Type of Review: Revision.

Title of Collection: Annual Progress Report for the Title III Alternative Financing Program Under the Assistive Technology Act of 1998.

OMB Control Number: 1820-0662.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: Federal Government; Not-for-profit institutions; State, Local, or Tribal Government, State Educational Agencies or Local Educational Agencies.

Total Estimated Number of Annual Responses: 33.

Total Estimated Number of Annual Burden Hours: 891.

Abstract: Title III of the Assistive Technology Act of 1998 as in effect prior to the amendments of 2004 (Pub. L. 105-394) (AT Act of 1998) authorized grants to public agencies to support the establishment and maintenance of alternative financing programs (AFPs) that feature one or more alternative financing mechanisms to enable individuals with disabilities and their family members, guardians, advocates, and authorized representatives to purchase assistive technology (AT). Section 307 of title III requires that RSA submit to Congress an annual report on the activities conducted under that title. In order to meet this requirement, states must provide annual progress reports to Rehabilitation Services Administration (RSA). This annual report is a web-based data collection system developed based upon the instrument submitted for review herein.

The proposed instrument eliminates an entire section of optional information that is not required for submission by the title III AFP grantees, further reducing the burden from approximately 29.5 hours to 27 hours per state. Section C. AFP Optional Data Elements, which are not title III annual reporting requirements for the AFP grantees, has been proposed for removal from the current instrument. The information collected in this optional data section includes: 1. Types of AFP (partnership loans or revolving loans), 2. Interest Rates (lowest and highest interest rates established by policy), 3. Loan Amounts (lowest and highest loan amounts established by policy), 4. Repayment Terms (shortest and longest repayment terms established by policy), and Loan Guarantee Requirement, the percentage of the loans that must be repaid by the AFP to the lender in case of default as established by the agreement with the lender. Since the data reported under C. AFP Optional Data Elements of the current instrument is not required by title III of the AT Act of 1998, grantees did not report this information uniformly across programs. If every grantee doesn't report in this section, then the data can't be reported in aggregate form. In fact, the data in this section is available in the annual report to Congress on the AT Act, as this optional section contains information about program features and descriptions that may or may not change on an

annual basis. Since there is no utility to the annual reporting of this optional information, the decision was made to further reduce the burden to all grantees by eliminating this section from the current instrument in the Management Information Systems.

Copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 4540. Title of Collection: Impact Evaluation of Race to the Top (RTT) and School Improvement Grants (SIG).

OMB Control Number: Pending.

Agency Form Number(s): N/A.

Frequency of Responses: Once.

Affected Public: State, Local, or Tribal Government, State Educational Agencies or Local Educational Agencies.

Total Estimated Number of Annual Responses: 1,180.

Total Estimated Annual Burden Hours: 4,673.

Abstract: This Office of Management and Budget (OMB) package requests clearance for activities to recruit 50 States and the District of Columbia, and up to 825 schools across an estimated 170 districts for inclusion in an evaluation of Race to the Top (RTT) and School Improvement Grants (SIG). The American Recovery and Reinvestment Act contained substantial funding for systemic education reform. This included \$4.35 billion in RTT grants, which were awarded to 11 States and the District of Columbia based both on their education reform plans and their past success in creating the conditions for reform, and \$3 billion in additional funding for SIG, which is aimed at implementing one of four school turnaround models (STMs) in the lowest-performing schools. The evaluation is designed to (1) study the implementation of RTT and SIG; (2) analyze the impact of SIG-funded STMs
