

calculated importer-specific ad valorem assessment rates for the merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales made during the POR to the total customs value of the sales used to calculate those duties. This rate will be assessed uniformly on all Patagonik/Colmenares entries of that particular importer made during the POR. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review.

Cash Deposit

At the initiation of this review, the Department issued cash deposit instructions based on the certifications that Patagonik was the exporter and that CSR was the supplier of subject merchandise. The Department has since determined that Patagonik and CSR are affiliated and, furthermore, that the Department should treat Patagonik and CSR as a single entity for purposes of this new shipper review. Finally, the combination from the cash deposit instructions issued at initiation will no longer apply. The *See Collapsing and Affiliation Memorandum*. As such, if this preliminary determination becomes Department would typically apply the combination cash deposit rate to the Patagonik/CSR entity and the producers who supplied Patagonik/CSR during the POR. However, in this particular instance, the number of producers in the form of unaffiliated beekeepers which supplied CSR/Patagonik during the POR is voluminous. The *Preamble* to the Department's regulations states "it may not be practicable to establish combination rates when there are a large number of producers, such as in certain agricultural cases." *Antidumping Duties; Countervailing Duties: Final Rule*, 62 FR 27296, 27303 (May 19, 1997). The Department believes the unique circumstances envisaged in the *Preamble* are present in this particular review. Therefore the Department preliminarily determines that the numerous producers in this case make it impracticable to apply a combination rate.

The following cash-deposit requirements will be effective upon publication of the final results of this new shipper review for all shipments of the subject merchandise from Patagonik/CSR, entered or withdrawn from warehouse, for consumption on or after the publication date as provided for by section 751(a)(2)(C) of the Act. For shipments of subject merchandise exported by Patagonik/CSR, the cash deposit rate shall be the rate determined in the final results of the review. These

deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 16, 2006.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

[A-421-807]

Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands; Extension of Time Limits for Preliminary and Final Results of Full Five-Year ("Sunset") Review of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 24, 2006.

FOR FURTHER INFORMATION CONTACT: Steve Bezirgianian or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1131 or (202) 482-0649, respectively.

Background

On August 1, 2006, the Department of Commerce ("the Department") published in the *Federal Register* the notice of initiation of its sunset review of the antidumping duty order on certain hot-rolled carbon steel flat products from the Netherlands. *See Initiation of Five-Year ("Sunset") Reviews*, 71 FR 43443 (August 1, 2006).

The Department received a Notice of Intent to Participate from Corus Staal

BV on August 8, 2006. Corus Staal BV claimed interested party status as a foreign producer, under Section 771(9)(A) of the Tariff Act of 1930, as amended ("the Act"), 19 U.S.C. 1677(9)(A), and 19 CFR 351.102(b). The following domestic interested parties each submitted a Notice of Intent to Participate, all within the deadline specified in section 351.218(d)(1)(i) of the Department's regulations, identifying themselves as interested parties under 771(9)(c) of the Act: Nucor Corporation (August 10, 2006); Gallatin Steel, IPSCO Steel, Inc., and Steel Dynamics, Inc. (August 15, 2006); Mittal Steel USA (August 16, 2006); United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC (August 16, 2006); and United States Steel Corporation (August 16, 2006).

The Department received a complete and timely joint substantive response from certain domestic interested parties (United States Steel Corporation, Mittal Steel USA Inc., Nucor Corporation, Gallatin Steel Company, Steel Dynamics Inc., and IPSCO Steel Inc.) ("Domestic Producers") on August 31, 2006, within the deadline specified under section 351.218(d)(3)(i) of the Department's regulations. The Department also received a complete substantive response from Corus Staal BV on August 31, 2006. On September 8, 2006, the Department received rebuttal comments from United States Steel Corporation and from Corus Staal BV.

On September 20, 2006, the Department determined that Domestic Producers' and Corus Staal BV's August 31, 2006, submissions constituted adequate responses to the notice of initiation, in accordance with sections 351.218(e)(1)(i) and (ii) of the Department's regulations. *See Sunset Review of Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands: Adequacy of Domestic and Respondent Interested Party Responses to the Notice of Initiation*. As a result, the Department determined, in accordance with section 351.218(e)(2) of its regulations, to conduct a full (240-day) review.

Extension of Time Limits for Preliminary and Final Results of Review

The Act provides for the completion of a full sunset review within 240 days of the publication of the initiation notice. *See* section 751(c)(5)(A) of the Act. In accordance with section 751(c)(5)(B) of the Act, the Department may extend the period of time for making its determination by not more

than 90 days, if it determines that the review is extraordinarily complicated. We determine that this review is extraordinarily complicated, pursuant to sections 751(c)(5)(C) (i) and (ii) of the Act, because there are a large number of issues, some of which are complex. The parties filed comments raising various issues which require additional time for analysis, including the relevance of recent World Trade Organization decisions and the Department's duty absorption analysis in the concurrent administrative review.

The Department's preliminary results of the sunset review of the antidumping duty order on certain hot-rolled carbon steel flat products from the Netherlands are currently scheduled for November 19, 2006 and the final results are currently scheduled for March 29, 2007. However, the Department will extend the deadlines in this proceeding for the above-stated reasons. As a result, the Department intends to issue the preliminary results of the full sunset review by February 12, 2007, and the final results of that review by June 22, 2007. These dates are 85 days from the original scheduled dates of the preliminary and final results of the sunset review.

This notice is issued in accordance with sections 751(c)(5)(B) and (C) of the Act.

Dated: November 16, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

National Oceanic and Atmospheric Administration

Federal Consistency Appeal by Boyer Towing, Inc. From an Objection by the Alaska Department of Natural Resources

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (Commerce).

ACTION: Notice of Appeal and request for comments—administrative appeal decision record.

SUMMARY: This announcement provides notice that Boyer Towing, Inc. ("Boyer Towing") has filed an administrative appeal with the Department of Commerce asking that the Secretary override the Alaska Department of Natural Resources (ADNR) objection to the construction of two proposed log raft mooring buoys inside of the small

cover locally referred to as the "Pothole," on the eastern shore of Woewodski Island in Wrangell Narrows, near Ketchikan, Alaska.

DATES: Public and federal agency comments on the appeal are due within 30 days of the publication of this notice.

ADDRESSES: Comments should be sent to Odin Smith, Attorney-Advisor, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910. Materials from the appeal record will be available at the NOAA Office of the General Counsel for Ocean Services.

FOR FURTHER INFORMATION CONTACT: Odin Smith, Attorney-Advisor, NOAA Office of the General Counsel, 301-713-7392.

SUPPLEMENTARY INFORMATION:

I. Notice of Appeal

Boyer Towing has filed a notice of appeal with the Secretary of Commerce pursuant to the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR Part 930, Subpart H. Boyer Towing appealed an objection raised by the ADNR to a consistency certification contained within its application to the U.S. Army Corps of Engineers for a permit necessary to construct two log raft mooring buoys inside of the small cove locally referred to as the "Pothole," on the eastern shore of Woewodski Island in Wrangell Narrows, near Ketchikan, Alaska.

The Appellant requests that the Secretary override the State's consistency objections on grounds that the project is consistent with the objectives or purposes of the CZMA. To make the determination that the proposed activity is "consistent with the objectives or purposes" of the CZMA, the Secretary must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the adverse effects of the proposed activity do not outweigh its contribution to the national interest, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the activity to be conducted in a manner consistent with enforceable policies of Alaska's coastal management program. 15 CFR 930.121 (2005), *as amended*, 71 FR 787831 (Jan. 5, 2006).

II. Public and Federal Agency Comments

Written comments are invited on any of the issues that the Secretary must consider in deciding this appeal. Comments must be received within 30 days of the publication of this notice, and may be submitted to Odin Smith, Attorney-Advisor, NOAA Office of the General Counsel for Ocean Services, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910. Comments will be made available to Boyer Towing and the State.

III. Appeal Documents

NOAA intends to provide the public with access to all materials and related documents comprising the appeal record during business hours, at the NOAA Office of the General Counsel for Ocean Services.

For additional information about this appeal contact Odin Smith, 301-713-7392.
