Adequacy of Arizona Municipal Solid Waste Landfill Permit Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Tentative Determination of Adequacy and Opportunity to Comment.

SUMMARY: The Environmental Protection Agency Region IX is proposing to approve a modification to Arizona's municipal solid waste landfill (MSWLF) permit program to allow the State to issue research, development, and demonstration (RD&D) permits for new and existing MSWLF units and lateral expansions. The modification will allow the Director of the approved State program to provide a variance from certain MSWLF criteria, provided that the MSWLF owner/operator demonstrates that compliance with the RD&D permit will not increase risk to human health and the environment. The Director may provide a variance from existing requirements of MSWLF criteria for run-on control systems, liquids restrictions, and final cover. EPA is seeking public comment on its tentative determination of adequacy of Arizona's RD&D modification to its MSWLF permit program.

DATES: Comments must be received on or before April 25, 2011. If sufficient public interest is expressed, EPA will hold a public hearing on April 25, 2011 at 4 p.m. in Room 145, Arizona Department of Environmental Quality, 1110 West Washington Street, Phoenix, Arizona. If by April 11, 2011, EPA does not receive sufficient public interest for a public hearing, EPA may cancel the public hearing with no further notice. If
