

U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for Holly Beach to Constance Beach Segmented Breakwaters and Sand Management Project, Cameron Parish, Louisiana.

FOR FURTHER INFORMATION CONTACT:

Donald W. Gohmert, State Conservationist, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana 71302, telephone (318) 473-7751.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Donald W. Gohmert, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The purpose of the project is to protect existing coastal wetlands, local communities and reduce damages to Louisiana Highway 82 during storm events by restoring and maintaining the integrity and functionality of the remaining Cheniere/Beach ridge that runs from Holly Beach to Constance Beach. This will be accomplished by the creation of beach dune and marsh habitat and reducing local wave energies by increasing the effectiveness of the existing breakwater field.

The notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various federal, state, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Bruce Lehto, Assistant State Conservationist/Water Resources/Rural Development, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana 71302, telephone (318) 473-7756.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

Dated: April 25, 2002.

Donald W. Gohmert,
State Conservationist.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List Additions and Deletions

AGENCY: Committee for Purchase from People Who Are Blind or Severely Disabled.

ACTION: Additions to and deletions from Procurement List.

SUMMARY: This action adds to the Procurement List products and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the Procurement List products and services previously furnished by such agencies.

EFFECTIVE DATE: June 9, 2002.

ADDRESS: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

FOR FURTHER INFORMATION CONTACT: Sheryl D. Kennerly, (703) 603-7740.

SUPPLEMENTARY INFORMATION:

Additions

On October 5, 2001, March 8, and March 15, 2002, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (66 F.R. 51005, 67 FR 10663, 10664, and 11661) of proposed additions to the Procurement List.

The following comments pertain to the Janitorial/Custodial Service, Ronald Reagan Building at the Federal Tenant Spaces only, Washington, DC.

Comments were received from a subcontractor to the current contractor for this service. The subcontractor claimed that addition of this service to the Procurement List would have a severe adverse impact on the company. The subcontractor also questioned whether the addition met Committee regulatory requirements concerning creation of employment opportunities and qualification of the designated nonprofit agency to participate in the Committee's program. The Committee's regulation, at 41 CFR 51-2.4(a)(4), requires the Committee to assess impact of a Procurement List addition on the

current contractor. This requirement exists because the current contractor is usually the most likely organization to win a competition for the next contract for the service in question, if it is not added to the Procurement List. Whether a subcontractor will continue to hold a subcontract for a service is at the discretion of the contractor, not the competitive procurement process or the Government contracting activity. Accordingly, the Committee does not consider impact on a subcontractor to constitute the severe adverse impact on the current contractor which the Committee's regulation requires the Committee to avoid in making its Procurement List addition decisions.

The subcontractor's contentions concerning the nonprofit agency's capability and program qualification are based on the subcontractor's beliefs that the people to be employed are not capable of safely operating machinery or otherwise performing some of the tasks involved in providing this janitorial service, and that security requirements will require the nonprofit agency to permanently retain people without disabilities who currently hold security clearances to work in the building. This service does not have specialized equipment or performance requirements unlike other janitorial services performed by this nonprofit agency. The Committee's determination that the nonprofit agency is capable of performing this service was based on an assessment by an industrial engineer who is familiar with the capabilities of the nonprofit agency and the Government customer. The Committee has approved a phase-in of the people with severe disabilities who will perform the service. One reason for the phase-in is to allow time for security clearances to be granted. Current employees with security clearances will be retained only as long as they are needed to meet the Government's requirements.

The following material pertains to all of the items being added to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and services and impact of the additions on the current or most recent contractors, the Committee has determined that the products and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4. I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products and services to the Government.

2. The action will not have a severe economic impact on current contractors for the products and services.

3. The action will result in authorizing small entities to furnish the products and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C.46–48c) in connection with the products and services proposed for addition to the Procurement List.

Accordingly, the following products and services are added to the Procurement List:

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the products and services deleted from the Procurement List.

After consideration of the relevant matter presented, the committee has determined that the products and service listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.
