Title: Public Transportation Emergency Relief Program

(OMB Number: 2132-0575)

Background: Since the authorization of the Public Transportation Emergency Relief Program in 2012, Congress has appropriated funds three times for transit agencies affected by disaster.

The first appropriation of funds for the program was in 2013 following Hurricane Sandy, for which the President declared a major disaster for areas of 12 States and the District of Columbia. Under the Disaster Relief Appropriations Act (Pub. L. 113-2), Congress provided \$10.9 billion for FTA's Emergency Relief Program for recovery, relief, and resilience efforts in the counties specified in the disaster declaration. Approximately \$10.0 billion remained available after implementation of the Balanced Budget and Emergency Deficit Control Act of 2011 (Pub. L. 112-25) and after intergovernmental transfers to other bureaus and offices within DOT. FTA has allocated the full amount in multiple tiers for response, recovery and rebuilding; for locally prioritized resilience projects, and for competitively selected resilience projects.

The second appropriation of funds for the Emergency Relief Program was in 2018 following Hurricanes Harvey, Irma, and Maria, for which the President declared major disasters in areas of Florida, Georgia, Louisiana, Puerto Rico, South Carolina, Texas, and the U.S. Virgin Islands. Under the Bipartisan Budget Act of 2018 (Pub. L. 115-123), Congress provided \$330 million for

FTA's Emergency Relief Program for transit systems affected by Hurricanes Harvey, Irma, and Maria. On May 31, 2018 FTA allocated \$277.5 million for response, recovery, rebuilding, and resilience projects.

The third appropriation of funds for the Emergency Relief Program was in 2019. Under the Additional Supplemental Appropriations for Disaster Relief Act of 2019 (Pub. L. 116-20), Congress appropriated \$10.5 million for FTA's Emergency Relief Program for transit systems affected by major declared disasters occurring in calendar year 2018.

On March 13, 2020, FTA announced that expanded eligibility of Federal assistance is available under FTA's Emergency Relief Program to help transit agencies respond to the coronavirus (COVID-19) in states where the Governor has declared an emergency. This includes allowing all transit providers, including those in large urban areas, to use Federal formula funds for emergency-related capital and operating expenses, and raises the cap on the Federal government's share of those expenses.

Respondents: States, local governmental authorities, Indian tribes and other FTA recipients impacted by Hurricane Sandy which affected mid-Atlantic and northeastern states in October 2012; Hurricane Harvey which affected areas of Texas and Louisiana in August 2017; and Hurricanes Irma and Maria which affected the southeastern states and the territories of the Puerto Rico and the U.S. Virgin Islands in September 2017, and by major declared disasters occurring in calendar year 2018.

Estimated Annual Number of Respondents: 26.

Estimated Total Annual Burden: 4,680 hours.

Frequency: Annually.

Deputy Associate Administrator, Office of Administration.

Title: Bus Testing Program.

OMB Number: 2132-0550.

Background: 49 U.S.C. 5318(a)

provides that Federal funds appropriated or otherwise made available under 49 U.S.C. chapter 53 [FTA funding] may not be obligated or expended for the acquisition of a new bus model unless a bus of that model has been tested for maintainability, reliability, safety, performance (including braking performance), structural integrity, fuel economy, emissions, and noise, and has achieved a passing test score.

The Bus Testing Center is operated by the Thomas D. Larson Pennsylvania Transportation Institute of the Pennsylvania State University (LTI). LTI operates and maintains the Center under a cooperative agreement with FTA and establishes and collects fees for the testing of the vehicles at the facility. Upon completion of the testing of the vehicle at the Center with a passing test score, a draft Bus Testing Report is provided to the manufacturer of the new bus model. If the manufacturer approves the Report for publication, the bus model becomes eligible for FTA funding. 49 CFR 665.7 requires a recipient of FTA funds to certify that a bus model has been tested at the bus testing facility, that the bus model received a passing score, and that the recipient has a copy of the applicable Bus Testing Report(s) on a bus model before final acceptance of any buses of that model. Recipients are strongly encouraged to review the Bus Testing Report(s) relevant to a bus model before final acceptance and/or selection of that bus model.

Respondents: Bus manufacturers and recipients of FTA funds.

Estimated Annual Number of Respondents: 60 (the responses include

40 testing determination requirements requests at 32 hours each, 20 testing authorization requests at 32 hours each, 16 tests scheduled at 10 hours each, and 3 retest requests at 17 hours each).

Estimated Total Annual Burden: 2,131 hours.

Frequency: Annually.

Deputy Associate Administrator, Office of Administration.
