SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release property at the Arnold Palmer Regional Airport under the provisions of Section 47125(a) of Title 49 U.S.C. On July 7, 2015, the FAA determined that the request to release property at the Arnold Palmer Regional Airport (LBE), PA, submitted by the Westmoreland County Airport Authority, met the procedural requirements.

The following is a brief overview of the request:

The Airport Authority requests the release of a total of 4.271 acres of required Right-of-Way for the SR 981 widening project and 0.785 acres for a Temporary Construction Easement. The purpose of the project is to address geometric deficiencies of the roadway, reduce the number of crashes at the SR 0981/SR 2027 intersection, and reduce route confusion utilizing current smart transportation criteria. The project is being coordinated by the Pennsylvania Department of Transportation. There are seventeen parcels included in the proposed 4.271 acre land release, which are sliver takes, that were originally

purchased using local funds and/or utilizing Airport Improvement Program (AIP) funding. Three of the parcels (0.610 acres) were purchased using local funds for non-aviation use. The existing property use (remaining 3.661 acres) consists of dedicated airport property. As shown on the Airport Layout Plan, the property is not needed now or in the future for airport development. Proceeds from sale of the property that was purchased with federal funds will be utilized toward future Airport Improvement Program (AIP) eligible capital improvement projects at LBE.

Any person may inspect the request by appointment at the FAA office address listed above.

Interested persons are invited to comment on the proposed lease. All comments will be considered by the FAA to the extent practicable.

Issued in Camp Hill, Pennsylvania, July 7, 2015.

SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

II. Exemption Decision

This notice addresses 5 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 5 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Donald M. Jenson (SD)
Dennis D. Lesperance (OR)
Dean A. Maystead (MI)
Carl V. Murphy, Jr. (TX)
Mark A. Pirl (NC)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist’s or optometrist’s report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver’s qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

III. Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date

and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 5 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (66 FR 17743; 66 FR 33990; 68 FR 35772; 70 FR 30999; 70 FR 33937; 70 FR 46567; 72 FR 32705; 72 FR 40359; 74 FR 26461; 74 FR 26464; 74 FR 34074; 74 FR 34620; 76 FR 44653; 79 FR 4531). Each of these 5 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements.

These factors provide an adequate basis for predicting each driver’s ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.
