## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Records Schedules for Electronic Copies Previously Covered by General Records Schedule 20; Availability and Request for Comments

**AGENCY:** National Archives and Records Administration (NARA).

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal.

This request for comments pertains solely to schedules for electronic copies of records created using word processing and electronic mail where the recordkeeping copies are already scheduled. (Electronic copies are records created using word processing or electronic mail software that remain in storage on the computer system after the recordkeeping copies are produced.)

These records were previously approved for disposal under General Records Schedule 20, Items 13 and 14. The agencies identified in this notice have submitted schedules pursuant to NARA Bulletin 99-04 to obtain separate disposition authority for the electronic copies associated with program records and administrative records not covered by the General Records Schedules. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a). To facilitate review of these schedules, their availability for comment is announced in the **Federal Register** notices separate from those used for other records disposition schedules.

**DATES:** Requests for copies must be received in writing on or before April 14, 2000. On request, NARA will send a copy of the schedule. NARA staff usually prepare appraisal

memorandums concerning a proposed schedule. These, too, may be requested. Requesters will be given 30 days to submit comments.

Some schedules submitted in accordance with NARA Bulletin 99-04 group records by program, function, or organizational element. These schedules do not include descriptions at the file series level, but, instead, provide citations to previously approved schedules or agency records disposition manuals (see Supplementary Information section of this notice). To facilitate review of such disposition requests, previously approved schedules or manuals that are cited may be requested in addition to schedules for the electronic copies. NARA will provide the first 100 pages at no cost. NARA may charge \$.20 per page for additional copies. These materials also may be examined at no cost at the National Archives at College Park (8601 Adelphi Road, College Park, MD).

**ADDRESSES:** To request a copy of any records schedule identified in this notice, write to the Life Cycle Management Division (NWML), National Archives and Records Administration (NARA), 8601 Adelphi Road, College Park, MD 20740-6001. Requests also may be transmitted by FAX to 301-713-6852 or by e-mail to records.mgt@arch2.nara.gov.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports and/or copies of previously approved schedules or manuals should so indicate in their request.

**FOR FURTHER INFORMATION CONTACT:** Marie Allen, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: (301)713-7110. E-mail: records.mgt@arch2.nara.gov.

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs the records to conduct its business.
