

**OFFICE OF THE UNITED STATES
TRADE REPRESENTATIVE****Request for Comments Concerning an
Environmental Review of the Proposed
Trade in Services Agreement**

AGENCY: Office of the United States
Trade Representative

ACTION: Notice of intent to conduct an
environmental review of the proposed
Trade in Services Agreement and
request for comments.

SUMMARY: The Office of the United States Trade Representative (USTR), through the Trade Policy Staff Committee (TPSC), is initiating an environmental review of the Trade in Services Agreement (TiSA) currently being negotiated among 23 economies, including the United States. The TPSC invites written comments from the public on the topics that should be included in the scope of the environmental review, including potential positive or negative environmental effects that might result from the trade agreement and potential implications for U.S. environmental laws and regulations. The TPSC also welcomes public views on appropriate methodologies and sources of data for conducting the review. The review will be conducted consistent with the relevant procedures of Executive Order 13141: Environmental Review of Trade Agreement (64 FR 63169, November 18, 1999) and its implementing guidelines (65 FR 79442, December 19, 2000). Persons submitting written comments should provide as much detail as possible on the manner and degree to which the subject matter they propose for inclusion in the review may raise significant environmental issues that should be considered in the context of the negotiations. Public comments on environmental issues submitted in response to prior notices (78 FR 5238, January 24, 2013) and (78 FR 55135, September 9, 2013) requesting comments from the public regarding the TiSA will be taken into account in preparing the environmental review and do not need to be resubmitted.

DATES: Comments should be submitted on or before September 2, 2014, to be assured of timely consideration by the TPSC.

ADDRESSES: Public comments should be submitted electronically to www.regulations.gov, docket number USTR 2014–0011. If you are unable to provide submissions by www.regulations.gov, please contact Ms. Yvonne Jamison (202–395–3475) to arrange for an alternative method of transmission.

FOR FURTHER INFORMATION CONTACT:

Questions regarding the submission of comments in response to this notice should be directed to Ms. Yvonne Jamison at (202) 395–3475. Questions concerning the environmental review should be addressed to Ms. Leslie Yang at (202) 395–7320.

SUPPLEMENTARY INFORMATION:**1. Background Information**

On January 15, 2013, USTR notified Congress of the President's intent to enter into negotiations for an international services agreement with an initial group of 20 trading partners. Twenty-three economies are presently participating in TiSA negotiations: Australia, Canada, Chile, Colombia, Costa Rica, the European Union, Hong Kong, Iceland, Israel, Japan, Liechtenstein, Mexico, New Zealand, Norway, Pakistan, Panama, Paraguay, Peru, the Republic of Korea, Switzerland, Taiwan, Turkey, and the United States. Through a notice in the **Federal Register** and a public hearing (held March 12, 2013, in Washington, DC), the TPSC invited the public to provide written comments and/or oral testimony to assist USTR in assessing U.S. objectives for the proposed agreement (see 78 FR 5238, January 24, 2013). Through a subsequent notice in the **Federal Register**, the TPSC invited the public to provide written comments to assist USTR in assessing U.S. objectives regarding the participation of Paraguay and Liechtenstein (additions to the initial group of TiSA participants) (78 FR 55135, September 9, 2013). Additional information about the proposed TiSA can be found at <http://www.ustr.gov/trade-topics/services-investment/services>.

2. Environmental Review

USTR, through the TPSC, will conduct an environmental review of the agreement consistent with Executive Order 13141 (64 FR 63169, November 18, 1999) and its implementing guidelines (65 FR 79442, December 19, 2000). The purpose of environmental reviews is to ensure that policymakers and the public are informed about reasonably foreseeable environmental impacts of trade agreements (both positive and negative), to identify complementarities between trade and environmental objectives, and to help shape appropriate responses if environmental impacts are identified. Reviews are intended to be one tool, among others, for integrating environmental information and analysis into the fluid, dynamic process of trade negotiations. USTR and the Council on Environmental Quality jointly oversee

implementation of the Executive Order and its implementing guidelines. USTR, through the TPSC, is responsible for conducting the individual reviews. Additional background information and examples of prior environmental reviews are available at: <http://www.ustr.gov/trade-topics/environment/environmental-reviews>.

3. Requirements for Submissions

DEPARTMENT OF TRANSPORTATION

[Docket Number DOT-OST-2014-0112]

Agency Information Collection Activity; Notice of Request for Approval To Collect New Information: Voluntary Near Miss Reporting in Oil and Gas Operations on the Outer Continental Shelf

AGENCY: Bureau of Transportation Statistics (BTS), Office of the Assistant Secretary for Research and Technology (OST-R), U.S. Department of Transportation.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, this notice announces the intention of the Bureau of Transportation Statistics to request the Office of Management and Budget (OMB) to approve the following information collection: Voluntary Near Miss Reporting in Oil and Gas Operations on the Outer Continental Shelf (OCS). This data collection effort supports a multi-year program focused on improving safety in the OCS by collecting and analyzing data and information on near misses and other unsafe occurrences in all oil and gas

operations on the OCS. In August 2013, the Bureau of Safety and Environmental Enforcement (BSEE) and BTS signed an Interagency Agreement (IAA) to develop and implement a voluntary program for confidential reporting of 'near misses' occurring on the OCS. BTS will analyze and aggregate information provided under this program and publish reports that will provide BSEE, the industry and all OCS stakeholders with essential information about accident precursors and other hazards associated with OCS oil and gas operations so that all stakeholders can use that information to reduce safety and environmental hazards and continue building a more robust OCS safety culture. This information collection is necessary to aid BSEE, the oil and gas industry and other stakeholders in identifying root causes of potentially unsafe events.

DATES: Written comments should be submitted by September 2, 2014.

ADDRESSES: To ensure that your comments are not entered more than once into the docket, submit comments by only one of the following methods:
