Number of Respondents and Responses: 2,268 respondents and 2,268 responses.

Estimated Time per Response: 4-50 hours.

Frequency of Response: Recordkeeping requirement.

Total Annual Burden: 36,020 hours.

Total Annual Costs: None.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment(s): No impact(s).

Needs and Uses: 47 CFR Section 73.61 requires that each AM station using directional antennas to make field strength measurement as often as necessary to ensure proper directional antenna system operation. Stations not having approved sampling systems make field strength measurements every three months. Stations with approved sampling systems must take field strength measurements as often as necessary. Also, all AM station using directional signals must take partial proofs of performance as often as necessary. The FCC staff used the data in field inspections/investigations. AM licensees with directional antennas use the data to ensure that adequate interference protection is maintained between stations and to ensure proper operation of antennas.

OMB Control Number: 3060-0991.

Nature and Extent of Confidentiality:

There is no need for confidentiality required with this collection of information.

Privacy Impact Assessment: No impact(s).

Needs and Uses: Directional AM stations use antennas which suppress radiated field in some directions and enhance it in others. Under our current rules, an AM licensee operating with a directional antenna must perform a proof of performance to demonstrate that the antenna pattern conforms to the station's authorization. An AM station must perform a full proof to verify the pattern shape when a new directional antenna system is authorized. Partial proofs, which require fewer measurements, are occasionally necessary to show that an array continues to operate properly. Typically, a full proof requires measurement of the AM station's field strength on six to twelve critical bearings, ranging to distances of 15 kilometers or more from the antenna. Subsequent graphical analysis of proof measurements also requires substantial time and expense. In contrast, the computer modeling techniques authorized in the Second Report and Order are based on internal measurements, making the proof process less time-consuming and expensive for AM licensees.

In order to control interference between stations and assure adequate community coverage, AM stations must conduct various engineering measurements to demonstrate that the antenna system operates as authorized. The following rule sections are included with this information collection.

[No. 2011-N-11]

Notice of Order: Revisions to Enterprise Public Use Database Incorporating High-Cost Single-Family Securitized Loan Data Fields and Technical Data Field Changes

AGENCY: Federal Housing Finance Agency.

ACTION: Notice of Order.

SUMMARY: Section 1127 of the Housing and Economic Recovery Act of 2008 (HERA) amended section 1326 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (Safety and Soundness Act) by requiring that, subject to privacy considerations as described in section 304(j) of the Home Mortgage Disclosure Act of 1975 (HMDA), the Director of the Federal Housing Finance Agency (FHFA) shall make public certain data related to high-cost single-family loans purchased and securitized by the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac) (collectively, the Enterprises) collected by the Director under section 1324(b)(6) of the Safety and Soundness Act, as amended by HERA. See 12 U.S.C. 4544(b)(6), 4546(d).

FHFA has adopted an Order that implements the changes required by HERA by revising the single-family

matrix in FHFA's Public Use Database (PUDB) to include data fields for the high-cost single-family securitized loans data in a new National File C, effective for 2010 and beyond. The Order also makes technical changes to the single-family and multifamily data matrices of the PUDB, effective for 2010 and beyond, to conform the data fields to existing PUDB data reporting practices and HERA changes. This Notice of Order sets forth FHFA's Order with accompanying Appendix containing the revised single-family and multifamily matrices, and describes the new and revised data fields.

DATES: *Effective Date of the Order:* The Order with accompanying Appendix is effective on September 21, 2011.

SUPPLEMENTARY INFORMATION:

I. Background

A. The Enterprises

The Enterprises are government-sponsored enterprises chartered by Congress for the purpose of establishing secondary market facilities for residential mortgages. See 12 U.S.C. 1716 *et seq.*; 12 U.S.C. 1451 *et seq.* Congress established the Enterprises to provide stability in the secondary market for residential mortgages, respond appropriately to the private capital market, provide ongoing assistance to the secondary market for residential mortgages, and promote access to mortgage credit throughout the nation. *Id.*

FHFA is responsible for ensuring that the Enterprises operate in a safe and sound manner, including maintenance of adequate capital and internal controls, that their operations and activities foster liquid, efficient, competitive, and resilient national housing finance markets, and that they carry out their public policy missions through authorized activities. See 12 U.S.C. 4513.

On September 6, 2008, the Director of FHFA (Director) appointed FHFA as conservator of the Enterprises in accordance with the Safety and Soundness Act, as amended by HERA, to maintain the Enterprises in a safe and sound financial condition and to help assure performance of their public mission. The Enterprises remain under conservatorship at this time.

B. Statutory Requirements

Section 1127 of HERA amended section 1326 of the Safety and Soundness Act by adding a new paragraph (d) which states that, subject to the privacy restrictions described in section 304(j) of HMDA,¹ the Director shall, by regulation or order, make public certain information relating to single-family mortgage data of the Enterprises: (1) The same data from the Enterprises that is required of insured depository institutions under HMDA; and (2) information collected by the Director under section 1324(b)(6). See 12 U.S.C. 4544(b)(6), 4546(d). Section 1324(b)(6), in turn, part of a section describing the contents of FHFA's Annual Housing Activities Report (AHAR) to Congress, requires FHFA to "compare the characteristics of high-cost loans purchased and securitized, [by each Enterprise] where such securities are not held on portfolio to loans purchased and securitized, where such securities are either retained on portfolio or repurchased by the [E]nterprise, including such characteristics as—(A) The purchase price of the property that secures the mortgage; (B) the loan-to-value ratio of the mortgage, which shall reflect any secondary liens on the relevant property; (C) the terms of the mortgage; (D) the creditworthiness of the borrower; and (E) any other relevant data, as determined by the Director." See 12 U.S.C. 4544(b)(6).

Section 1323, as amended, also includes a new paragraph (d) which states that data submitted under this section by an Enterprise shall be made publicly available no later than September 30 of the year following the

¹ Section 304(j) of HMDA addresses Loan Application Register (LAR) information and describes, among other things, the manner in which an applicant's privacy interests are to be protected in response to a request for disclosure from the public, including removal of the applicant's name and identification number, the date of the application, and the date of any determination by the institution with respect to such application. In addition, the disclosure of information must ensure that depository institutions are protected from, liability under any Federal or State privacy laws.
