

submit paper copies of their filings unless they seek an exemption in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at [hearing.docket@nrc.gov](mailto:hearing.docket@nrc.gov), or by telephone at (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a request or petition for hearing (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>. System requirements for accessing the E-Submittal server are detailed in NRC's "Guidance for Electronic Submission," which is available on the agency's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. Participants may attempt to use other software not listed on the web site, but should note that the NRC's E-Filing system does not support unlisted software, and the NRC Meta System Help Desk will not be able to offer assistance in using unlisted software.

If a participant is electronically submitting a document to the NRC in accordance with the E-Filing rule, the participant must file the document using the NRC's online, web-based submission form. In order to serve documents through the Electronic Information Exchange, users will be required to install a web browser plug-in from the NRC web site. Further information on the web-based submission form, including the installation of the Web browser plug-in, is available on the NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>.

Once a participant has obtained a digital ID certificate and a docket has been created, the participant can then submit a request for hearing or petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance

available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the documents are submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email notice confirming receipt of the document. The E-Filing system also distributes an email notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically using the agency's adjudicatory E-Filing system may seek assistance by contacting the NRC Meta System Help Desk through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html>, by email at [MSHD.Resource@nrc.gov](mailto:MSHD.Resource@nrc.gov), or by a toll-free call at (866) 672-7640. The NRC Meta System Help Desk is available between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday, excluding government holidays.

Participants who believe that they have a good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First-class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland, 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or

expedited delivery service upon depositing the document with the provider of the service. A presiding officer, having granted an exemption request from using E-Filing, may require a participant or party to use E-Filing if the presiding officer subsequently determines that the reason for granting the exemption from use of E-Filing no longer exists.

Documents submitted in adjudicatory proceedings will appear in NRC's electronic hearing docket, which is available to the public at <http://ehd1.nrc.gov/ehd/>, unless excluded pursuant to an order of the Commission, or the presiding officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

*A request for hearing shall not stay the immediate effectiveness of this order.*

For the Nuclear Regulatory Commission.

Dated: Dated this 4th day of June 2012.

**BILLING CODE 7590-01-P**

## **NUCLEAR REGULATORY COMMISSION**

**[Docket Nos. 50-029, 72-31; NRC-2012-0138; License No. DPR-3]**

### **Yankee Atomic Electric Company, Yankee Nuclear Power Station, Confirmatory Order Modifying License (Effective Immediately)**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** The U.S. Nuclear Regulatory Commission (NRC or the Commission) issued a Confirmatory Order to Yankee Atomic Electric Company (Yankee Atomic or the Licensee), to address statutory requirements and the Commission's regulation regarding foreign ownership, control, or domination (FOCD).

**FOR FURTHER INFORMATION CONTACT:** John Goshen, Project Manager, Division of

Spent Fuel Storage and Transportation, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Telephone: (301) 492-3325; Fax number: (301) 492-3342; Email: [john.goshen@nrc.gov](mailto:john.goshen@nrc.gov).

## I

Yankee Atomic Electric Company (Yankee Atomic or the Licensee), is the holder of Facility Operating License No. DPR-3 pursuant to 10 CFR part 50, which authorizes the receipt, possession, and use of byproduct and special nuclear material in accordance with the Commission's regulations in 10 CFR parts 30, 40, and 70 and storage of spent nuclear fuel under the general license provisions of 10 CFR part 72, Subpart K at the Yankee Nuclear Power Station. The facility is located at the Licensee's site in Rowe, Massachusetts.

## II

On December 21, 2011, as supplemented April 24, 2012, Yankee Atomic submitted a letter to the U.S. Nuclear Regulatory Commission (NRC or the Commission) (Agencywide Documents Access and Management System (ADAMS) Accession Nos. ML11364A053 and ML12124A229) stating that it had implemented a Negation Action Plan by adopting a Board of Directors Resolution that prevents any potential for foreign control over safety and security matters, including access to security information and to special nuclear material in compliance with Section 103d of the Atomic Energy Act of 1954, as amended (AEA) and the Commission's regulation under Title 10 of the Code of Federal Regulations (10 CFR) 50.38. The Board of Directors Resolution was passed on December 14, 2011, and formally executed on January 3, 2012. The Board of Directors Resolution was enclosed in a Foreign Ownership, Control, and Influence (FOCI) application filed with the NRC on January 3, 2012, and also provided in a letter to the NRC dated (ADAMS Accession No. ML12066A038).

The Negation Action Plan, as modified, in the April 24, 2012, letter, contains provisions related to foreign ownership, control, or domination that include, but are not limited to, the following items: (1) Access to classified and safeguards information and to special nuclear material shall be controlled by Yankee Atomic under the direction of the President and Chief Executive Officer (CEO) of Yankee Atomic; (2) Decisions related to safety and security of special nuclear material, and related to access to classified and safeguards information and to special

nuclear material, are specifically delegated by the Yankee Atomic Board of Directors to the President and CEO of Yankee Atomic; (3) The President and CEO of Yankee Atomic shall be a U.S. citizen and shall execute a certification acknowledging his or her special duties to protect classified and safeguards information, to protect public health and safety and common defense and security relative to special nuclear material, and to report any foreign ownership, control, or domination issue to the NRC; (4) Directors and officers of foreign-controlled sponsor companies shall not have access to safeguards or classified information, and shall not have access to special nuclear material in the possession of Yankee Atomic; (5) Directors and officers of Yankee Atomic who are a representative of a foreign-controlled owner shall be excluded from access to classified information and to special nuclear material; and (6) Directors and officers of Yankee Atomic who are a representative of a foreign-controlled owner shall execute certifications acknowledging their exclusion from access to classified information and special nuclear material, and acknowledging their commitment to take no action to circumvent the protective measures established by Yankee Atomic to negate any foreign control or influence with respect to radiological safety and security of special nuclear material.

The NRC has reviewed and evaluated the executed Negation Action Plan and Board Resolution submitted by Yankee Atomic, and finds that the plan and implementing actions are acceptable to negate the foreign ownership, control, or domination issues and satisfy NRC requirements as applicable when the plan was submitted and at this time.

## III

In order to meet statutory requirements of Section 103d of the AEA and 10 CFR 50.38 as discussed above, the Commission has determined that the Facility Operating License for Yankee Nuclear Power Station must be modified to include provisions with respect to the measures identified in Section II of this Confirmatory Order. The requirements needed to effectuate the foregoing are set forth in Section IV below. On May 31, 2012, Yankee Atomic consented to the license modifications set forth in Section IV below. Yankee Atomic further agreed in its letter dated May 31, 2012, that it has waived its right to a hearing on this Confirmatory Order, and, therefore, that the terms of the Confirmatory Order are effective upon issuance.

The NRC has concluded that the License modifications set forth in Section IV are acceptable and necessary to ensure continued compliance with the AEA. Based on the above and Yankee Atomic's consent, this Confirmatory Order is immediately effective upon issuance.

## IV

Accordingly, pursuant to Section 103d of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202, 10 CFR Part 50, and 10 CFR part 72, *it is hereby ordered, effective immediately, that license no. DPR-3 is modified as follows:*

(1) The Yankee Atomic Electric Company Board Negation Action Plan included with the letters dated December 21, 2011, and April 24, 2012, and the Board Resolution included with the FOCI application filed on January 3, 2012, and provided in a letter to the NRC dated February 23, 2012, shall be adhered to and may not be modified in any respect concerning decision-making authority over the Yankee Atomic Independent Spent Fuel Storage Installation without the prior written consent of the Director, Office of Nuclear Material Safety and Safeguards, or designee.

(2) Access to classified and safeguards information and to special nuclear material shall be controlled by Yankee Atomic Electric Company under the direction of the President and CEO of Yankee Atomic Electric Company.

(3) Decisions related to safety and security of special nuclear material, and related to access to classified and safeguards information and to special nuclear material, are specifically delegated by the Yankee Atomic Electric Company Board of Directors to the President and CEO of Yankee Atomic Electric Company.

(4) The President and CEO of Yankee Atomic Electric Company shall be a U.S. citizen and shall execute a certification acknowledging his or her special duties to protect classified and safeguards information, to protect public health and safety and common defense and security relative to special nuclear material, and to report any foreign ownership, control, or domination issue to the NRC.

(5) Directors and Officers of any foreign controlled owner shall not be permitted to hold positions, and shall be excluded from holding positions, at Yankee Atomic Electric Company that would enable them to control the policy and practices of Yankee Atomic Electric Company in the performance of its licensed activities, and shall not have

access to classified information or safeguards information related to the Yankee facility, or access to or custody of special nuclear material related to the Yankee facility.

(6) Yankee Atomic Electric Company shall cause to be transmitted to the Director, Office of Nuclear Material Safety and Safeguards, within 30 days of knowledge of a filing with the U.S. Securities and Exchange Commission, any Schedules 13D or 13G filed pursuant to the Securities and Exchange Act of 1934 that disclose beneficial ownership of any registered classes of Yankee Atomic Electric Company stock.

## V

In accordance with 10 CFR 2.202, any person adversely affected by this Confirmatory Order, other than the Licensee, may request a hearing within 20 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and include a statement of good cause for the extension.

If a person other than the Licensee requests a hearing, that person shall set forth with particularity the manner in which his interest is adversely affected by this Order and shall address the applicable criteria set forth in 10 CFR 2.202 and 2.309.

If a hearing is granted, the Commission will issue an Order designating the time and place of any hearings. If a hearing is held, the issue to be considered at such hearing shall be whether this Order should be sustained.

All documents filed in NRC adjudicatory proceedings, including a request for hearing, a petition for leave to intervene, any motion or other document filed in the proceeding prior to the submission of a request for hearing or petition to intervene, and documents filed by interested governmental entities participating under 10 CFR 2.315(c), must be filed in accordance with the NRC E-Filing rule (72 FR 49139, August 28, 2007). The E-Filing process requires participants to submit and serve all adjudicatory documents over the Internet, or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek an exemption in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the

participant should contact the Office of the Secretary by email at [hearing.docket@nrc.gov](mailto:hearing.docket@nrc.gov), or by telephone at (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a request or petition for hearing (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>. System requirements for accessing the E-Submittal server are detailed in NRC's "Guidance for Electronic Submission," which is available on the agency's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. Participants may attempt to use other software not listed on the Web site, but should note that the NRC's E-Filing system does not support unlisted software, and the NRC Meta System Help Desk will not be able to offer assistance in using unlisted software.

If a participant is electronically submitting a document to the NRC in accordance with the E-Filing rule, the participant must file the document using the NRC's online, web-based submission form. In order to serve documents through the Electronic Information Exchange, users will be required to install a web browser plug-in from the NRC Web site. Further information on the web-based submission form, including the installation of the Web browser plug-in, is available on the NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>.

Once a participant has obtained a digital ID certificate and a docket has been created, the participant can then submit a request for hearing or petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the documents are submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing

system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email notice confirming receipt of the document. The E-Filing system also distributes an email notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically using the agency's adjudicatory E-Filing system may seek assistance by contacting the NRC Meta System Help Desk through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html>, by email at [MSHD.Resource@nrc.gov](mailto:MSHD.Resource@nrc.gov), or by a toll-free call at (866) 672-7640. The NRC Meta System Help Desk is available between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday, excluding government holidays.

Participants who believe that they have a good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First-class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service. A presiding officer, having granted an exemption request from using E-Filing, may require a participant or party to use E-Filing if the presiding officer subsequently determines that the

reason for granting the exemption from use of E-Filing no longer exists.

Documents submitted in adjudicatory proceedings will appear in NRC's electronic hearing docket, which is available to the public at <http://ehd1.nrc.gov/ehd/>, unless excluded pursuant to an order of the Commission, or the presiding officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

*A request for hearing shall not stay the immediate effectiveness of this order.*

## SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

### Stream Communications Network & Media, Inc.; Order of Suspension of Trading

June 14, 2012.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Stream Communications Network & Media, Inc. because it has not filed any periodic reports since the period ended December 31, 2008.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the security of the above-listed company is suspended for the period from 9:30 a.m. EDT on June 14, 2012, through 11:59 p.m. EDT on June 27, 2012.

By the Commission.

**Elizabeth M. Murphy,**

*Secretary.*

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67178; File No. SR-NYSEArca-2012-60]

### Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Amending Commentary .07 to NYSE Arca Rule 6.4 Allowing the Exchange To Open Short Term Option Series That Are Opened by Other Securities Exchanges in Option Classes Selected by Other Exchanges Under Their Respective Short Term Option Rules

June 11, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that, on June 6, 2012, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Commentary .07 to NYSE Arca Rule 6.4 to allow the Exchange to open Short Term Option Series ("Weeklies") that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules. The text of the proposed rule change is available on the Exchange's Web site at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received

on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The purpose of this proposed rule change is to amend Commentary .07 to NYSE Arca Rule 6.4 to allow the Exchange to open Short Term Option Series ("Weeklies") that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.<sup>3</sup>

Currently, the Exchange may select up to 5 currently listed option classes on which Weeklies options may be opened in the Weeklies Program and the Exchange may also match any option classes that are selected by other securities exchanges that employ a similar program under their respective rules. For each option class eligible for participation in the Weeklies Program, the Exchange may open up to 30 Short Term Option Series for each expiration date in that class.

This proposal seeks to allow the Exchange to open Weeklies option series that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules. This change is being proposed notwithstanding the current cap of 30 series per class under the Weeklies Program. This is a competitive filing and is based on existing rules of The NASDAQ Stock Market LLC for the NASDAQ Options Market ("NOM") and NASDAQ OMX PHLX, Inc. ("PHLX") and Chicago Board Options Exchange, Incorporated ("CBOE").<sup>4</sup>

NYSE Arca is competitively disadvantaged since it operates a substantially similar Weeklies Program as NOM, PHLX and CBOE but is limited to listing a maximum of 30 series per

<sup>3</sup> On July 12, 2005, the Commission approved the Weeklies Program on a pilot basis. See Securities Exchange Act Release No. 52013 (July 12, 2005), 70 FR 41471 (July 19, 2005) (SR-PCX-2005-32). The Weeklies Program was made permanent on June 23, 2010. See Securities Exchange Act Release No. 62369 (June 23, 2010), 75 FR 37868 (June 30, 2010) (SR-NYSEArca-2010-59).

<sup>4</sup> See Securities Exchange Act Release Nos. 65775 (November 17, 2011), 76 FR 72473 (November 23, 2011) (SR-NASDAQ-2011-138); 65776 (November 17, 2011), 76 FR 72482 (November 23, 2011) (SR-PHLX-2011-131); and 66563 (March 9, 2012), 77 FR 15426 (March 15, 2012).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.
