Background

Under the Comprehensive Centers program, the Department supports grants to operate regional technical assistance centers and national content centers as authorized by sections 203 through 207 of the Educational Technical Assistance Act of 2002 (ETAA) (20 U.S.C. 9602). The purpose of these centers is to provide technical assistance to States as States work to help local educational agencies (LEAs) and schools to close achievement gaps in core content areas and raise student achievement in schools, especially to help those in need of improvement (as defined by section 1116(b) of the Elementary and Secondary Act of 1965, as amended (ESEA)) in implementing the school improvement provisions under section 1116 of the ESEA.

Eligible applicants for Comprehensive Center grants are research organizations, institutions, agencies, institutions of higher education, partnerships among such entities, or individuals, with the demonstrated ability or capacity to carry out the activities described in the notice inviting applications published in the **Federal Register** on June 3, 2005 (70 FR 53283) and corrected on June 20, 2005 (70 FR 35415).
