

administrative files, subject files, field office reports, complaints, investigative case files, training materials, and promotional materials. Also included are electronic copies of records created using electronic mail and word processing. Proposed for permanent retention are recordkeeping copies of records relating to substantive inquiries, investigations, and independent reviews.

6. Department of Justice, Justice Management Division (N1-60-04-3, 1 item, 1 temporary item). Contact information concerning former agency employees. Records may be maintained in paper or as electronic records.

7. Department of State, Bureau of Administration (N1-59-04-1, 12 items, 12 temporary items). Records relating to G-8 Summit planning, including such records as program files, reports, meeting minutes, and informational videos and web pages used to disseminate information about the summit. Also included are electronic copies of documents created using word processing and electronic mail.

8. Department of the Treasury, Bureau of Engraving and Printing (N1-318-04-1, 7 items, 4 temporary items). Records relating to strategic planning and capital investment initiatives. Also included are electronic copies of records created using electronic mail or word processing. Proposed for permanent retention are recordkeeping copies of records relating to the agency's five-year strategic plan, capital portfolio documents, and files relating to major capital investment projects.

9. Department of the Treasury, Bureau of Engraving and Printing (N1-318-04-5, 15 items, 6 temporary items). Status reports and other facilitative records relating to testing currency products, counterfeit deterrence, and currency design. Also included are electronic copies of records created using electronic mail and word processing. Proposed for permanent retention are recordkeeping copies of records relating to such matters as policy and research, counterfeit deterrence, and currency design.

10. Department of the Treasury, Bureau of Engraving and Printing (N1-318-04-14, 11 items, 11 temporary items). Records of the Inventory and Materials Division relating to managing the use of materials and forecasting future material requirements for the production of currency and other products. Records include material requirement plans, requisitions, inventory records, and material testing files. Also included are electronic copies of records created using electronic mail and word processing.

11. Department of the Treasury, Bureau of Engraving and Printing (N1-318-04-15, 17 items, 16 temporary items). Records of the Engineering and Maintenance Division relating to equipment and facility operations and maintenance, including electronic systems. Also included are electronic copies of records created using electronic mail and word processing. Proposed for permanent retention are recordkeeping copies of drawings, plans, and related files pertaining to buildings owned by the agency.

12. Department of the Treasury, Bureau of Engraving and Printing (N1-318-04-16, 22 items, 21 temporary items). Records of the Currency Standards Division relating to the mutilation of currency, including electronic tracking systems. Also included are electronic copies of records created using electronic mail and word processing. Proposed for permanent retention are recordkeeping copies of the Currency Verification and Destruction Manual.

13. Federal Mediation and Conciliation Service, Office of Labor Management Grants Administration (N1-280-04-01, 17 items, 17 temporary items). Records relating to agency grant programs, including case files, grant applications, contractual agreements, and grant contract dispute reviews. Also included are electronic copies of documents created using electronic mail and word processing.

14. Tennessee Valley Authority, Agency-wide, (N1-142-03-4, 80 items, 80 temporary items). Paper and electronic records relating to environmental matters, including air quality, asbestos abatement, drinking water safety, the management of hazardous wastes, and oil spills. Also included are electronic copies of documents created using electronic mail and word processing.

Dated: March 10, 2004.

Michael J. Kurtz,

*Assistant Archivist for Record Services—
Washington, DC.*

BILLING CODE 7515-01-P

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Meetings of Humanities Panel

AGENCY: National Endowment for the Humanities.

ACTION: Notice of meetings.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, as amended), notice is

hereby given that the following meetings of the Humanities Panel will be held at the Old Post Office, 1100 Pennsylvania Avenue, NW., Washington, DC 20506.

FOR FURTHER INFORMATION CONTACT:

Heather Gottry, Acting Advisory Committee Management Officer, National Endowment for the Humanities, Washington, DC 20506; telephone (202) 606-8322. Hearing-impaired individuals are advised that information on this matter may be obtained by contacting the Endowment's TDD terminal on (202) 606-8282.

SUPPLEMENTARY INFORMATION: The proposed meetings are for the purpose of panel review, discussion, evaluation and recommendation on applications for financial assistance under the National Foundation on the Arts and the Humanities Act of 1965, as amended, including discussion of information given in confidence to the agency by the grant applicants. Because the proposed meetings will consider information that is likely to disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential and/or information of a personal nature the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee meetings, dated July 19, 1993, I have determined that these meetings will be closed to the public pursuant to subsections (c) (4), and (6) of section 552b of title 5, United States Code.

1. *Date:* April 2, 2004.

Time: 8:30 a.m. to 5 p.m.

Room: 415.

Program: This meeting will review applications for Humanities Projects in Museums and Historical Organizations, submitted to the Division of Public Programs at the February 3, 2004, deadline.

2. *Date:* April 8, 2004.

Time: 8:30 a.m. to 5 p.m.

Room: 415.

Program: This meeting will review applications for Special Projects, submitted to the Division of Public Programs at the February 3, 2004, deadline.

3. *Date:* April 19, 2004.

Time: 9 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for Summer Seminars and Institutes for College and University Teachers, submitted to the Division of Education Programs at the March 1, 2004, deadline.

4. *Date:* April 20, 2004.

Time: 9 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for Summer Seminars and Institutes for School Teachers, submitted to the Division of Education Programs at the March 1, 2004, deadline.

5. *Date:* April 20, 2004.

Time: 8:30 a.m. to 5:30 p.m.

Room: 415.

Program: This meeting will review applications for We the People Challenge Grants, submitted to the Office of Challenge Grants at the February 2, 2004, deadline.

6. *Date:* April 22, 2004.

Time: 8:30 a.m. to 5:30 p.m.

Room: 415.

Program: This meeting will review applications for We the People Challenge Grants, submitted to the Office of Challenge Grants at the February 2, 2004, deadline.

7. *Date:* April 22, 2004.

Time: 9 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for Summer Seminars and Institutes for School Teachers, submitted to the Division of Education Programs at the March 1, 2004, deadline.

8. *Date:* April 23, 2004.

Time: 9 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for Summer Seminars and Institutes for College and University Teachers, submitted to the Division of Education Programs at the March 1, 2004, deadline.

9. *Date:* April 26, 2004.

Time: 9 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for Summer Seminars and Institutes for College and University Teachers, submitted to the Division of Education Programs at the March 1, 2004, deadline.

10. *Date:* April 27, 2004.

Time: 9 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for Summer Seminars and Institutes for School Teachers, submitted to the Division of Education Programs at the March 1, 2004, deadline.

11. *Date:* April 29, 2004.

Time: 9 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for Summer Seminars and Institutes for School Teachers, submitted to the Division of Education

Programs at the March 1, 2004, deadline.

Heather Gottry,

Acting Advisory Committee Management Officer.

BILLING CODE 7536-01-P

NUCLEAR REGULATORY COMMISSION

Biweekly Notice; Applications and Amendments Facility Operating Licenses Involving No Significant Hazards Considerations; Correction

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of issuance; correction.

SUMMARY: This document corrects an entry in the biweekly notice appearing in the **Federal Register** on January 20, 2004 (69 FR 2735). The corrected information considers issuance of an amendment to Facility Operating License No. NPF-16, issued to Florida Power and Light Company, St. Lucie Plant, Unit No. 2 (Docket No. 50-389). This action is necessary to include text that was missing. This notice is being republished in its entirety.

FOR FURTHER INFORMATION CONTACT: Beverly A. Clayton, Office of Nuclear Reactor Regulation, Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone: 301-415-3475, e-mail: bac2@nrc.gov.

SUPPLEMENTARY INFORMATION: On page 2743, near the bottom of the second column the notice starting with "Florida Power and Light," and ending in the third column with "NRC Section Chief: Allen G. Howe," should read as follows:

Florida Power and Light Company, Docket No. 50-389, St. Lucie Plant, Unit No. 2, St. Lucie County, Florida

Date of amendment request: December 2, 2003.

Description of amendment request: The proposed amendment would revise the Technical Specifications to allow a reduction in the minimum reactor coolant system flow, corresponding to an increase in the steam generator tube plugging limit from 15 percent to 30 percent.

Basis for proposed no significant hazards consideration determination: As required by 10 CFR 50.91(a), the licensee has provided its analysis of the issue of no significant hazards consideration, which is presented below:

(1) Operation of the facility in accordance with the proposed amendment would not

involve a significant increase in the probability or consequences of an accident previously evaluated.

None of the proposed changes to the Technical Specifications nor the reload methodology result in operation of the facility that would adversely affect the initiation of any accident previously evaluated. There is no adverse impact on any plant system. All systems will function as designed, and all performance requirements for these systems remain acceptable. The comprehensive engineering effort, performed to support the proposed changes, has included evaluations or analyses of all the accident analyses including the effects of ZIRLO™ fuel rod cladding. The DNBR and setpoint analyses have verified that the accident analyses criteria continue to be met.

Dose consequences acceptance criteria have been verified to be met for all the events.

Therefore, the proposed changes do not significantly increase the probability or consequences of an accident previously evaluated.

(2) Operation of the facility in accordance with the proposed amendments would not create the possibility of a new or different kind of accident from any previously evaluated.

No new accident scenarios, failure mechanisms or limiting single failures are introduced as a result of the proposed changes to the Technical Specifications and the reload methodology. The proposed changes have no adverse effects on any safety-related systems and do not challenge the performance or integrity of any safety-related system. The DNBR limits and trip setpoints associated with the respective reactor protection system functions have verified that the accident analyses criteria continue to be met.

Therefore, this amendment will not create the possibility of a new or different kind of accident from any accident previously evaluated.

(3) Operation of the facility in accordance with the proposed amendments would not involve a significant reduction in a margin of safety.

The safety analyses of all design basis accidents, supporting the proposed changes to the Technical Specifications and the reload methodology, continue to meet the applicable acceptance criteria with respect to the radiological consequences, specified acceptable fuel design limits (SAFDLs), primary and secondary overpressurization, and 10 CFR 50.46 requirements. The DNBR and the setpoint analyses are performed on a cycle-specific basis to verify that the reactor protection system functions continue to provide adequate protection against fuel design limits. Revised steam line break and LOCA mass and energy releases were determined and used to confirm the overall containment response remains acceptable. The performance requirements for all systems have been verified to be acceptable from design basis accidents' consideration. The proposed amendment, therefore, will not involve a significant reduction in the margin of safety.
