Chlorinated Isocyanurates From the People's Republic of China: Notice of Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 1, 2010.

FOR FURTHER INFORMATION CONTACT: Brandon Petelin or Charles Riggle, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-8173 or (202) 482-0650, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 29, 2009, the Department of Commerce ("the Department") published the initiation of the administrative review of the antidumping duty order on chlorinated isocyanurates from the People's Republic of China ("PRC"). See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Administrative Review*, 74 FR 37690 (July 29, 2009). This review covers the period June 1, 2008, through May 31, 2009. The preliminary results of the review were

due no later than March 2, 2010. As explained in the memorandum from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5, through February 12, 2010. Thus, all deadlines in this segment of the proceeding have been extended by seven days. The revised deadline for the preliminary results of this review is now March 9, 2010. See Memorandum to the Record from Ronald Lorentzen, DAS for Import Administration, regarding "Tolling of Administrative Deadlines as a Result of the Government Closure During the Recent Snowstorm," dated February 12, 2010.

Extension of Time Limit for Preliminary Results of Review

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

The Department finds that it is not practicable to complete the preliminary results of the administrative review of chlorinated isocyanurates from the PRC within this time limit. Specifically, due to complex issues, *e.g.*, factors of production and surrogate value selections, we find that additional time is needed to complete these preliminary results. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 60 days from March 9, 2010, until May 8, 2010. However, because May 8, 2010, falls on a weekend, the actual due date will be the first business day following the weekend, *i.e.*, May 10, 2010.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: February 23, 2010.

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
