SUPPLEMENTARY INFORMATION:

I. Abstract

The USPTO administers the Trademark Act of 1946, 15 U.S.C. 1051 *et seq.*, as amended, which provides for the Federal registration of trademarks, service marks, collective marks and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the USPTO.

Section 13 of the Trademark Act, 15 U.S.C. 1063, allows individuals and entities who believe that they would be damaged by the registration of a mark to file an opposition, or an extension of time to file an opposition, to the registration of the mark. Section 14 of the Trademark Act, 15 U.S.C. 1064, allows individuals and entities to file a petition to cancel a registration of a mark. Section 20 of the Trademark Act, 15 U.S.C. 1070, allows individuals and entities to appeal any final decision of the examiner in charge of the registration of marks or a final decision by an examiner in an ex parte expungement proceeding or ex parte reexamination proceeding.

The USPTO administers certain provisions of the Trademark Act of 1946 through the regulations at 37 CFR part 2, which contains the various rules that govern the filings identified above and other submissions filed in connection with inter partes and ex parte

proceedings. These petitions, notices, extensions, and additional papers are filed with the Trademark Trial and Appeal Board (TTAB), an administrative tribunal empowered to determine the right to register and subsequently determine the validity of a trademark. The information in this collection must be submitted electronically through the TTAB's electronic filing system. If applicants or entities wish to submit the petitions, notices, extensions, and additional papers in inter partes and ex parte cases, they may use the forms provided through the TTAB's electronic filing system.

This information collection includes the items needed for individuals or entities to file inter partes and ex parte proceedings regarding federal registration of their trademarks or service marks. Information is collected in view of the provisions of the Trademark Act of 1946. The responses in this information collection are a matter of public record, and are used by the public for a variety of private business purposes related to establishing and enforcing trademark rights. This information is important to the public, as both common law trademark owners and federal trademark registrants must actively protect their own rights.

II. Method of Collection

Items in this information collection must be submitted through the TTAB's electronic filing system. However, in certain circumstances, information may be submitted in paper form by mail or hand delivery.
