Fees are assessed based on the level of amenities and services provided, cost of operations and maintenance, and market comparison. A market comparison of the nearby rental cabins with similar amenities shows that the proposed fees are reasonable and typical of similar sites in the area.

Funds from fees would be used for the continued operation and maintenance and improvements of these rental cabins.

DATES: Send any comments about these fee proposals by February 1, 2014 so comments can be compiled, analyzed and shared with the Utah Bureau of Land Management (BLM) Recreation Resource Advisory Committee (R-RAC). If this proposal is approved, it is anticipated that the cabin rentals would become available for overnight rental during the winter of 2014.
