Pillowtex Corporation, Columbus, Georgia; Pillowtex Corporation, Phenix City Facility Finishing and Weave and Columbus Towel Greige, Phenix City, AL; Notice of Termination of Investigation

Pursuant to Title V of the North American Free Trade Agreement Implementation Act and in accordance with Section 250(a), Subchapter D, Chapter 2, Title II of the Trade Act of 1974, as amended (19 U.S.C. 2331), an investigation was initiated on May 10, 2002, in response to a worker petition filed by a company official on behalf of workers at Pillowtex Corporation, located in twin plants at Columbus, Georgia and Phenix, Alabama. The workers produced bath products, primarily terrycloth bath towels, hand towels, and washcloths.

An investigation revealed that the subject firm's workers are already subject to recently issued negative NAFTA determinations.

Workers at Pillowtex Corporation, Phenix City Finishing and Weave, and Columbus Towel Greige, Phenix City, Alabama, were denied eligibility to apply for NAFTA Transitional Adjustment on July 3, 2002 (NAFTA-6219). Workers in the same worker group were certified eligible for Trade Adjustment assistance on October 31, 2002 (TA-W-41,512).

Workers at Pillowtex Corporation, Fieldcrest Cannon—Eagle & Phenix, Columbus, Georgia, were denied eligibility to apply for NAFTA Transitional Adjustment on August 14, 2001 (NAFTA-4948C). Workers in the same worker group were certified eligible for Trade Adjustment assistance on November 13, 2001 (TA-W-39,416C).

No new information or change in circumstances is evident which would result in a reversal of the Department's previous NAFTA determinations. Consequently, further investigation would serve no purpose, and the investigation has been terminated.

Signed at Washington, DC, this 14th day of November 2002.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General Wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor

from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailed by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the Federal Register, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related
