SUPPLEMENTARY INFORMATION:

Title: FTC Cigarette and Smokeless Tobacco Data Collection.

OMB Control Number: 3084-0134.

Type of Review: Extension of currently approved collection.

Abstract: For more than forty years, the FTC has published periodic reports containing data on domestic cigarette sales and marketing expenditures by the major U.S. cigarette manufacturers. It has published comparable reports on smokeless tobacco sales and marketing expenditures for more than twenty years. Both reports originally were issued pursuant to statutory mandates. After those statutory mandates ended, the Commission continued to collect and publish information obtained from the cigarette and smokeless tobacco industries through compulsory process under the authority of Section 6(b) of the FTC Act, 15 U.S.C. 46(b).

The FTC plans to continue sending information requests annually to the ultimate parent company of several of the largest U.S. cigarette and smokeless tobacco companies ("industry members"). The information requests will seek data regarding, among other things: (1) The tobacco sales of industry members; (2) how much industry members spend advertising and promoting their tobacco products, and the amounts spent in each of several specified expenditure categories; (3) whether industry members are involved in the appearance of their products or brand imagery in television shows, motion pictures, or the Internet; (4) how much industry members spend on advertising intended to reduce youth tobacco use; (5) the events, if any, during which industry members' tobacco brands are televised; and (6) for the cigarette industry, the tar, nicotine, and carbon monoxide ratings of their cigarettes, to the extent they possess such data.¹ The information will again

¹ Although the Commission has rescinded the 1966 enforcement policy that allowed factual statements of tar and nicotine yields supported by testing conducted under what was commonly

be sought under the authority of Section 6(b) of the FTC Act.

On August 4, 2011, the FTC sought public comment on its proposed information collection requests to the major cigarette and smokeless tobacco manufacturers. 76 FR 47187. No comments were received. Pursuant to the OMB regulations, 5 CFR part 1320, that implement the PRA, 44 U.S.C. 3501 *et seq.*, the FTC is providing a second opportunity for the public to comment while seeking OMB approval to extend the existing paperwork clearance for the information collection requests.

Burden Statement²

Estimated Number of Respondents, Estimated Average Burden per year per Respondent

(a) Information requests to the five largest cigarette companies and five largest smokeless tobacco companies, at a per company average each year of 180 hours = 1,800 hours, cumulatively, per year; and

(b) Information requests to a five additional respondents, of smaller size, at a per company average each year of 60 hours = 300 hours, cumulatively, per year.

Thus, the overall estimated burden for an assumed maximum of 15 recipients of the information requests is 2,100 hours per year.³ These estimates include any time spent by separately incorporated subsidiaries and other entities affiliated with the ultimate parent company that has received the information request.

Total Annual Labor Cost: \$210,000 (2,100 hours per year @ \$100 per hour).

Total Annual Capital or Other Non-Labor Cost: minimal.⁴

Request for comment: You can file a comment online or on paper. For the Commission to consider your comment, we must receive it on or before

referred to as "the FTC Test Method," 73 FR 74500 (Dec. 8, 2008), the Commission believes it is important to continue collecting these data, which researchers and policymakers use to track trends over time.

² See 76 FR 47187 for further details underlying the estimates that follow.

³ The Commission intends to use this PRA clearance renewal to collect information from the companies regarding their marketing and sales activities for the years 2011, 2012, and 2013. Although the Commission anticipates that it will issue compulsory process orders one year at a time, it is possible that it might not do so and instead issue an order in an ensuing year for information covering two years. The estimates in this notice for hours and labor costs are annualized to reflect an average year over the course of a prospective three-year PRA clearance.

⁴ Although industry members may have to preserve relevant business records to accommodate the Commission's information requirements, they already have the means in place to do so.
