NPRM Notice of proposed rulemaking

§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. It is impracticable to publish an NPRM because we must establish this safety zone by October 28, 2023, to ensure the safety of response personnel and mariners associated with the launching of the USNS Robert Kennedy.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because this rule is needed to protect mariners, commercial and recreational waterway users, and the USNS Robert Kennedy from dangers associated with the launching and berthing of the USNS Robert Kennedy on October 28, 2023.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector San Diego (COTP) has determined that potential hazards associated with launching of the USNS Robert Kennedy on October 28, 2023, will be a safety concern for anyone in the vicinity of the General Dynamics NASSCO shipyard, San Diego Bay, San Diego, CA. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the USNS Robert Kennedy is being launched.

IV. Discussion of the Rule

This rule establishes a safety zone from 7:30 a.m. until 10:30 a.m. on October 28, 2023. The safety zone will be in the vicinity of General Dynamics NASSCO shipyard in San Diego Bay, San Diego, CA. The safety zone will cover all navigable waters, from surface to sea bottom, of the San Diego Bay, CA, created by connecting the following

points: beginning at 32°41.39′ N, 117°08.66′ W (Point A); thence running southwesterly to 32°41.24′ N, 117°09.05′ W (Point B); thence running southeasterly to 32°41.05′ N, 117°08.73′ W (Point C); thence running northeasterly to 32°41.20′ N, 117°08.34′ W (Point D); thence running northwesterly to the beginning point. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the USNS Robert Kennedy is being launched. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

To seek permission to enter, hail Coast Guard Sector San Diego on VHF–FM Channel 16 or call the 24-hour Command Center at (619) 278–7000. Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP’s designated representative. A *designated representative* means a Coast Guard coxswain or petty officer designated by or assisting the Captain of the Port Sector San Diego (COTP) in the enforcement of the safety zone.

The COTP or a designated representative will inform the public through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate for the enforcement times and dates for the safety zone.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and limited duration of the safety zone. This safety zone impacts a small, designated area of the San Diego Bay for a very
