

beverages, Consumer protection, and Wine.

Authority and Issuance

Title 27, Code of Federal Regulations, Part 9, American Viticultural Areas, is amended as follows:

PART 9—AMERICAN VITICULTURAL AREAS

1. The authority citation for part 9 continues to read as follows:

Authority: 27 U.S.C. 205.

Subpart C—Approved American Viticultural Areas

2. Subpart C is amended by adding § 9.176 to read as follows:

§ 9.176 Capay Valley.

(a) *Name*. The name of the viticultural area described in this section is "Capay Valley".

(b) *Approved Maps*. The appropriate map for determining the boundary of the Capay Valley viticultural area is the United States Geological Survey (U.S.G.S.) topographic map titled: 30X60 Minute Quadrangle (Healdsburg, California 1972) (Scale: 1:100,000).

(c) *Boundaries*. The Capay Valley viticultural area is located in Yolo County, California. The beginning point is the junction of the Yolo, Napa, and Lake County lines.

(1) From the beginning point, proceed north then east along the Yolo-Lake County line;

(2) At the junction of the Yolo, Lake, and Colusa County lines, continue east along the Yolo-Colusa County line to its junction with the boundary between ranges R4W and R3W;

(3) Then south along the R4W and R3W boundary to its junction with the 250 meter contour line;

(4) Proceed generally southeast along the meandering 250 meter contour line to its junction with the T10N–T11N section line;

(5) Continue east along the T10N–T11N section line to the unnamed north-south secondary highway known locally as County Road 85;

(6) Then south along County Road 85, crossing Cache Creek, to its intersection with State Highway 16;

(7) Proceed east on Highway 16 to its junction with the unnamed north-south light duty road known locally as County Road 85B;

(8) Then south on County Road 85B to its junction with the unnamed east-west light duty road known locally as County Road 23;

(9) Proceed west on County Road 23 for approximately 500 feet to an

unnamed light duty road known locally as County Road 85;

(10) Proceed south on County Road 85 until the road ends and continue south in a straight line to the T9N–T10N section line;

(11) Then west on the T9N–T10N section line to the Napa-Yolo County line;

(12) Continue northwest following the Napa-Yolo county line and return to the starting point.

Dated: October 24, 2002.

Bradley A. Buckles,
Director.

Approved: November 14, 2002.

Timothy E. Skud,
Deputy Assistant Secretary (Regulatory, Tariff
& Trade Enforcement).

BILLING CODE 4810–31–P

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 165

[CGD05–02–097]

RIN 2115–AA97

Safety Zone; James River, Newport News, Virginia

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone encompassing the USS RONALD REAGAN, moored at Newport News Shipbuilding south side Pier 2. This action is intended to restrict vessel traffic on the James River within a 1000-foot radius of the vessel. The safety zone is necessary to protect mariners from the hazards associated with catapult testing being conducted on the USS RONALD REAGAN.

DATES: This rule is effective from 6 a.m. on December 16, 2002 to 8 p.m. on December 22, 2002.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD05–02–097 and are available for inspection or copying at USCG Marine Safety Office Hampton Roads, 200 Granby Street, Norfolk, Virginia, 23510 between 9:30 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LT Monica Acosta, project officer, USCG Marine Safety Office Hampton Roads, at (757) 668–5590.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B) and 553(d)(3), the Coast Guard finds that good cause exists for not publishing a NPRM and making this regulation effective less than 30 days after publication in the **Federal Register**. Because of the danger posed by the catapult testing, a limited access area is necessary to provide for the safety of mariners. For the safety concerns noted, it is in the public interest to have these regulations in effect during the testing.

Background and Purpose

The Coast Guard is establishing a temporary safety zone encompassing the USS RONALD REAGAN, moored at Newport News Shipbuilding south side Pier 2 while conducting catapult dead load testing. The safety zone will restrict vessel traffic on a portion of the James River, within a 1000-foot radius of the USS RONALD REAGAN. The safety zone is necessary to protect mariners from the hazards associated with the catapult testing. The safety zone will be effective from 6 a.m. on December 16, 2002 to 8 p.m. on December 22, 2002. Entry into this zone is prohibited unless authorized by the Captain of the Port, Hampton Roads or his designated representative. Public notifications will be made prior to the testing via marine information broadcasts.

Discussion of Rule

The Coast Guard is establishing a safety zone within a 1000-foot radius of the USS RONALD REAGAN, moored at Newport News Shipbuilding south side Pier 2. The temporary regulations will be enforced from 6 a.m. December 16, 2002 through 8 p.m. December 22, 2002, and will restrict general navigation in the safety zone during the testing. Except for participants and vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

This temporary final rule will affect a limited area for less than one week during daylight hours only. Advance

notification via marine information broadcasts will enable mariners to plan their transit to avoid the safety zone.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: The owners and operators of vessels intending to transit or anchor in that vicinity of the James River from 6 a.m. to 8 p.m. on December 16, 2002 through December 22, 2002.

The effect of this rule will not be significant because of its limited duration and the extensive advance notifications that will be made to the maritime community via Local Broadcast Notices to Mariners and marine information broadcasts so mariners can adjust their plans accordingly.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that Order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this rule and concluded that under figure 2–1, paragraph (34)(g) of Commandant Instruction M16475.ID, this rule is categorically excluded from further environmental documentation. This is a safety zone one week in duration.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C 1231; 50 U.S.C 191; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; 49 CFR 1.46.

2. From 6 a.m. on December 16, 2002, to 8 p.m. on December 22, 2002, add a temporary § 165.T05–097 to read as follows:

§ 165.T05–097 Safety Zone; James River, Newport News, Virginia

(a) *Location.* The following area is a safety zone: all waters of the James River within 1000 feet of the USS RONALD REAGAN, moored at Newport News Shipbuilding south side Pier 2.

(b) *Captain of the Port.* Captain of the Port means the Commanding Officer of the Marine Safety Office Hampton Roads, Norfolk, VA or any Coast Guard commissioned, warrant, or petty officer who has been authorized to act on his behalf.

(c) *Regulations.* (1) All persons are required to comply with the general regulations governing safety zones found in § 165.23 of this part.

(2) Persons or vessels requiring entry into or passage through a safety zone must first request authorization from the Captain of the Port. The Captain of the

Port's representative enforcing the safety zone can be contacted on VHF marine band radio, channels 13 and 16. The Captain of the Port can be contacted at (757) 668-5555.

(3) The Captain of the Port will notify the public of changes in the status of this safety zone by marine information broadcast on VHF marine band radio, channel 22 (157.1 MHz).

(d) *Enforcement period.* This section will be enforced from 6 a.m. to 8 p.m. on December 16, 2002 through December 22, 2002.

Dated: December 16, 2002.

L. M. Brooks,

Captain, Coast Guard, Captain of the Port, Hampton Roads.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[MS 23-1—200242(a); FRL-7424-3]

Approval and Promulgation of Implementation Plans for Mississippi: Infectious Waste Incinerator Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The EPA is approving a revision to the Mississippi State Implementation Plan (SIP) modifying infectious waste incineration requirements to reflect current Emissions Guidelines approved in the State for existing hospital/medical/infectious waste incinerator units (HMIWIs).

DATES: This direct final rule is effective February 18, 2003 without further notice, unless EPA receives adverse comment by January 21, 2003. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: All comments should be addressed to: Michele Notarianni, Air Planning Branch, U.S. Environmental Protection Agency Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. (404/562-9031 (phone) or notarianni.michele@epa.gov (e-mail).)

Copies of the State submittal(s) are available at the following addresses for inspection during normal business hours:

Environmental Protection Agency,
Region 4, Air Planning Branch, 61

Forsyth Street, SW., Atlanta, Georgia 30303-8960. (Michele Notarianni, (404) 562-9031, notarianni.michele@epa.gov)
Mississippi Department of Environmental Quality, Air Division, PO Box 10385, Jackson, Mississippi 39289-0385. ((601) 961-5171).

FOR FURTHER INFORMATION CONTACT:

Michele Notarianni at address listed above or 404/562-9031 (phone) or notarianni.michele@epa.gov (e-mail).

SUPPLEMENTARY INFORMATION:

I. Today's Action

The EPA is approving revisions to rule APC-S-1 to reflect current requirements for existing HMIWIs as detailed in the Mississippi HMIWI State Plan. The State of Mississippi submitted both the Plan and these SIP revisions on May 5, 1999. In a separate notice, EPA approved the Mississippi HMIWI State Plan (65 FR 18252, April 7, 2000). The State Plan controls air emissions from existing HMIWIs in Mississippi, except for those HMIWIs located in Indian Country.

The associated SIP revisions to rule APC-S-1 correct a section reference in Paragraph 8, "Incineration," of Section 3, "Specific Criteria for Sources of Particulate Matter," and change provisions listed in Paragraph 4, "Additional Requirements for Infectious Waste Incineration," of Section 6, "New Sources," to be consistent with the Mississippi HMIWI State Plan.

II. Final Action

The EPA is approving into the Mississippi SIP revisions to rule APC-S-1 because they are consistent with the requirements of the Clean Air Act and EPA policy.

The EPA is publishing this rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. However, in the proposed rules section of this **Federal Register** publication, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision should adverse comments be filed. This rule will be effective February 18, 2003 without further notice unless the Agency receives adverse comments by January 21, 2003.

If the EPA receives such comments, then EPA will publish a document withdrawing the final rule and informing the public that the rule will not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. The EPA will not institute a second comment period.

Parties interested in commenting should do so at this time. If no such comments are received, the public is advised that this rule will be effective on February 18, 2003 and no further action will be taken on the proposed rule.

III. Administrative Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.
