

agencies to measure the extent of small business participation in their acquisition programs.

II. Method of Collection

NASA collects this information electronically where feasible, but information may also be collected by mail or fax.

III. Data

Title: Small Business and Small Disadvantaged Business Concerns and Related Contract Provisions, NASA FAR Supplement Part 18–19, SF 295.

OMB Number: 2700–0073.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit; Not-for-profit institutions.

Estimated Number of Respondents: 190.

Estimated Time per Response: 12.

Estimated Total Annual Burden

Hours: 4,560.

Estimated Total Annual Cost: \$0.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Patricia L. Dunnington,

Chief Information Officer.

BILLING CODE 7510–13–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 05–119]

Notice of Prospective Patent License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of prospective patent license.

SUMMARY: This notice is issued in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i). NASA is contemplating the granting of a partially exclusive license in the United States to practice the inventions described and claimed in U.S. Patent Application

Serial No. 10/361,046, entitled “Motion Sickness Treatment Apparatus and Method,” to MacNaughton, Inc., having a place of business in Beaverton, OR. The fields of use may be limited to motion sickness applications. The patent rights in the inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective partially exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7.

DATES: The prospective partially exclusive license may be granted within fifteen (15) days from the date of this published notice, unless NASA receives written evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. Competing applications completed and received by NASA within fifteen (15) days of the date of this published notice will be treated as objections to the grant of the contemplated partially exclusive license.

NASA's practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you may state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

FOR FURTHER INFORMATION CONTACT:

Theodore Ro, Patent Attorney, NASA Johnson Space Center, Mail Stop AL, Houston, TX 77058–8452; telephone (281) 244–7148.

Dated: July 14, 2005.

Keith T. Sefton,

Deputy General Counsel, Administration and Management.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (05–118)]

Notice of Prospective Patent License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of Prospective Patent License.

SUMMARY: NASA hereby gives notice that Phoenix Systems International, Inc. of Pine Brooke, NJ, has applied for an exclusive foreign patent license to practice the invention described and claimed in NASA Case No. KSC–12664–3 PCT entitled “Emission Control System,” which is assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. Written objections to the prospective grant of an exclusive license to Phoenix Systems International, Inc. should be sent to Assistant Chief Counsel/Patent Counsel, NASA, Mail Code: CC–A, Office of the Chief Counsel, John F. Kennedy Space Center, Kennedy Space Center, FL 32899.

DATES: Responses to this notice must be received by September 19, 2005.

FOR FURTHER INFORMATION CONTACT:

Randall M. Heald, Patent Counsel/Assistant Chief Counsel, NASA, Office of the Chief Counsel, John F. Kennedy Space Center, Mail Code: CC–A, Kennedy Space Center, FL 32899, telephone (321) 867–7214.

Dated: July 14, 2005.

BILLING CODE 7510–13–M

NUCLEAR REGULATORY COMMISSION

Agency Information Collection

Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an

agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission, new, revision, or extension:* Extension.

2. *The title of the information collection:* NRC Form 354, Data Report on Spouse'.

3. *The form number if applicable:* NRC Form 354.

4. *How often the collection is required:* On occasion.

5. *Who will be required or asked to report:* NRC employees, contractors, licensees, and applicants who marry after completing NRC's Personnel Security forms, or marry after having been granted an NRC access authorization or employment clearance.

6. *An estimate of the number of annual responses:* 60.

7. *The estimated number of annual respondents:* 60.

8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 12 hours (.20 hour per response).

9. *An indication of whether Section 3507(d), Pub. L. 104-13 applies:* N/A.

10. *Abstract:* Completion of the NRC Form 354 is a mandatory requirement for NRC employees, contractors, licensees, and applicants who marry after submission of the Personnel Security Forms, or after receiving an access authorization or employment clearance to permit the NRC to assure there is no increased risk to the common defense and security.

A copy of the final supporting statement may be viewed free of charge at the NRC Public Document Room, One White Flint North, 11555 Rockville Pike, Room O-1 F21, Rockville, MD 20852. OMB clearance requests are available at the NRC worldwide Web site: <http://www.nrc.gov/public-involve/doc-comment/omb/index.html>. The document will be available on the NRC home page site for 60 days after the signature date of this notice.

Comments and questions should be directed to the OMB reviewer listed below by August 22, 2005. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given to comments received after this date: John A. Asalone, Office of Information and Regulatory Affairs (3150-0026), NEOB-10202, Office of Management and Budget, Washington, DC 20503.

Comments can also be e-mailed to John_A._Asalone@omb.eop.gov or submitted by telephone at (202) 395-4650.

The NRC Clearance Officer is Brenda Jo. Shelton, 301-415-7233.

Dated in Rockville, Maryland, this 14th day of July, 2005.

For the Nuclear Regulatory Commission.

Brenda Jo. Shelton,

NRC Clearance Officer, Office of Information Services.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 71-0122; Approval No. 0122; EA-01-164]

In the Matter of J. L. Shepherd & Associates; San Fernando, CA; Confirmatory Order Rescinding Order (Effective Immediately)

I

J. L. Shepherd & Associates (JLS&A) was the holder of Quality Assurance (QA) Program Approval for Radioactive Material Packages No. 0122 (Approval No. 0122), issued by the U.S. Nuclear Regulatory Commission (NRC or Commission) pursuant to 10 CFR Part 71, Subpart H. The approval was originally issued January 17, 1980, pursuant to the QA requirements of 10 CFR 71.101. QA activities included: design, procurement, fabrication, assembly, testing, modification, maintenance, repair, and use of transportation packages subject to the provisions of 10 CFR Part 71. In addition to an NRC-approved QA program satisfying the provisions of 10 CFR Part 71, Subpart H, JLS&A was required to comply with the requirements in 10 CFR Part 71, Subpart C, which grants a general license authorizing licensed material for which a Certificate of Compliance (CoC) had been issued by the NRC to be transported or delivered to a carrier for transport. Based on JLS&A failure to comply with these requirements, QA Program Approval No. 0122 was withdrawn, by the immediately effective NRC Order, dated July 3, 2001 (July 2001 Order) (66 FR 36603, July 12, 2001).

II

The NRC issued the July 2001 Order because the NRC lacked confidence that JLS&A was implementing its NRC-approved QA Program (71-0122, Revision No. 5) in full conformance with the terms and conditions of an NRC CoC and with 10 CFR Part 71, Subpart H.

On several occasions subsequent to imposition of the July 2001 Order,

JLS&A has requested, based on its proposed Near-Term Corrective Action Plan (NTCAP), interim relief from the July 2001 Order to allow shipments in U.S. Department of Transportation (DOT) specification packaging designated as 20WC. On August 17, 2001, in response to the July 2001 Order, JLS&A requested interim relief pursuant to its proposed NTCAP to allow 68 shipments to 16 customers, subject to JLS&A's commitment to take certain actions regarding implementation of its 10 CFR Part 71 QA Program. On September 19, 2001, the NRC issued a Confirmatory Order Relaxing the July 3, 2001, Order (September 2001 Order) based on JLS&A commitment to hold all shipments until NRC completed an inspection which confirmed JLS&A's satisfactory completion of the actions identified in its August request. Subsequent to certifications under oath and affirmation from both the Independent Auditor and J. L. Shepherd, the President of JLS&A, that the conditions for issuance of an Order had been met, the NRC conducted an inspection at the JLS&A facility on November 13-15, 2001. As a result of the inspection findings, the inspection team authorized JLS&A to commence the shipments in accordance with the September 2001 Order.

By letter dated December 7, 2001, JLS&A requested that provisions of the July 2001 Order be relaxed based on a showing of good cause. Specifically, JLS&A requested interim relief to ship an irradiator to Surry Nuclear Power Station and return the replaced unit to JLS&A's facility in California. JLS&A proposed to use the NTCAP specified in the September 2001 Order to authorize these two shipments in DOT specification packaging designated as 20WC. The NRC Staff reviewed JLS&A's relief request to determine whether the requested relief would be consistent with assurances that public health and safety are maintained. As a result, the NRC issued a Confirmatory Order Relaxing Order dated December 13, 2002 (December 2002 Order), which relaxed the July 2001 Order to grant interim relief to allow two shipments to one customer in 20WC packages in accordance with JLS&A's NTCAP, provided certain commitments were met.

By letters dated February 26, 2002, as supplemented March 13, 18, and 25, 2002, JLS&A requested that provisions of the July 2001 Order be relaxed based on a showing of good cause. Specifically, JLS&A requested an extension of the September 2001 Order expiration date from March 31, 2002 to June 30, 2002, to authorize JLS&A to
