Self-Regulatory Organizations; International Securities Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto Relating to Fee Changes

August 14, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 25, 2006, the International Securities Exchange, Inc. ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the ISE. On August 10, 2006, ISE filed Amendment No. 1 to the proposed rule change.³ The ISE has designated this proposal as one establishing or changing a due, fee, or other charge imposed by the ISE under Section 19(b)(3)(A)(ii) of the Act,⁴ and Rule 19b-4(f)(2) thereunder,⁵ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend its Schedule of Fees to establish fees for transactions in options on nine

In its filing with the Commission, the ISE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. ¹¹These fees will be charged only to Exchange members. Under a pilot program that is set to expire on July 31, 2006, these fees will also be charged to Linkage Orders (as defined in ISE Rule 1900). See *infra* footnote 15 (regarding ISE's proposed rule change to extend its Linkage fees pilot program).

¹²Public Customer Order is defined in Exchange Rule 100(a)(33) as an order for the account of a Public Customer. Public Customer is defined in Exchange Rule 100(a)(32) as a person that is not a broker or dealer in securities.

comparison fee currently charged by the Exchange for ISE Market Maker transactions in equity options.¹³ Finally, the amount of the execution fee and comparison fee for all non-ISE Market Maker transactions shall be \$0.16 and \$0.03 per contract, respectively. All of the applicable fees covered by this filing are identical to fees charged by the Exchange for all other Premium Products. The Exchange believes the proposed rule change will further the Exchange's goal of introducing new products to the marketplace that are competitively priced.

Additionally, the Exchange has entered into a license agreement with the Frank Russell Company and Standard & Poor's in connection with the listing and trading of options on IWB, IWD and XLV, XLU, and XLK, as applicable. As with certain other licensed options, the Exchange proposes to adopt a fee of ten (10) cents per contract for trading in these options to defray the licensing costs. The Exchange believes charging the participants that trade these products is the most equitable means of recovering the costs of the licenses. However, because of competitive pressures in the industry, the Exchange proposes to exclude Public Customer Orders from this surcharge fee. Accordingly, this surcharge fee will only be charged to Exchange members with respect to non-Public Customer Orders (e.g., ISE Market Maker, non-ISE Market Maker, and Firm Proprietary orders) and shall apply to Linkage Orders¹⁴ under a pilot program that is set to expire on July 31, 2006.¹⁵ Finally, since options on PHO, XHB, FXI, DVI, IWB, IWD, XLV, XLU, and XLK are multiply-listed, the Payment for Order Flow fee shall also apply.

2. Statutory Basis

The Exchanges believes that the basis under the Act for this proposed rule change is the requirement under Section 6(b)(4) of the Act¹⁶ that an exchange have an equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities.

¹³ The execution fee is currently between \$.21 and \$.12 per contract side, depending on the Exchange Average Daily Volume, and the comparison fee is currently \$.03 per contract side.

¹⁴ See ISE Rule 1900.

¹⁵ In File No. SR-ISE-2006-38, the Exchange proposed, and the Commission subsequently approved, a rule change to extend the Linkage fees pilot program until July 31, 2007. See Securities Exchange Act Release No. 54204 (July 25, 2006), 71 FR 43548 (August 1, 2006).

¹⁶ 15 U.S.C. 78f(b)(4).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change, as amended, does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change, as amended, establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and Rule 19b-4(f)(2)¹⁸ thereunder. At any time within 60 days of the filing of such amended proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁹

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

For purposes of calculating the 60-day period within which the Commission may summarily abrogate the proposed rule change under Section 19(b)(3)(C) of the Act, the Commission considers the period to commence on August 10, 2006, the date on which the ISE submitted Amendment No. 1. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54316; File No. SR-NYSE-2006-59]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Specialists Hitting Bids and/or Taking Offers Algorithmically on a Temporary Basis Until Phase II of the Hybrid Market Is Fully Implemented

August 15, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 8, 2006, the New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. NYSE filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NYSE proposes to amend Exchange Rule 104 (Dealings by Specialists) with respect to the specialists' ability to establish systems employing algorithms to send messages via a connection to the Display Book® for the purpose of quoting or executing trades systemically. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Through the NYSE Hybrid MarketSM initiative,⁵ the Exchange is permitting specialists to establish electronic connections to the Display Book® system⁶ ("Display Book"). Specialists will have electronic access to certain information which will permit them to make a range of specified quoting and trading decisions based on that information via the Display Book connection. Specifically, the amendments to Rule 104 (Dealings by Specialists) pursuant to the NYSE Hybrid MarketSM provide specialists with the ability to implement systems that use proprietary algorithms based on predetermined parameters to electronically participate in the Hybrid MarketSM ("Specialist Algorithm"). The Specialist Algorithm is designed to communicate with the Display Book via an Exchange-owned external application program interface ("API").

As approved in the Hybrid Market initiative, the Specialist Algorithm is permitted to send messages to the Display Book via the API to quote or trade on behalf of the specialist's proprietary interest. The Specialist Algorithm will generate these quoting or trading messages in reaction to specific types of information it will have access to. This information includes specialist dealer position, existing quotes, publicly available information the specialist chooses to supply to the algorithm, incoming orders as they are entering Exchange systems, and information about orders on the Display Book such as limit orders, percentage orders, stop orders, and auction limit and auction market orders. This latter information stream is known as "state of the book" information.

The Exchange has continued to discuss Hybrid Market features with its members and advisory committees. Based on these discussions, the Exchange has effected selective changes to certain aspects of the Hybrid Market,

⁵ See Securities Exchange Act Release No. 53539 (March 22, 2006), 71 FR 16353 (March 31, 2006).

⁶ The Display Book system is an order management and execution facility. It receives and displays orders to the specialist, contains the orders received by the specialist (the "Book"), and provides a mechanism to execute and report transactions to the Consolidated Tape.
