December 29, 2005.

Take notice that on December 23, 2005, Natural Gas Pipeline Company of America (Natural), pursuant to Rule 207 of the Federal Energy Regulatory Commission's Rules of Practice and Procedure, submitted a petition for waiver of tariff and request for expedited action to waive certain secondary point rights provisions set forth in section 5.5 of its General Terms and Conditions. Natural makes this request to provide shippers with added flexibility in responding to capacity constraints on Natural's Gulf Coast Line brought on by system testing and maintenance. Natural requests that the Commission grant this petition by January 20, 2006, so that shippers can utilize the waiver to set up February business, thereby mitigating the impact of the capacity reductions.

### Federal Energy Regulatory Commission

[Docket Nos. CP06-42-000, CP06-43-000]

#### Northern Natural Gas Company, Targa Texas Field Services LP; Notice of Application and Petition for a Declaratory Order

December 29, 2005.

Take notice that on December 27, 2005, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, filed in Docket No. CP06-42-000 an application pursuant to section 7(b) of the Natural Gas Act and part 157 of the Commission's Regulations, for permission and approval to abandon by sale various natural gas pipeline facilities located in various Texas counties to Targa Texas Field Services LP (Targa), 1000 Louisiana Street, Suite 4700, Houston, Texas 77002. On December 23, 2005, Targa filed in Docket No. CP06-43-000 a petition for a declaratory order with the Commission disclaiming jurisdiction for the facilities it intends to purchase from Northern. Northern's and Targa's applications are on file with the Commission and open to public inspection. These filings may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link, select "Docket #" and follow the instructions (call 202-502-8222 or for TTY, 202-502-8659).

Northern proposes to abandon by sale to Targa approximately 101 miles of 16-, 10-, 8-, and 4-inch diameter pipeline, including all delivery and receipt points and appurtenant facilities in Schleicher, Irion, Reagan, Glasscock, and Midland Counties, Texas, for a price of \$3,000,000 pursuant to their October 31, 2005, sales agreement. Concurrently, Targa petitions for a declaratory order disclaiming the

Commission's jurisdiction over the facilities, rates, services, or operations (referred to as the Eldorado—Spraberry facilities) it would purchase from Northern. Northern states that Targa would integrate the Eldorado—Spraberry facilities into Targa's gathering system and offer gathering service to existing customers as well as to other parties who request service on these facilities.

Any questions regarding this application should be directed to Michael T. Loeffler, Director, Certificates and Government Affairs for Northern, 1111 South 103rd Street, Omaha, Nebraska 68124, at (402) 398-7103 or Dan Middlebrooks, Director Gas Supply—Texas, Targa Texas Field Services LP, 1000 Louisiana Street, Suite 4700, Houston, Texas 77002, at (713) 584-1047.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and

two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.
