

extended. USTR, on behalf of the TPSC, invites comments from domestic producers, importers, exporters, and other interested parties on the determination that the President must make under section 203(e)(1)(B) of the Trade Act. In providing comments, we request that you address:

1. Whether the President should extend the action taken under section 203 on imports of CSPV products, as described in Proclamation 9693 and as modified in Proclamation 10101.

2. For how long the President should extend the action on imports of CSPV products.

3. Any other action that the President should take if the President decides to extend the action on imports of CSPV products and the statutory or other basis for taking that action.

If the ITC makes an affirmative determination, the TPSC will hold a public hearing on January 4, 2022. Due to COVID-19, details regarding the hearing, including the format (*i.e.*, whether it will be held in person or virtually) and schedule, will be provided at a later time and in advance of the hearing date.

III. Submission Instructions

If the ITC makes an affirmative determination, USTR seeks public comments with respect to the issues described in Section II. To be assured of consideration, you must submit written comments by midnight EST on December 15, 2021, and any written responses to those comments by midnight EST on December 22, 2021. All comments must be in English and must identify on the reference line of the first page of the submission 'Extension Review: CSPV Cells.' You should include a summary of no more than two pages that identifies the key points with your written comments.

The deadline to submit requests to testify at the public hearing is midnight EST on December 15, 2021. Requests to testify must include the following information: (1) Name, address, telephone number, email address, and firm or affiliation of the individual wishing to testify, and (2) a copy of your written comments. The TPSC will not accept written testimony at the hearing. You must include any materials you intend to use during your testimony with the written comments you submit.

All submissions must be in English and sent electronically via *Regulations.gov*. To submit comments via *Regulations.gov*, enter docket number USTR-2021-0017. Find a reference to this notice and click on the link entitled 'comment now!'. For further information on using

Regulations.gov, please consult the resources provided on the website by clicking on 'how to use *regulations.gov*' on the bottom of the *Regulations.gov* home page. USTR will not accept hand-delivered submissions.

Regulations.gov allows users to submit comments by filling in a 'type comment' field or by attaching a document using an 'upload file' field. USTR prefers that you submit comments as an attached document. If you attach a document, it is sufficient to type 'see attached' in the 'type comment' field. USTR strongly prefers submissions in Adobe Acrobat (.pdf). If you use an application other than Adobe Acrobat or Word (.doc), please indicate the name of the application in the 'type comment' field.

File names should reflect the name of the person or entity submitting the comment. Please do not attach separate cover letters to electronic submissions; rather, include any information that would be in a cover letter in the comment itself. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the comment itself, rather than submitting them as separate files. For any comments submitted electronically that contain business confidential information (BCI), the file name of the business confidential version should begin with the characters 'BCI.' You must clearly mark any page containing BCI by including 'BUSINESS CONFIDENTIAL' on the top of that page and clearly indicating, via brackets, highlighting, or other means, the specific information that is BCI. If you request business confidential treatment, you must certify in writing that disclosure of the information would endanger trade secrets or profitability, and that you would not customarily release the information to the public.

Filers of submissions containing BCI also must submit a public version of their comments. The file name of the public version should begin with the character 'P.' Follow the 'BCI' and 'P' with the name of the person or entity submitting the comments. If these procedures are not sufficient to protect BCI or otherwise protect business interests, please contact Spencer Smith at *Spencer.L.Smith2@ustr.eop.gov* or (202) 395-2974 to discuss whether alternative arrangements are possible. Please do not include BCI in your request to testify.

USTR will post submissions in the docket for public inspection, except properly designated BCI. You can view submissions on *Regulations.gov* by entering docket number USTR-2021-

0017 in the search field on the home page.

Edward Gresser,

*Chair of the Trade Policy Staff Committee,
Office of the United States Trade
Representative.*

BILLING CODE 3290-F1-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA-2020-1158]

Agency Information Collection

Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: License Requirements for Operation of a Launch Site

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice and request for
comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on January 13, 2021. The information to be collected includes data required for performing launch site location analysis. The launch site license is valid for a period of 5 years. Respondents are licensees authorized to operate sites.

DATES: Written comments should be submitted by November 1, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *www.reginfo.gov/public/do/PRAMain*. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Charles Huet by email at: *charles.huet@faa.gov*; phone: 202-267-7427

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity

of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0644.

Title: License Requirements for Operation of a Launch Site.

Form Numbers: None.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on January 13, 2021 (86 FR 2721). The data requested for a license application to operate a commercial launch site are required by 49 U.S.C. Subtitle IX, 701—Commercial Space Launch Activities, 49 U.S.C. 70101–70119 (1994). The information is needed in order to demonstrate to the FAA Office of Commercial Space Transportation (FAA/AST) that the proposed activity meets applicable public safety, national security, and foreign policy interest of the United States.

Respondents: Approximately 2 applicants.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 2322 Hours.

Estimated Total Annual Burden: 4644 Hours.

Issued in Washington, DC, on September, 27, 2021.

James Hatt,

Manager, ASZ–200.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Release From Federal Grant Assurance Obligations Hayfork Airport, Hayfork, Trinity County, California

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of request to release airport land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal and invites public comment on the application for release of approximately 1.33 acres of airport property at Hayfork Airport, Hayfork, California, from all conditions contained in Grant Agreement Assurances since the land is not needed for airport purposes. The property is located approximately 2,400-feet east ad 135-feet south of the Hayfork Airport Runway 25 threshold.

DATES: Comments must be received on or before November 1, 2021.

ADDRESSES: Comments on the request may be mailed or delivered to the FAA at the following address: Ms. Laurie Suttmeier, Manager, San Francisco Airports District Office, Federal Aviation Administration, 1000 Marina Boulevard, Suite 220, Brisbane, California, 94005–1863. In addition, one copy of the comment submitted to the FAA must be mailed or delivered to Mr. Randy Cessna, PE, Associate Engineer 2, Trinity County Department of Transportation, P.O. Box 2490, 31301 State Hwy 3, Weaverville, California 96093–0476.

SUPPLEMENTARY INFORMATION: The County acquired approximately 21.5-acres of land in 2001 for airport approach protection using Airport Improvement Program funds. This parcel is located approximately 2,400-feet east ad 135-feet south of the Hayfork Airport Runway 25 threshold. Recent surveying efforts revealed that an adjacent landowner has built a house on the land due to past poor surveying in the area. The County is selling the 1.33 acres of land with necessary easements and restrictions, so that it would continue to provide approach protection for Hayfork Airport, would correct the legal boundaries of the property and allow Trinity County to tax the property. Such use of the land represents a compatible land use that will not interfere with the airport or its operation, thereby protecting the interests of civil aviation. The airport will be compensated for the fair market value of the use of the land.

In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106–181 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the **Federal Register** 30 days before the DOT Secretary may waive any condition imposed on a federally obligated airport by surplus property conveyance deeds or grant agreements.

Issued in El Segundo, California on September 27, 2021.

Brian Q. Armstrong,

Manager, Safety and Standards Branch, Airports Division, Western-Pacific Region.

Federal Highway Administration

Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This notice provides information regarding FHWA's finding that it is appropriate to grant a Buy America waiver to the Iowa Department of Transportation (Iowa DOT) for procurement of foreign iron and steel components for two elevators or let-down structures for the pedestrian bridge associated with the I–74 Mississippi River Bridge Project in Bettendorf, Iowa, specifically including: (i) Traction elevator components; (ii) elevator guide rails; and (iii) certain auxiliary components of the elevators or let-down structures.

DATES: The effective date of the waiver is October 1, 2021.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, please contact Mr. Brian Hogge, FHWA Office of Infrastructure, 202–366–1562, or via email at Brian.Hogge@dot.gov. For legal questions, please contact Mr. Patrick C. Smith, FHWA Office of the Chief Counsel, 202–366–1345, or via email at Patrick.C.Smith@dot.gov. Office hours for FHWA are from 8:00 a.m. to 4:30 p.m., E.T., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded from the **Federal Register's** home page at: www.FederalRegister.gov and the Government Publishing Office's database at: www.GovInfo.gov.

Background

FHWA's Buy America regulation in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not produced in the United States in sufficient and reasonably available quantities. This notice provides information regarding FHWA's finding that it is appropriate to grant Iowa DOT a Buy America waiver for procurement
