

Special Assistance for Public Meetings

If special assistance is required to participate in the scoping meeting, please contact Mr. Louis Moore at 916-978-5106 or via e-mail at wmoore@usbr.gov. Please contact Mr. Moore at least ten working days prior to the meeting. A telephone device for the hearing impaired (TDD) is available at 916-978-5608.

Public Disclosure

Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be publicly available at any time. While you can ask us, in your comment, to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: October 12, 2010.

Anastasia T. Leigh,

Acting Regional Environmental Officer, Mid-Pacific Region.

BILLING CODE 4310-MN-P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation****Hydropower Resource Assessment at Existing Reclamation Facilities—Draft Report**

AGENCIES: Bureau of Reclamation, Interior.

ACTION: Reopening of comment period for review of the Hydropower Resource Assessment at Existing Reclamation Facilities Draft Report (HRA).

SUMMARY: The Bureau of Reclamation is reopening the review period for the HRA for another 30 days from the date of publication of this Notice. The notice of availability of the HRA was published in the **Federal Register** on November 4, 2010 (75 FR 67993). The public review period was originally to end on December 6, 2010.

DATES: Submit written comments on the Draft Report on or before January 27, 2011.

ADDRESSES: Send written comments or requests for copies to Mr. Michael Pulskamp, Bureau of Reclamation, Denver Federal Center, Bldg. 67, P.O. Box 25007, Denver, Colorado 80225, or e-mail to mpulskamp@usbr.gov.

The Draft Report is also accessible from the following Web site: <http://www.usbr.gov/power/>.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Pulskamp, 303-445-2931, mpulskamp@usbr.gov.

SUPPLEMENTARY INFORMATION: The Administration is committed to increasing the generation of environmentally sustainable, affordable hydropower for our national electricity supplies. Reclamation has 476 dams and 8,116 miles of canals, and owns and operates 58 hydropower plants. On an annual basis, these plants produce an average of 40 billion kilowatt hours of electricity, enough to meet the entire electricity needs of over 9 million people on average, and provide the energy equivalent of more than 80 million barrels of crude oil or about 48.4 billion pounds of coal. Reclamation is the second largest producer of hydroelectric power in the United States, and is actively engaged in looking for opportunities to encourage development of additional hydropower capacity.

In March 2010 Reclamation signed a Memorandum of Understanding (MOU) with the Department of Energy and the U.S. Army Corps of Engineers. The MOU focuses on ways to increase renewable energy generation by focusing on development of sustainable, low impact, and small hydropower projects. The MOU committed Reclamation to produce an updated list of facilities and sites best suited for projects to increase sustainable hydropower generation by October 2010. The HRA provides information on potential hydropower development at existing Reclamation facilities that may warrant further study.

The Draft Report does not make any recommendations for development of the sites included in the report. Instead, it provides an inventory of hydropower potential at existing Reclamation sites using broad energy and economic criteria. Reclamation is not undertaking a new dam construction initiative with this study, and is focused on identifying the hydropower potential of Reclamation's existing structures. This resource assessment level study does not take the place of a site by site feasibility study.

Public Disclosure

Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Dated: December 21, 2010.

Michael R. Gabaldon,

Director, Technical Resources, Bureau of Reclamation.

BILLING CODE 4310-MN-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-729]

In the Matter of Certain Semiconductor Products Made by Advanced Lithography Techniques and Products Containing Same; Notice of Commission Decision Not to Review an Initial Determination Terminating The Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's initial determination ("ID") (Order No. 11) granting a joint motion to terminate the investigation as to one respondent on the basis of a settlement agreement, and terminating the investigation.

FOR FURTHER INFORMATION CONTACT: Sidney A. Rosenzweig, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-2532. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 27, 2010, based on a complaint filed by STC.UNM (Albuquerque, New Mexico) ("STC"), alleging a violation of section 337 in the importation, sale for

importation, and sale within the United States after importation of certain semiconductor products made by advanced lithography techniques and products containing same, by reason of infringement of certain claims of U.S. Patent No. 6,042,998. 75 FR. 44,015 (July 27, 2010). The complaint named two respondents: Taiwan Semiconductor Manufacturing Co., Ltd. (Taiwan) ("TSMC"); and Samsung Electronics Co., Ltd. (South Korea) ("Samsung"). On December 8, 2010, the Commission determined not to review Order No. 10, an ID that terminated the investigation as against Samsung on the basis of a settlement agreement.

On November 15, 2010, STC and TSMC filed a joint motion to terminate the investigation as against TSMC on the basis of a settlement agreement. On November 24, 2010, the Commission investigative attorney filed a response supporting the motion. On December 6, 2010, the ALJ granted the motion. Order No. 11. Because TSMC is the last respondent, termination against TSMC results in termination of the investigation.

No petitions for review of the ID were filed. The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.21 and 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.21, 210.42).

By order of the Commission.

Issued: December 21, 2010.

Marilyn R. Abbott,

Secretary to the Commission.
