Decision of the Governors of the United States Postal Service on Changes in Rates and Classifications of General Applicability for Competitive Products (Governors' Decision No. 23-2)

February 9, 2023

Statement of Explanation and Justification

Pursuant to authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish changes in rates and classifications of general applicability for Parcel Select, one of the Postal Service's competitive products. The changes are described generally below, with a detailed description of the changes in the attachment. The attachment includes

the draft Mail Classification Schedule sections with classification changes in legislative format.

The changes we establish today will simplify and streamline the Parcel Select product in a number of ways. The place of entry and zone options will be aligned across the Parcel Select Destination Entry and Parcel Select Lightweight price tables. The separate and distinct machinable and nonmachinable price tables under Parcel Select Destination Entry will be eliminated, such that one set of prices will remain. The Postal Service expects that the Nonstandard Fees will be relied upon to make up for any cost differential for bulky items. Finally, a new Destination Hub (DHub) price category will be introduced, and new DHub rates will be established. The Postal Service expects these new rates will encourage growth at new facilities.

As with the Postal Service's other recent product simplification efforts, the Postal Service anticipates that its customers will greatly benefit from these changes to the Parcel Select product. The consolidated price tables will be easier to understand, and the streamlined categories will help mailers optimize entry points for their Parcel Select packages. Negotiated Service Agreements will continue to be utilized for Parcel Select customers who seek to take further advantage of package sorting capabilities, entry points, and network capacity.

Order

The changes in rates and classes set forth herein shall be effective at 12:01 a.m. on July 9, 2023. We direct the Secretary to have this decision published in the **Federal Register** in accordance with 39 U.S.C. 3632(b)(2) and direct management to file with the Postal Regulatory Commission appropriate notice of these changes.
