

rule because it is directionally sound and would generally strengthen the SIP. Rule 9510 is an important effort by SJVUAPCD to reduce NO_x and PM emissions from a sector that has not been generally regulated and could also result in significant co-benefits by reducing emissions of green house gases. For these reasons, EPA recommends full SIP approval, but in light of the deficiencies also recommends that the projected emission reductions from the rule should not be credited in any attainment and rate of progress/reasonable further progress demonstrations. The TSD has more information on this recommendation.

D. EPA Recommendations to Address Deficiencies

EPA recommendations on how to address the enforceability deficiencies are described in the TSD.

E. Public Comment and Final Action

EPA is proposing to fully approve it as described in section 110(k)(3) of the Act. We will accept comments from the public on this proposal for the next 45 days. Unless we receive convincing new information during the comment period, we intend to publish a final approval action that will incorporate this rule into the federally enforceable SIP.

III. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve State choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described

in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
 - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: May 10, 2010.

Jared Blumenfeld,

Regional Administrator, Region IX.

BILLING CODE 6560-50-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2010-0003; Internal Agency Docket No. FEMA-B-1095]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before August 19, 2010.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1095, to Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2820, or (e-mail) kevin.long@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2820, or (e-mail) kevin.long@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other

Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental

impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Flooding source(s)	Location of referenced elevation	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Muhlenberg County, Kentucky, and Incorporated Areas				
Brier Creek (Backwater effects from Green River).	From the confluence with the Pond River to approximately 1,390 feet downstream of Phillips Town Road.	None	+389	Unincorporated Areas of Muhlenberg County.
Caney Creek	Approximately 0.5 mile upstream of North Main Street	None	+413	City of Greenville, Unincorporated Areas of Muhlenberg County.
	At the confluence with Caney Creek Tributary 27	None	+423	
Caney Creek Tributary 27.1 (Backwater effects from Caney Creek).	From the confluence with Caney Creek to approximately 0.7 mile upstream of the confluence with Caney Creek.	None	+424	City of Greenville, Unincorporated Areas of Muhlenberg County.
Caney Creek Tributary 31 (Backwater effects from Caney Creek).	From the confluence with Caney Creek to approximately 0.6 mile upstream of the confluence with Caney Creek.	None	+413	Unincorporated Areas of Muhlenberg County.
Canfield Branch (Backwater effects from Green River).	From the confluence with the Mud River to approximately 340 feet upstream of Forest Oak Church Road.	None	+404	Unincorporated Areas of Muhlenberg County.
Cypress Creek (Backwater effects from Green River).	From approximately 0.6 mile downstream of KY-175 to approximately 0.7 mile upstream of KY-81.	None	+393	Unincorporated Areas of Muhlenberg County.
Cypress Creek Tributary 1 (Backwater effects from Green River).	From the confluence with Cypress Creek to approximately 0.8 mile upstream of Coffman Schoolhouse Road.	None	+393	Unincorporated Areas of Muhlenberg County.
Green River	Approximately 2.6 miles upstream of CSX Railroad	+394	+393	Unincorporated Areas of Muhlenberg County.
	At the confluence with the Mud River	+403	+404	Unincorporated Areas of Muhlenberg County.
Irwin Creek (Backwater effects from Green River).	From the confluence with Isaacs Creek to approximately 2,000 feet upstream of the confluence with Isaacs Creek.	None	+389	
Isaacs Creek (Backwater effects from Green River).	From the confluence with the Green River to approximately 1,035 feet upstream of the confluence with Irwin Creek.	None	+389	Unincorporated Areas of Muhlenberg County.
Jacobs Creek (Backwater effects from Green River).	From the confluence with the Green River to approximately 2.0 miles upstream of Riverside Road.	None	+402	Unincorporated Areas of Muhlenberg County.
Jacobs Creek Tributary 7 (Backwater effects from Green River).	From the confluence with Jacobs Creek to approximately 370 feet upstream of Riverside Road.	None	+402	Unincorporated Areas of Muhlenberg County.
Little Cypress Creek	Approximately 190 feet upstream of West Whitmer Street.	None	+405	City of Central City, Unincorporated Areas of Muhlenberg County.
	Just upstream of Front Street	None	+408	City of Central City, Unincorporated Areas of Muhlenberg County.
Little Cypress Creek Tributary 16 (Backwater effects from Little Cypress Creek).	From the confluence with Little Cypress Creek to approximately 2,507 feet upstream of the confluence with Little Cypress Creek.	None	+405	

Flooding source(s)	Location of referenced elevation	*Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Little Cypress Creek Tributary 8 (Backwater effects from Little Cypress Creek).	From the confluence with Little Cypress Creek to approximately 1,100 feet upstream of the confluence with Little Cypress Creek.	None	+422	Unincorporated Areas of Muhlenberg County.
Log Creek (Backwater effects from Green River).	From the confluence with the Pond River to approximately 3,900 feet upstream of Millport Sacramento Road.	None	+389	Unincorporated Areas of Muhlenberg County.
Mud River (Backwater effects from Green River).	From the confluence with the Green River to approximately 535 feet upstream of the confluence with Canfield Branch.	None	+404	Unincorporated Areas of Muhlenberg County.
Muddy Fork (Backwater effects from Green River).	From the confluence with Cypress Creek to approximately 0.8 mile upstream of the confluence with Cypress Creek.	None	+393	Unincorporated Areas of Muhlenberg County.
Nelson Creek (Backwater effects from Green River).	From the confluence with the Green River to approximately 0.4 mile upstream of Green River Haul Road.	None	+398	Unincorporated Areas of Muhlenberg County.
Opossum Run (Backwater effects from Sandlick Creek).	From the confluence with Sandlick Creek to approximately 1,175 feet upstream of Opossum Lane.	None	+430	Unincorporated Areas of Muhlenberg County.
Plum Creek (Backwater effects from Green River).	From the confluence with Pond Creek to approximately 300 feet downstream of the confluence with Plum Creek Tributary 4.	None	+401	City of Drakesboro, Unincorporated Areas of Muhlenberg County.
Plum Creek Tributary 5 (Backwater effects from Green River).	From the confluence with Plum Creek to approximately 0.65 mile upstream of the confluence with Plum Creek.	None	+401	Unincorporated Areas of Muhlenberg County.
Pond Creek (Backwater effects from Green River).	From the confluence with the Green River to approximately 1,280 feet upstream of I-431.	None	+401	Unincorporated Areas of Muhlenberg County.
Pond Creek (Backwater effects from Sandlick Creek).	From the confluence with Sandlick Creek to just downstream of Johnson Road.	+422	+421	Unincorporated Areas of Muhlenberg County.
Pond Creek Tributary 29 (Backwater effects from Green River).	From the confluence with Pond Creek to approximately 1,000 feet upstream of KY-2107.	None	+401	Unincorporated Areas of Muhlenberg County.
Pond Creek Tributary 30 (Backwater effects from Green River).	From the confluence with Pond Creek to approximately 1.4 mile upstream of the confluence with Pond Creek.	None	+401	Unincorporated Areas of Muhlenberg County.
Pond River (Backwater effects from Green River).	From the confluence with the Green River to approximately 1.0 mile upstream of KY-70.	None	+389	Unincorporated Areas of Muhlenberg County.
Sandlick Creek Tributary 2 (Backwater effects from Sandlick Creek).	From the confluence with Sandlick Creek to approximately 1,600 feet upstream of the confluence with Sandlick Creek.	None	+449	Unincorporated Areas of Muhlenberg County.

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

BILLING CODE 9110-12-P

FEDERAL MARITIME COMMISSION

46 CFR Parts 520 and 532

[Docket No. 10-03]

NVOCC Negotiated Rate Arrangements; Notice of Public Meeting Schedule

AGENCY: Federal Maritime Commission.

ACTION: Proposed rulemaking; notice of public meeting.

SUMMARY: On April 29, 2010, the Federal Maritime Commission issued a Notice of Proposed Rulemaking (NPRM), which appeared in the **Federal Register** on May 7, 2010, proposing a new exemption for non-vessel-operating common carriers agreeing to negotiated rate arrangements from certain provisions and requirements of the Shipping Act of 1984 and certain provisions and requirements of the Commission's regulations. The Commission will hold a public meeting to receive oral comments and allow participants to field questions from the Commission concerning the proposed rule.

DATES: The Commission will hold a public meeting on May 24, 2010.

Written comments are due by June 4, 2010.

ADDRESSES: Submit all written comments (original and 15 copies) to: Karen V. Gregory, Secretary, Federal Maritime Commission, 800 North Capitol Street, NW., Room 1046, Washington, DC 20573-0001, (202) 523-5725.

FOR FURTHER INFORMATION CONTACT: Karen V. Gregory, Secretary; (202) 523-5725. *E-mail:* secretary@fmc.gov.

SUPPLEMENTARY INFORMATION: The Commission has determined to hold a public meeting on May 24, 2010 to receive oral comments and allow participants to field questions from the Commission concerning the Notice of Proposed Rulemaking published May 7, 2010 (75 FR 25150), regarding NVOCC Negotiated Rate Arrangements. The
