SUPPLEMENTARY INFORMATION:

Background

Under titles II and XVI of the Act, we pay benefits to individuals who meet our rules for entitlement and have medically determinable physical or mental impairments that are severe enough to meet the definition of disability in the Act. The rules for determining disability can be very complicated, but some individuals have such serious medical conditions that their conditions obviously meet our disability standards with minimal objective medical evidence alone. To better address the needs of these individuals, we are looking into ways to allow benefits as quickly as possible based on minimal objective medical information.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Fishery off the Southern Atlantic States; Amendment 17B

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS issues this proposed rule to implement Amendment 17B to the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP), as prepared and submitted by the South Atlantic Fishery Management Council (Council). This proposed rule would, for South Atlantic snapper-grouper, establish annual catch limits (ACLs), and accountability measures (AMs) for eight snapper-grouper species undergoing overfishing; modify management measures to limit total mortality of those species to the ACL; and add ACLs, annual catch targets (ACTs), and AMs to the management measures that may be amended via the framework procedure. This proposed rule is intended to address overfishing of eight snapper-grouper species while maintaining catch levels consistent with achieving optimum yield.
