

intervention, through two iterations of piloting the LEAD intervention across two cohorts: cohort 1 during the 2023/24 school year and cohort 2 during the 2024/25 school year. To date, the LEAD intervention has completed the cohort 1 pilot with two districts and their four schools and is conducting the cohort 2 pilot with two districts and their two schools.

REL Southwest is requesting clearance to conduct an efficacy study with a third cohort of schools. The study will be conducted in 44 schools across Oklahoma and will focus on school leaders and preK and kindergarten teachers and students. Data collected for this study will be used to measure the implementation of the LEAD intervention in participating schools and the LEAD intervention's efficacy in improving school leaders' and teachers' knowledge of research-based early learning practices; teachers' use of play-based learning practices and high-quality teacher-student interactions; and students' attendance, early academic skills, and skills to support learning. This efficacy study will provide evidence on LEAD implementation and its impact on educators and preK and kindergarten students in Oklahoma.

Dated: November 8, 2024.

Juliana Pearson,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AC25-21-000]

Louisville Gas and Electric Company; Notice of Filing

Take notice that on November 7, 2024, Louisville Gas and Electric Company requested from the Chief Accountant of the Federal Energy Regulatory Commission (Commission or FERC) approval to use Account 182.2, Unrecovered Plant and Regulatory Study Costs, of the Commission's Uniform System of Accounts, to record the Retirement Costs of its Mill Creek Unit 1.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and

Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at 202-502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and

assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Comment Date: 5:00 p.m. Eastern Time on November 28, 2024.

Dated: November 7, 2024.

Debbie-Anne A. Reese,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP07-414-003]

Golden Triangle Storage, Inc; Request for Extension of Time

Take notice that on October 31, 2024, Golden Triangle Storage, Inc. (GTS) requested that the Commission grant an extension of time, until December 31, 2027, to complete the development of Storage Caverns 1 and 2 to their certificated storage capacities for the GTS Project in Jefferson and Orange Counties, Texas as authorized in the Order Authorizing Certificates issued on December 31, 2007.¹ On January 11, 2022, the Commission granted GTS an extension of time until December 31, 2024, to complete construction of the GTS Project,² the currently effective deadline for constructing and placing the GTS Project into service at certificated levels.

GTS explains that as of June 16, 2012, GTS placed all certificated facilities into service except the completion of Caverns 1 and 2 to their maximum certificated capacities. GTS further explains that, prior to this request, it requested and received three extensions of time, primarily to accommodate the lengthy cavern rewatering process required to enlarge the caverns to their full capacity and to deal with salt creep which slowly reduces cavern capacity. GTS states that it will not be able to complete the expansion of Caverns 1 and 2 by December 31, 2024, and therefore requests an extension of time until December 31, 2027.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on GTS's request for an extension of time may do so. No reply

¹ Golden Triangle Storage, Inc., 121 FERC ¶ 61,313 (2007).

² 2 Golden Triangle Storage, Inc., Docket No. CP07-414-000, et al. (Jan. 11, 2022) (delegated letter order) ("2022 Order").

comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (NGA) (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for NGA facilities when such requests are contested before order issuance. For those extension requests that are contested,³ the Commission will aim to issue an order acting on the request within 45 days.⁴ The Commission will address all arguments relating to whether the applicant has demonstrated there is good cause to grant the extension.⁵ The Commission will not consider arguments that re-litigate the issuance of the certificate order, including whether the Commission properly found the project to be in the public convenience and necessity and whether the Commission's environmental analysis for the certificate complied with the National Environmental Policy Act (NEPA).⁶ At the time a pipeline requests an extension of time, orders on certificates of public convenience and necessity are final and the Commission will not re-litigate their issuance.⁷ The Director of the Office of Energy Projects, or his or her designee, will act on all of those extension requests that are uncontested.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<https://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary.
