#### SUPPLEMENTARY INFORMATION:

##### Background

On July 27, 2011, CCC published a proposed rule titled "CCC Export Credit Guarantee (GSM-102) Program" in the *Federal Register* (76 FR 44836-44855). The GSM-102 Program is administered by the Foreign Agricultural Service (FAS) of the U.S. Department of Agriculture (USDA) on behalf of CCC, pursuant to program regulations codified at 7 CFR part 1493 and through the issuance of "Program Announcements" and "Notices to Participants" that are consistent with this program regulation. The current regulations became effective on November 18, 1994. Since that time, CCC has implemented numerous operational changes to improve the efficiency of the program, including revised program controls to improve program quality, reduce costs, and protect against waste and fraud. Also since that time, agricultural trade and finance practices have evolved. This proposed rule is intended to reflect these changes and to enhance the overall clarity and integrity of the program. In addition, the Food, Conservation, and Energy Act of 2008 repealed the authority to operate the GSM-103 Program, and this change is reflected in the proposed rule.

CCC has received comments from a number of organizations requesting that the comment period for the proposed rule be extended to allow industry and other affected parties, both in the United

States and abroad, to carefully analyze changes in the proposed rule and provide thorough comments. In response to this request, CCC is extending the comment period by 30 days to give the public more time to provide input and to make recommendations on the proposed rule. With this extension, the public may submit comments through October 26, 2011.

Dated: September 9, 2011.
