

any new requirements, I certify that this action will not have a significant economic impact on a substantial number of small entities.

EPA's proposed disapproval of the state request under section 110 and subchapter I, part D of the CAA does not affect any existing requirements applicable to small entities. Any pre-existing federal requirements remain in place after this disapproval. Federal disapproval of the state submittal does not affect state enforceability. Moreover, EPA's disapproval of the submittal does not impose any new Federal requirements. Therefore, I certify that this action will not have a significant economic impact on a substantial number of small entities.

Moreover, due to the nature of the Federal-State relationship under the CAA, preparation of flexibility analysis would constitute Federal inquiry into the economic reasonableness of state action. The CAA forbids EPA to base its actions concerning SIPs on such grounds. *Union Electric Co. v. U.S. EPA*, 427 U.S. 246, 255–66 (1976); 42 U.S.C. 7410(a)(2).

G. Unfunded Mandates

Under section 202 of the Unfunded Mandates Reform Act of 1995 ("Unfunded Mandates Act"), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

EPA has determined that the proposed action does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This proposed Federal action acts on pre-existing requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, result from this action.

H. National Technology Transfer and Advancement Act

Section 12 of the National Technology Transfer and Advancement Act

(NTTAA) of 1995 requires Federal agencies to evaluate existing technical standards when developing a new regulation. To comply with NTTAA, EPA must consider and use "voluntary consensus standards" (VCS) if available and applicable when developing programs and policies unless doing so would be inconsistent with applicable law or otherwise impractical.

EPA believes that VCS are inapplicable to today's proposed action because it does not require the public to perform activities conducive to the use of VCS.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: April 11, 2002.

Nora L. McGee,

Acting Regional Administrator, Region IX.

[FR Doc. 02–10171 Filed 4–24–02; 8:45 am]

BILLING CODE 6560–50–P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-B-7427]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The

respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT:

Matthew B. Miller, P.E., Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646–3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: FEMA

proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act.

This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Acting Administrator, Federal Insurance and Mitigation Administration certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the

applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376, § 67.4

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet. (NGVD)	
				Existing	Modified
California	Yolo, Uninc, Areas Overflow.	North Davis Overflow	At Union Pacific Railroad Bridge (confluence with Union Pacific Railroad Drain).	None	*42
			At Highway 101 A and Union Pacific Railroad Bridge Over North Davis Drain.	None	*46
			At Union Pacific Railroad Bridge (confluence with North Davis Overflow).	None	*42

Maps are available for inspection at City Hall, 292 West Beamer Street, Woodland, California.

Send comments to The Honorable Dave Rosenberg, Chairman, Yolo County Board of Supervisors, 625 Court Street, Room 204, Woodland, California 95695.

California	Davis, (City) Yolo County.	North Davis Overflow	At Union Pacific Railroad Bridge (confluence with Union Pacific Railroad Drain).	None	*42

BILLING CODE 6718-04-P

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE**45 CFR Part 2551**

RIN 3045-AA29

Senior Companion Program; Amendments; Correction

AGENCY: Corporation for National and Community Service.

ACTION: Proposed rule; correction.

SUMMARY: The Corporation for National and Community Service published a document in the **Federal Register** on April 17, 2002 (67 FR 18846), in which it requested public comment on its proposed amendment to the Senior Companion Program (SCP). The document contained incorrect information which this action corrects.

FOR FURTHER INFORMATION CONTACT: Mr. Peter Boynton, (202) 606-5000, Ext. 499.

Correction

1. In the **Federal Register** of April 17, 2002, in FR Doc. 02-9199, on page 18846, in the first column, the entire **SUMMARY** is corrected to read as follows:

SUMMARY: These amendments to the Final Regulation governing the Senior Companion Program include: improving access of persons with limited English speaking proficiency; clarifying what income should be counted for purposes

of determining income eligibility of an applicant to become a stipended Senior Companion; providing increased flexibility to sponsors to determine the hours of service of Senior Companions; reducing restrictions on sponsors serving as volunteer stations; and providing for Senior Companions to serve as volunteer leaders.

2. In the **Federal Register** of April 17, 2002, in FR Doc. 02-9199, on page 18846, in the second column, under **SUPPLEMENTARY INFORMATION**, Background, paragraph (1), lines 6 and 7, correct the words "Foster Grandparents" to read "Senior Companions".

Dated: April 19, 2002.

Tess Scannell,

Director, Senior Corps.

[FR Doc. 02-10138 Filed 4-24-02; 8:45 am]

BILLING CODE 6050--\$-P

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73**

[DA 02-864; MB Docket No. 02-76; RM-10405]

Radio Broadcasting Services; Crisfield, MD

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document requests comments on the proposed substitution of Channel 250A for Channel 245A at station WBEY(FM), Crisfield, Maryland. This channel change will allow Station WBEY to avoid ducting interference and to operate with maximum Class A FM facilities. Coordinates used for this

proposal are 37-55-13 NL and 75-41-59 WL.

DATES: Comments must be filed on or before June 3, 2002, and reply comments on or before June 18, 2002.

ADDRESSES: Secretary, Federal Communications Commission, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the petitioner, as follows: Law Office of Lauren A. Colby; 10 E. Fourth Street; P.O. Box 113; Frederick, Maryland 21705-0113.

FOR FURTHER INFORMATION CONTACT: R. Barthen Gorman, Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Notice of Proposed Rule Making, MB Docket No. 02-76, adopted April 3, 2002, and released April 12, 2002. The full text of this Commission decision is available for inspection and copying during regular business hours in the FCC's Reference Information Center at Portals II, 445 12th Street, SW, CY-A257, Washington, DC 20554. This document may also be purchased from the Commission's duplicating contractors, Qualex International, Portals II, 445 12th Street, SW, Room CY-B402, Washington DC, 20554, telephone 202-863-2893, facsimile 202-863-2898, or via e-mail qualexint@aol.com.

The provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding.

Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this
