SOCIAL SECURITY ADMINISTRATION

Agency Information Collection Activities: Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions and information collections in use without an OMB number.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer

and SSA Reports Clearance Officer at the following addresses or fax numbers.

(OMB), Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202-395-6974, Email address: *OIRA_Submission@omb.eop.gov*.

(SSA), Social Security Administration, DCRDP, Attn: Reports Clearance Officer, 107 Altmeyer Building, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410-965-6400, Email address: *OPLM.RCO@ssa.gov*.

SSA submitted the information collections below to OMB for clearance. Your comments regarding the information collections would be most useful if OMB and SSA receive them within 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than April 18, 2012. Individuals can obtain copies of the OMB clearance packages by calling the SSA Reports Clearance Officer at 410-965-8783 or by writing to the above email address.

1. *Notice to Show Cause for Failure to Appear—20 CFR 404.938, 416.1438, 404.957(a)(ii)—0960-NEW.* When claimants who requested a hearing before an administrative law judge (ALJ) fail to appear at their scheduled hearing, the ALJ may reschedule the hearing if the claimants establish good cause for missing the hearings. The claimants can provide a reason for not appearing at their scheduled hearings using Form HA-L90. If the ALJ determines the claimants established good cause for failure to appear at the hearing, the ALJ will schedule a supplemental hearing; if not, the ALJ makes a claims eligibility determination based on the claimants' evidence of record. Respondents are claimants seeking to show cause for failure to appear at a scheduled hearing before an ALJ.

Type of Request: Existing collection in use without an OMB number.

Collection instrument	Number of responses	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
HA-L90 PDF/Paper	7,000	1	10	1,167
Electronic Records Express	28,000	1	10	4,667
Total	35,000	5,834

2. *Request for Documents or Information—20 CFR 404.703-0960-NEW.* SSA asks individuals applying for Social Security benefits for additional information when the information they provided is incomplete or insufficient

for us to determine their eligibility for benefits. SSA uses the SSA-2118-U2, Request for Documents or Information, to request the additional documents or information we need to process individuals' claims for benefits.

Respondents are claimants for title II Social Security Old Age, Survivors, and Disability Insurance benefits.

Type of Request: Existing collection in use without an OMB number.

Collection instrument	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-2118-U2	7,500	1	5	625

3. *Statement of Living Arrangements, In-Kind Support and Maintenance—20 CFR 416.1130–416.1148—0960–0174.* SSA determines Supplemental Security Income (SSI) payment amounts based on applicants' and recipients' needs. We measure individuals' needs, in part, by the amount of income they receive,

including in-kind support and maintenance in the form of food and shelter provided by other persons. SSA uses information from Form SSA-8006-F4 to determine if in-kind support and maintenance exists for SSI applicants and recipients. This information also assists SSA in determining the income

value of in-kind support and maintenance SSI applicants and recipients receive. The respondents are individuals who apply for SSI payments, or who complete an SSI eligibility redetermination.

Type of Request: Revision of an OMB-approved information collection.

Collection instrument	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-8006-F4	173,380	1	7	20,228

4. *Statement of Funds You Provided to Another and Statement of Funds You Received—20 CFR 416.1103(f)—0960–0481.* SSA uses Forms SSA-2854 and SSA-2855 to gather information to verify if a loan is bona fide for SSI recipients. The SSA-2854 asks the lender for details on the transaction, and Form SSA-2855 asks the borrower the same basic questions independently. Agency personnel then compare the two statements, gather evidence if needed, and make a decision on the validity of the bona fide status of the loan.

For SSI purposes, we consider a loan bona fide if it meets these requirements:

- Must be between a borrower and lender with the understanding that the borrower has an obligation to repay the money;
- Must be in effect at the time the cash goes to the borrower, that is, the agreement cannot come after the cash is paid; and
- Must be enforceable under State law; often there are additional requirements from the State.

SSA collects this information at the time of initial application for SSI or at any point when an individual alleges being party to an informal loan while receiving SSI. SSA collects information on the informal loan through both interviews and mailed forms. The agency's field personnel conduct the interviews and mail the form(s) for completion, as needed. The respondents are SSI recipients and applicants, and individuals who lend money to them.

Type of Request: Revision of an OMB-approved information collection.

Form	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-2854	20,000	1	10	3,333
SSA-2855	20,000	1	10	3,333
Totals	40,000	6,666

5. *Certification of Low Birth Weight for SSI Eligibility of Funds You Provided to Another and Statement of Funds You Received—20 CFR 416.931, 416.926a(m), and 416.924—0960–0720.* Hospitals and claimants use Form SSA-3380 to provide medical information to local field offices (FO) and the Disability Determination Services (DDS) on behalf of infants with low birth weight. FOs

use the form as a protective filing statement and the medical information to make presumptive disability findings, which allow expedited payment to eligible claimants. DDSs use the medical information to determine disability and continuing disability. The respondents are hospitals and claimants who have information identifying low birth weight babies and their medical conditions.

This is a correction notice. SSA published this information collection as an extension on January 3, 2012 at 77 FR 147. Since we are revising the Privacy Act Statement, this is actually a revision of an OMB-approved information collection.

Type of Request: Revision of an OMB-approved information collection.

Collection instrument	Number of respondents	Frequency of response	Average burden of response (minutes)	Estimated total annual burden (hours)
SSA-3380	24,000	1	15	6,000

Dated: March 14, 2012.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2127-0621.

Title: 49 CFR 571.403, Platform lift systems for motor vehicles and 49 CFR 571.404, Platform lift installations in motor vehicles.

Form Numbers: None.

Type of Review: Renewal of a previously approved information Collection.

Background

FMVSS No. 403, Platform lift systems for motor vehicle, establishes minimum performance standards for platform lifts designed for installation on motor vehicles. Its purpose is to prevent injuries and fatalities to passengers and bystanders during the operation of platform lifts that assist wheelchair users and other persons with limited mobility in entering and leaving a vehicle. FMVSS No. 404, Platform lift installations in motor vehicles, places specific requirements on vehicle manufacturers or alterers who install platform lifts in new vehicles. Under these regulations, lift manufacturers must certify that their lifts meet the requirements of FMVSS No. 403 and must declare the certification on the owner's manual insert, the installation instructions and the lift operating instruction label. Certification of compliance with FMVSS No. 404 is on the certification label already required of vehicle manufacturers and alterers under 49 CFR part 567. Therefore, lift manufacturers must produce an insert that is placed in the vehicle owner's manual, installation instructions and one or two labels that are placed near the controls of the lift. The requirements and our estimates of burden and cost to the lift manufacturers are given below. There is no burden to the general public.

Respondents: Platform lift manufacturers and vehicle manufacturers/alterers that install platform lifts in new motor vehicles before first vehicle sale.

Estimated Number of Respondents: 10.

Estimated Total Annual Burden

Estimated burden to lift manufacturers to produce an insert for the vehicle owner's manual stating the lift's platform operating volume, maintenance schedule, and instructions regarding the lift operating procedures:

—10 manufacturers × 24 hrs. amortized over 5 yrs. = 48 hrs. per year.

Estimated burden to lift manufacturers to produce lift installation instructions identifying the vehicles on which the lift is designed to be installed:

—10 manufacturers × 24 hrs. amortized over 5 yrs. = 48 hrs. per year.

Estimated burden to lift manufacturers to produce two labels for operating and backup lift operation:

—10 manufacturers × 24 hrs. amortized over 5 yrs. = 48 hrs. per year.

Estimated burden to lift manufacturers to produce two labels for operating and backup lift operation:

—10 manufacturers × 24 hrs. amortized over 5 yrs. = 48 hrs. per year.

Estimated cost to lift manufacturers to produce:

—Label for operating instructions—
27,398 lifts × \$0.13 per label =
\$3,561.74.

—Label for backup operations—27,398 lifts × \$0.13 per label = \$3,561.74.

—Owner's manual insert—27,398 lifts × \$0.04 per page × 1 page = \$1,095.92.

—Installation instructions—27,398 lifts × \$0.04 per page × 1 page = \$1,095.92.

Note: Although lift installation instructions are considerably more than one page, lift manufacturers already provide lift installation instructions in the normal course of business and one additional page should be adequate to allow the inclusion of FMVSS specific information.

Total estimated annual cost =
\$9,315.32.

Total estimated hour burden per year = 144 hours.

Estimated Number of Respondents: 10.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for the Department's performance; (b) the accuracy of the estimated burden; (c) ways for the Department to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.
