FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0298; FRS 17386]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before March 22, 2021. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0298.

Title: Part 61, Tariffs (Other than the Tariff Review Plan).

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 2,925 respondents; 9,585 responses.

Estimated Time per Response: 1-50 hours.

Frequency of Response: On occasion, annual, biennial, and one-time reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. Sections 151-155, 201-205, 208, 251-271, 403, 502 and 503 of the Communications Act of 1934 (Act), as amended.

Total Annual Burden: 244,477 hours.

Total Annual Cost: \$1,584,000.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: Respondents are not being asked to submit confidential information to the Commission. If the Commission requests respondents to submit information which respondents believe are confidential, respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: On October 9, 2020, the Commission released the 8YY (toll free) Access Charge Reform Order, FCC 20-143, that transitions intercarrier compensation for toll free services either to lower, uniform rate caps or to bill-and-keep over approximately three years as a means of curtailing abuse of the 8YY intercarrier compensation regime. The Order requires price cap and rate-of-return carriers to establish separate rate elements for certain interstate and intrastate toll free and non-toll free services. Carriers are also required to lower their 8YY database query charges over three years, and are prohibited from charging for more than one query per call. Competitive LECs assessing a tariffed intrastate or interstate Toll Free Database Query Charge must cap such charges and revise their tariffs to ensure that those charges do not exceed the rates charged by the competing incumbent LEC.

The information collected through carriers' tariffs is used by the

Commission and state commissions to determine whether services offered are just and reasonable, as the Act requires. The tariffs and any supporting documentation are examined in order to determine if the services are offered in a just and reasonable manner.

Federal Communications Commission.

FEDERAL COMMUNICATIONS COMMISSION

[DA 21-51; FRS 17405]

Federal Advisory Committee Act; Disability Advisory Committee; Announcement of First Meeting

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: The Federal Communications Commission (Commission) hereby announces that the charter of the Disability Advisory Committee (hereinafter Committee) has been renewed pursuant to the Federal Advisory Committee Act (FACA) and following consultation with the Committee Management Secretariat, General Services Administration. The Commission also announces and provides an agenda for the first meeting of the fourth term of the Committee.

DATES: The Committee's first meeting will take place on Thursday, February 18, 2021. The meeting will come to order at 1:30 p.m. Eastern Time.

ADDRESSES: The Committee meeting will be held remotely, with video and audio coverage at www.fcc.gov/live.

FOR FURTHER INFORMATION CONTACT: Debra Patkin, Designated Federal Officer (DFO), Federal Communications Commission, Consumer and Governmental Affairs Bureau, (202) 870-5226, or email: DAC@fcc.gov; or Will Schell, Deputy DFO, at (202) 418-0767.

SUPPLEMENTARY INFORMATION: *Committee Renewal:* After consultation with the General Services Administration, the Commission renewed the charter on December 17, 2020 providing the Committee with authorization to operate for two years.

The mission of the Committee is to make recommendations to the Commission on the full range of disability access topics specified by the Commission and to facilitate the participation of consumers with

disabilities in proceedings before the Commission. In addition, this Committee is intended to provide an effective means for stakeholders with interests in this area, including consumers with disabilities, to exchange ideas, which will in turn enhance the Commission's ability to effectively address disability access issues relevant to matters under its purview.

The Committee is organized under, and operates in accordance with, the provisions of the FACA (5 U.S.C. App. 2). The Committee will be solely advisory in nature. Consistent with FACA and its requirements, each meeting of the Committee will be open to the public unless otherwise noticed. A notice of each meeting will be published in the **Federal Register** at least fifteen (15) days in advance of the meeting. Records will be maintained of each meeting and made available for public inspection. All activities of the Committee will be conducted in an open, transparent, and accessible manner. The Committee shall terminate two years from the date that this renewal is effective (on or before December 17, 2022), or earlier upon the completion of its work as determined by the Chairman, unless its charter is renewed prior to the termination date.

During the Committee's fourth term, it is anticipated that the Committee will meet, either in-person in Washington, DC or, if appropriate, by teleconference, for at least three (3) one-day meetings.

In addition, as needed, working groups or subcommittees (ad hoc or steering) will be established to facilitate the Committee's work between meetings of the full Committee. All meetings, including those of working groups and subcommittees, will be fully accessible to individuals with disabilities.

First Meeting: The February 18, 2021 meeting is open to members of the general public. The meeting will be webcast with American Sign Language interpreters and open captioning at: www.fcc.gov/live. In addition, a reserved amount of time will be available on the agenda for comments and inquiries from the public. Members of the public may comment or ask questions of presenters via the email address livequestions@fcc.gov.

Requests for other reasonable accommodations or for materials in accessible formats for people with disabilities should be submitted via email to: fcc504@fcc.gov or by calling the Consumer and Governmental Affairs Bureau at (202) 418-0530. Such requests should include a detailed description of the accommodation needed and a way for the FCC to contact the requester if more information is needed to fill the

request. Requests should be made as early as possible; last minute requests will be accepted but may not be possible to accommodate.

Proposed Agenda: At this meeting, the Committee is expected to discuss the roles and responsibilities of the Committee and its members; issues that the Committee will address; meeting schedules; and any other topics relevant to the Committee's work. The Committee may also receive briefings from Commission staff on issues of interest to the Committee and may discuss topics of interest to the committee, including, but not limited to, matters concerning communications transitions, telecommunications relay services, emergency access, and video programming accessibility.

Federal Communications Commission.

Suzanne Singleton,

Chief, Disability Rights Office, Consumer and Governmental Affairs Bureau.
