in the NPP on pages 37926-37928.

This notice of final priority contains three changes from the NPP. We fully explain these changes in the *Analysis of Comments and Changes* section that follows.

Analysis of Comments and Changes

In response to our invitation in the NPP, 110 parties submitted comments. An analysis of the comments and of any changes in the priority follows. We group major issues according to subject. Generally, we do not address technical and other minor changes and suggested changes we are not authorized to make under the applicable statutory authority.

Authority to Implement a Priority in the UB Program

Comment: A number of commenters expressed concern that the Department had overstepped its legislative and regulatory authority in proposing this priority. They believe the Department does not have the legal authority to impose a priority not specified in statute and that the proposed priority substitutes an administrative priority for a congressional priority, and circumvents legislation and regulations regarding selection of program participants based on grade level and need for academic support.

Discussion: The Secretary does not agree with these commenters. The Department's authority to establish priorities for the TRIO programs and

other discretionary grant programs is well established. The Department's regulations clearly reflect this authority in 34 CFR 74.11 and 75.105. Section 402C of the Higher Education Act of 1965, as amended (HEA), which authorizes the UB program, does not prohibit or limit the Secretary's authority to establish funding priorities to achieve the UB program's purposes. In fact, the Secretary has previously established priorities for the UB Program without challenge or questions. See the notice of proposed priority, 68 FR 37469 (June 24, 2003) and the notice of final priority, 68 FR 50958 (August 22, 2003), and the notice of proposed priority, 65 FR 35238 (June 1, 2000) and the notice of final priority, 65 FR 45698 (July 24, 2000).

The priority proposed by the Secretary is consistent with the requirements for funding included in section 402C(d)(3) and (4) of the HEA. Those provisions stipulate that each UB program participant must have a need for academic support and must have completed eight years of elementary school education. *Change:* None.

Selection of First-Time UB Participants From Otherwise Eligible Students Who Have Completed the 8th Grade But Not the 9th Grade in Secondary School

Comment: Numerous commenters expressed concerns about the proposal to limit the selection of new UB participants to students who have completed the 8th grade but not the 9th grade in secondary school. These commenters stated that the focus on these students would not contribute to the effectiveness of the UB Program because of the lack of maturity of younger students; higher drop-out rates among younger students; the high mobility rates of UB participants; and increased costs for those projects that currently recruit from high schools that begin with the 10th grade. In addition, some commenters argued that selecting students in the 10th grade allows students to participate in the UB program for 36 months and those students have similar success rates as students selected during the 9th grade.

Discussion: A 2004 report of a study conducted for the Department titled, *The Impacts of Regular Upward Bound: Results from the Third Follow-Up Data Collection* (the Study) concluded that, for students who participated in the UB program for less than two years, an additional year of participation in the program could raise the postsecondary enrollment rate by as much as nine percentage points. Among UB program participants who did not complete the program, the Study found that UB
