EPA received a petition from the Petitioners dated November 19, 2010, requesting that EPA object to the issuance of the Title V operating permit to Public Service Company of New Mexico, for the operation of the San Juan Generating Station in San Juan County, New Mexico for the following reasons: (1) Fails to ensure compliance with the Prevention of Significant Deterioration requirements; (2) fails to ensure compliance with source impact analysis requirements in the New Mexico State Implementation Plan; (3) fails to require prompt reporting of deviations; (4) fails to require sufficient periodic monitoring; and (5) includes a condition that is contrary to applicable requirements.
