Conclusion of Recovery Act-Specific Reporting Requirements

Recipient Reporting Requirements under PPACA

The removal of ARRA Section 1512 Reporting Requirements does not absolve the applicant from reporting project status as well as the other terms and conditions set forth in the above-referenced CPPW FOA and the Notice of Cooperative Agreement Award. Recipients funded with PPACA appropriations will be required to report project status on a semi-annual basis. Specific reporting requirements will be detailed in the Terms and Conditions of the Notice of Cooperative Agreement Award.

CFDA Number 93.520 is the PPACA-specific CFDA number for this initiative. It will replace CFDA Number 93.724 published in the above-referenced CPPW Funding Opportunity Announcement (FOA).

Award Information:

Approximate Current Fiscal Year

Funding: \$34,000,000.

Approximate Number of Awards: 11.

Approximate Average Award: \$3,000,000.

Fiscal Year Funds: Patient Protection and Affordable Health Care Act of 2010. *Anticipated Award Date:* 30 Sep 2010. *Budget Period:* 24 months.

Project Period: 24 months.

Application Selection Process: CDC will apply the same selection methodology published in the CPPW FOA, CDC-RFA-DP09-912ARRA09.

Applications will be funded in order by score and rank determined by the previously held review panel.

In addition, as was referenced in the CPPW FOA, funding decisions may be made to ensure:

- Representation of tobacco and obesity/physical activity/nutrition across communities, including a varied type of interventions and evidence-based strategies.
- Geographic distribution of The Communities Putting Prevention to Work Initiative nationwide.
- Inclusion of communities of varying sizes, including rural, suburban, and urban communities.
- Inclusion of populations disproportionately affected by chronic disease and associated risk factors.

CDC will provide justification for any decision to fund out of rank order.

CDC will add the following Authority to that which is reflected in the published Funding Opportunity:

—Section 4002 of the Patient Protection and Affordability Care Act (Public Law 111–148.)

DATES: The effective date for this action is August 12, 2010 and remains in effect until the expiration of the project period of the PPACA funded applications.

SUPPLEMENTARY INFORMATION: On March 23, 2010, the President signed into law the Patient Protection and Affordable Care Act (PPACA). PPACA is designed to improve and expand the scope of health care coverage for Americans. Cost savings through disease prevention is an important element of this legislation and PPACA has established a Prevention and Public Health Fund (PPHF) for this purpose. Specifically, the legislation states in Section 4002 that the PPHF is to “provide for expanded and sustained national investment in prevention and public health programs to improve health and help restrain the rate of growth in private and public sector health care costs”. PPACA and the Prevention and Public Health Fund make improving public health a priority with investments to improve public health.

The PPHF states that the Secretary shall transfer amounts in the Fund to accounts within the Department of Health and Human Services to increase funding, over the fiscal year 2008 level, for programs authorized by the Public Health Services Act, for prevention, wellness and public health activities including prevention research and health screenings, such as the Community Transformation Grant Program, the Education and Outreach Campaign for Preventative Benefits, and Immunization Programs.

Both ARRA and PPACA legislation affords an important opportunity to advance public health across the lifespan and to reduce health disparities by supporting an intensive community approach to chronic disease prevention and control. Therefore, awarding cooperative agreements with PPACA funds under PPHF to ABUs to carry out CPPW objectives is consistent with the purpose of PPHF, as stated above, to provide for the expanded and sustained national investment in prevention and public health programs. Further, the Secretary allocated funds to CDC, pursuant to the PPHF, for the types of activities that the CPPW initiative is designed to carry out.

Therefore, the CPPW program activities CDC proposes to fund with PPACA appropriations are authorized by the amendment to the Public Health Services Act which authorized the Prevention and Wellness Program as embodied in CDC RFA DP09–912ARRA09.
