

Fischer S.A. Comercio, Industria and Agricultura (Fischer); Montecitrus Trading S.A. (Montecitrus); and Sucocitrico Cutrale Ltda. (Cutrale). Southern Gardens was the only party to request this administrative review.

On April 13, 2012, the International Trade Commission determined that revocation of the antidumping duty order on OJ from Brazil would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, pursuant to section 751(c) of the Act. Therefore, on April 20, 2012, the Department revoked the antidumping duty order on OJ from Brazil effective March 9, 2011.²

On April 30, 2012, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on OJ from Brazil with respect to Citrovia, Coimbra Frutesp, Cutrale, Fischer, and Montecitrus.³ As a result of the revocation of the antidumping duty order, the POR of this administrative review is March 1, 2011, through March 8, 2011. *Id.*

On May 11, 2012, Southern Gardens timely withdrew its request for reviews of Citrovia, Coimbra Frutesp, Cutrale, Fischer, and Montecitrus.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of notice of initiation of the requested review. Southern Gardens withdrew its request for review before the 90-day deadline, and no other party requested an administrative review of the antidumping duty order on OJ from Brazil for the POR. Therefore, in response to Southern Gardens' withdrawal of its request for review, and pursuant to 19 CFR 351.213(d)(1), the Department is rescinding in whole the administrative review of the antidumping duty order on OJ from Brazil for the period March 1, 2011, through March 8, 2011.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties

shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with section 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: May 16, 2012.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

International Trade Administration

Cornell University, et al.; Notice of Decision on Applications for Duty-Free Entry of Scientific Instruments

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5:00 p.m. in Room 3720, U.S. Department of

Commerce, 14th and Constitution Ave. NW., Washington, DC

Docket Number: 12-011. *Applicant:* Cornell University, Ithaca, NY 14853. *Instrument:* Pixel Array Detector. *Manufacturer:* Dectris Ltd., Switzerland. *Intended Use:* See notice at 77 FR 23660, April 20, 2012. *Comments:* None received. *Decision:* Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order. *Reasons:* This instrument will be used to determine the composition of molecules and visualizing their interaction at the molecular level. Pertinent characteristics of this instrument include shutterless data collection, low noise, high dynamic range, high readout speed and very fine phi slicing, not available in conventional charge-coupled device detectors.

Docket Number: 12-017. *Applicant:* Argonne National Laboratory, Lemont, IL 60439. *Instrument:* Pilatus 100K-S Detector. *Manufacturer:* Dectris Ltd., Switzerland. *Intended Use:* See notice at 77 FR 23660, April 20, 2012.

Comments: None received. *Decision:* Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order. *Reasons:* This instrument will be used to measure time evolution of x-ray diffraction signals from a variety of materials, including complex oxides and to determine the time-dependent atomic arrangements in those materials. Pertinent characteristics of this instrument include photon energy discrimination and gateable counting. The instrument also has a faster readout speed and better dynamic range than other detectors.

Dated: May 16, 2012.

Gregory W. Campbell,

Director, Subsidies Enforcement Office, Import Administration.
