SUPPLEMENTARY INFORMATION:

Title: Vegetable and Specialty Crop Marketing Orders.

OMB Number: 0581-0178.

Expiration Date of Approval: February 28, 2011.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: Marketing order programs provide an opportunity for producers of fresh fruit, vegetables, and specialty crops, in specified production areas, to work together to solve marketing problems that cannot be solved individually. This notice covers the following marketing order program citations: 7 CFR parts 932 (California olives), 945 (Idaho/Oregon potatoes), 946 (Washington potatoes), 947 (Oregon/California potatoes), 948 (Colorado potatoes), 953 (North Carolina/Virginia potatoes), 955 (Vidalia onions), 956 (Walla Walla onions), 958 (Idaho/Oregon onions), 959 (South Texas onions), 966 (Florida tomatoes), 981 (California almonds), 982 (Oregon/Washington hazelnuts), 984 (California walnuts), 985 (Northwest spearmint oil), 987 (California dates), 989 (California raisins), 993 (California prunes), and 999 (Specialty Crop Import Regulation). Order regulations help ensure adequate supplies of high quality products for consumers and adequate returns to producers. Under the Agricultural Marketing Agreement Act of 1937 (Act), as amended (7 U.S.C. 601-674), industries enter into marketing order programs. The Secretary of Agriculture (Secretary) is authorized to oversee the order operations and issue regulations recommended by a committee or board of representatives from each commodity industry.

The information collection requirements in this request are essential to carry out the intent of the Act, to provide the respondents the type of service they request, and to administer the marketing order programs. Under the Act, orders may authorize the following: Production and marketing research including paid advertising, volume regulations, reserves, including pools and producer

allotments, container regulations, and quality control. Assessments are levied on handlers regulated under the marketing orders. Also pursuant to Section 8e of the Act, importers of raisins, dates, and dried prunes are required to submit certain information.

USDA requires several forms to be filed in order to enable the administration of each marketing order program. These include forms covering the selection process for industry members to serve on a marketing order's committee or board and ballots used in referenda to amend or continue marketing order programs.

Under Federal marketing orders, producers and handlers are nominated by their peers to serve as representatives on a committee or board which administers each program. Nominees must provide information on their qualifications to serve on the committee or board. Nominees are selected by the Secretary. Formal rulemaking amendments must be approved in referenda conducted by USDA and the Secretary. For the purposes of this action, ballots are considered information collections and are subject to the Paperwork Reduction Act. If an order is amended, handlers are asked to sign an agreement indicating their willingness to abide by the provisions of the amended order.

Some forms are required to be filed with the committee or board. The orders and their rules and regulations authorize the respective commodities' committees and boards, the agencies responsible for local administration of the orders, to require handlers and producers to submit certain information. Much of the information is compiled in aggregate and provided to the respective industries to assist in marketing decisions. The committees and boards have developed forms as a means for persons to file required information relating to supplies, shipments, and dispositions of their respective commodities, and other information needed to effectively carry out the purpose of the Act and their respective orders, and these forms are utilized accordingly.

The forms covered under this information collection require the minimum information necessary to effectively carry out the requirements of the orders, and their use is necessary to fulfill the intent of the Act as expressed

in the orders, and the rules and regulations issued under the orders.

The information collected is used only by authorized employees of the committees and boards and authorized representatives of the USDA, including AMS, Fruit and Vegetable Programs' regional and headquarters' staff. Authorized committee/board employees are the primary users of the information and AMS is the secondary user.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.10 hours per response.

Respondents: Producers, handlers, processors, dehydrators, cooperatives, manufacturers, importers, and public members.

Estimated Number of Respondents: 20,626.

Estimated Number of Total Annual Responses: 174,142.

Estimated Number of Responses per Respondent: 8.47

Estimated Total Annual Burden on Respondents: 17,498.50 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. All comments received will be available for public inspection at the street address in the "Comment" section and can be viewed at: <http://www.regulations.gov>.

Dated: June 18, 2010.

David R. Shipman,

Acting Administrator, Agricultural Marketing Service.
