

PART 622—FISHERIES OF THE CARIBBEAN, GULF OF MEXICO, AND SOUTH ATLANTIC

■ 1. The authority citation for part 622 continues to read as follows:

Authority: 5 U.S.C. 561 and 16 U.S.C. 1801 *et seq.*

■ 2. In § 622.193, revise paragraph (d) to read as follows:

§ 622.193 Annual catch limits (ACLs), annual catch targets (ACTs), and accountability measures (AMs).

* * * * *

(d) *Red grouper*—(1) *Commercial sector*. (i) If commercial landings for red grouper, as estimated by the SRD, reach or are projected to reach the commercial ACL, specified in paragraph (d)(1)(iii) of this section, the AA will file a notification with the Office of the Federal Register to close the commercial sector for the remainder of the fishing year. On and after the effective date of such a notification, all sale or purchase of red grouper is prohibited and harvest or possession of red grouper in or from the South Atlantic EEZ is limited to the bag and possession limits. These bag and possession limits apply in the South Atlantic on board a vessel for which a valid Federal commercial or charter vessel/headboat permit for South Atlantic snapper-grouper has been issued, without regard to where such species were harvested, *i.e.*, in state or Federal waters.

(ii) If the commercial landings for red grouper, as estimated by the SRD, exceed the commercial ACL, specified in paragraph (d)(1)(iii) of this section, and the combined commercial and recreational ACL, specified in paragraph (d)(3) of this section, is exceeded during the same fishing year, and the species is overfished based on the most recent Status of U.S. Fisheries Report to Congress, the AA will file a notification with the Office of the Federal Register to reduce the commercial ACL in the following fishing year by the amount of the commercial ACL overage in the prior fishing year.

(iii) The commercial ACL for red grouper is 61,160 lb (27,742 kg), round weight, for 2018; 66,000 lb (29,937 kg), round weight, for 2019; and 71,280 lb (32,332 kg), round weight, for 2020 and subsequent fishing years.

(2) *Recreational sector*. (i) If recreational landings for red grouper, as estimated by the SRD, are projected to reach the recreational ACL, the AA will file a notification with the Office of the Federal Register to close the recreational sector for the remainder of the fishing year regardless if the stock is overfished, unless NMFS determines that no closure

is necessary based on the best scientific information available. On and after the effective date of such a notification, the bag and possession limits for red grouper in or from the South Atlantic EEZ are zero.

(ii) The recreational ACL for red grouper is 77,840 lb (35,308 kg), round weight, for 2018; 84,000 lb (38,102 kg), round weight, for 2019; and 90,720 lb (41,150 kg), round weight, for 2020 and subsequent fishing years.

(iii) If recreational landings for red grouper, as estimated by the SRD, exceed the recreational ACL, specified in paragraph (d)(2)(i) of this section, then during the following fishing year recreational landings will be monitored for a persistence in increased landings, and if necessary, the AA will file a notification with the Office of the Federal Register to reduce the length of the recreational fishing season and the recreational ACL by the amount of the recreational ACL overage, if the species is overfished based on the most recent Status of U.S. Fisheries Report to Congress, and if the combined commercial and recreational ACL, specified in paragraph (d)(3) of this section, is exceeded during the same fishing year. The AA will use the best scientific information available to determine if reducing the length of the recreational season and recreational ACL is necessary. When the recreational sector is closed as a result of NMFS reducing the length of the recreational fishing season and ACL, the bag and possession limits for red grouper in or from the South Atlantic EEZ are zero.

(3) The combined commercial and recreational ACL for red grouper is 139,000 lb (63,049 kg), round weight, for 2018; 150,000 lb (68,039 kg), round weight, for 2019; and 162,000 lb (73,482 kg), round weight, for 2020 and subsequent fishing years.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 180205126–8126–01]

RIN 0648–BH66

Control Date for the Northeast Multispecies Charter/Party Fishery; Northeast Multispecies Fishery Management Plan; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; correction.

SUMMARY: This action corrects an error in the Advanced Notice of Proposed Rulemaking that set a control date for the Northeast Multispecies charter/party fishery. This action is necessary because the document provided an incorrect internet address for submission of electronic comments. This action is intended to provide the correct internet address to ensure the public can easily access the online rulemaking portal.

ADDRESSES: You may submit comments on this document, identified by NOAA–NMFS–2018–0042 by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/docket?D=NOAA–NMFS–2018–0042, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- **Mail:** Submit written comments to Michael Pentony, Regional Administrator, National Marine Fisheries Service, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope, “Comments on Northeast Multispecies Charter/Party Control Date.”

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (*e.g.*, name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT: Spencer Talmage, Fishery Management Specialist, 978–281–9232.

SUPPLEMENTARY INFORMATION:

Need for Correction

On March 19, 2018, we published an Advanced Notice of Proposed Rulemaking to set a new control date for the Northeast Multispecies charter/party fishery (83 FR 11952). The internet address to the Federal e-Rulemaking Portal provided in the **ADDRESSES**

section of this notice was not correct.
This is corrected in the **ADDRESSES**
section of this notice.

Dated: March 28, 2018.

Alan D. Risenhoover,

*Acting Deputy Assistant Administrator for
Regulatory Programs, National Marine
Fisheries Service.*
