SUPPLEMENTARY INFORMATION:

Title: *Associated Form;* and *OMB Number:* Reserve Component Spouse Survey; OMB Control Number 0704-0653.

Needs and Uses: The DoD Survey of Reserve Component Spouses is the primary source for reliable and generalizable data on the effects of military life on military spouses and their families and the impact of military life on Reserve component war fighter readiness and retention. This data provides vital information on the need for programs and policies under the purview of DoD's Military Community and Family Policy Department. Without this biennial survey, DoD would not have current data to guide limited resources to the appropriate programs, policies, and services related to reserve component spouses, their families, and service members.

This survey provides an opportunity for military spouses to directly expand policy maker's knowledge by sharing their experiences and opinions on issues that directly affect them. Success of current efforts, the impact of activations and deployments, and opportunities to identify areas of need are captured via this biennial survey. These survey results ensure that policy-making decisions are based on current

and statistically reliable data regarding the lived experiences of Reserve component families.

The legislation authorizing the USD(P&R) to conduct these surveys is provided under 10 United States Code (U.S.C.), Sections 136, 1782 and 2358, and 37 U.S.C., Section 1008(b).

Applications for New Awards; Expanding Opportunity Through Quality Charter Schools Program (CSP)—Model Development and Dissemination Grants; Correction

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice; correction.

SUMMARY: On May 16, 2025, the Department of Education (Department) published in the **Federal Register** a notice inviting applications (NIA) for the fiscal year (FY) 2025 CSP—Model Development and Dissemination Grants competition, Assistance Listing Number (ALN) 84.282G. This notice corrects an error in that NIA. All other information in the NIA remains the same. The CSP—Model Development and Dissemination Grants program does not include any program-specific limitation on administrative expenses. The Department is correcting the FY 2025 CSP—Model Development and Dissemination Grants NIA by removing a misstatement indicating that there is a limitation on administrative expenses under the CSP—Model Development and Dissemination Grants program.

DATES: This correction is applicable June 9, 2025.

FOR FURTHER INFORMATION CONTACT: Sareeta Schmitt, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-5970. Telephone: (202) 205-0730. Email: MDDCompetition@ed.gov.

SUPPLEMENTARY INFORMATION: We are correcting the May 16, 2025, NIA to remove the statement that no more than 5 percent of grant funds may be used for direct administration of the grant project because, as stated in another section of the NIA, the program does not include any program-specific limitation on administrative expenses.

Correction

In FR Doc. No. 2025-08766, in the **Federal Register** published on May 16, 2025 (90 FR 21021), we make the following correction:

On Page 21026, in the first column, under the heading *4. Funding Restrictions*, revise the last paragraph in this section to remove the statement, “In accordance with section 437(d)(1) of GEPA, 20 U.S.C. 1232(d)(1), we establish that no more than 5 percent of grant funds may be used for direct administration of the grant project.” This correction is necessary to clarify that the program does not impose specific limits on administrative expenses.
