## DEPARTMENT OF JUSTICE

### Office of Justice Programs

[OJP (NIJ) Docket No. 1550]

#### **Stab Resistance of Personal Body Armor (2000) Standard Special Technical Committee Request for Proposals for Certification and Testing Expertise**

**AGENCY:** National Institute of Justice, DOJ.

**ACTION:** Request for Proposals for Certification and Testing Expertise.

**SUMMARY:** The National Institute of Justice (NIJ) is in the process of revising its *Stab Resistance of Personal Body Armor (2000) Standard* and corresponding certification program requirements. This work will be performed by a Special Technical Committee (STC), comprised of practitioners from the field, researchers, testing experts, certification experts, and representatives from stakeholder organizations. It is anticipated that the STC members will participate in up to twelve 2-day meetings over an 18-month time period with the goal of completing development of the standard and certification program requirements.

It is anticipated that STC meetings will begin in June 2011. Travel expenses and per diem will be reimbursed for all STC meetings; however, participation time will not be funded. NIJ is seeking representatives from (1) certification bodies and (2) test laboratories with experience in programs for similar types of personal protective equipment. Additional preferred knowledge includes experience with law enforcement and corrections operations. There are up to four positions to be filled on the STC, and NIJ will accept the first 20 submissions for review. Interested parties are requested to nominate individuals from their organizations and submit no more than two pages describing the nominee's applicable experience, preferred knowledge, and affiliations with standards development organizations.

To be considered, there must not be any conflict of interest in which the proposed STC member has a direct financial relationship with manufacturers of stab-resistant armor.

Debra Stoe is the NIJ Program Manager responsible for this work, and Casandra Robinson is the point of contact for Ms. Stoe. Responses to this request for proposals shall be submitted to Casandra Robinson at [casandra.robinson@usdoj.gov](mailto:casandra.robinson@usdoj.gov) by May 13, 2011. The submissions will be reviewed, and participants will be notified regarding their acceptance by May 20, 2011.

**FOR FURTHER INFORMATION CONTACT:**

Casandra Robinson by telephone at 202-305-2596 [Note: this is not a toll-free telephone number], or by e-mail at [casandra.robinson@usdoj.gov](mailto:casandra.robinson@usdoj.gov).

## DEPARTMENT OF LABOR

### Office of the Secretary

#### **Agency Information Collection Activities: Proposed Collection; Comment Request; DOL Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery**

**ACTION:** Notice.

**SUMMARY:** As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, the Department of Labor (DOL) is submitting a Generic Information Collection Request (Generic ICR): "DOL Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery" to the Office of Management and Budget (OMB) for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et. seq.*).

**DATES:** Submit comments on or before May 25, 2011.

**ADDRESSES:** A copy of this ICR, with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained from the RegInfo.gov Web site, <http://www.reginfo.gov/public/do/PRAMain>, on the day following publication of this notice or by contacting Michel Smyth by telephone at 202-693-4129 (this is not a toll-free number) or sending an e-mail to [DOL\\_PRA\\_PUBLIC@dol.gov](mailto:DOL_PRA_PUBLIC@dol.gov).

Submit comments about this request to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Department of Labor—Departmental Management, Office of Management and Budget, Room 10235, Washington, DC 20503, Telephone: 202-395-6929/Fax: 202-395-6881 (these are not toll-free numbers), e-mail: [OIRA\\_submission@omb.eop.gov](mailto:OIRA_submission@omb.eop.gov).

**FOR FURTHER INFORMATION CONTACT:**

Contact Michel Smyth by telephone at 202-693-4129 (this is not a toll-free number) or by e-mail at [DOL\\_PRA\\_PUBLIC@dol.gov](mailto:DOL_PRA_PUBLIC@dol.gov).

**SUPPLEMENTARY INFORMATION:** The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the DOL and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely
