SUPPLEMENTARY INFORMATION:

Title: Domestic Quarantine Regulations.

OMB Control Number: 0579–0088.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement in interstate commerce of any plant, plant product, biological control organism, noxious weed, article, or means of conveyance, if the Secretary determines that the prohibition or restriction is necessary to prevent the introduction or the dissemination of a plant pest into the United States.

The Animal and Plant Health Inspection Service's (APHIS') regulations in 7 CFR part 301, "Domestic Quarantine Notices," are necessary to regulate the movement of certain articles from infested areas to noninfested areas to prevent the spread of plant pests. These measures help prevent the pests from spreading from quarantined areas to noninfested areas of the United States.

Administering these regulations requires APHIS to collect information from a variety of individuals who are involved in growing, packing, handling, and transporting plants and plant products. The information serves as supporting documentation required for the issuance of forms and documents that authorize the movement of regulated plants and plant products and is vital to help prevent the spread of injurious plant pests within the United States. Collecting this information requires APHIS to use a number of

forms and documents, including permits and certificates; applications; compliance and cooperative agreements; workplans and petitions; requests for inspection; labeling, notices, and reports; emergency action notifications and reports of violation; warnings, cancellations, and appeals; and recordkeeping.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.28 hours per response.

Respondents: State, Local, and Tribal government agricultural representatives, agricultural business representatives, and private citizens.

Estimated annual number of respondents: 8,821.

Estimated annual number of responses per respondent: 108.

Estimated annual number of responses: 948,507.

Estimated total annual burden on respondents: 261,393 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 8th day of November 2022.

Anthony Shea,

Administrator, Animal and Plant Health Inspection Service.

Rural Business-Cooperative Service

[Docket No. RBS-22-BUSINESS-0006]

Higher Blends Infrastructure Incentive Program (HBIIP); Correction

AGENCY: Commodity Credit Corporation and the Rural Business-Cooperative Service, Department of Agriculture (USDA).

ACTION: Notice; correction.

SUMMARY: The Commodity Credit Corporation (CCC) and the Rural Business-Cooperative Service (RBCS or the Agency) published a Funding Opportunity Announcement (FOA) in the *Federal Register* of August 23, 2022, entitled Higher Blends Infrastructure Incentive Program (HBIIP) to announce that it was accepting applications for fiscal year 2022 (FY 22) and the availability of approximately \$100 million in competitive grants. In addition, the FOA defined requirements that are determined at the time a funding announcement is published, as outlined in the regulation. The FOA omitted clarifying information regarding eligible applicants for the funding. The Eligible Applicants section is being updated to clarify that hybrid applications, or those including transportation fueling facility implementation activities and fuel

distribution facilities implementation activities, are ineligible. This Notice clarifies that applicants can only apply for one of the two applicant types and those successful applicants will only receive the funding associated with one applicant type.

FOR FURTHER INFORMATION CONTACT: Jeff Carpenter, email HigherBlendsGrants-access@usda.gov, telephone: (402) 318-8195.

SUPPLEMENTARY INFORMATION:

Correction

In the *Federal Register* of August 23, 2022 in FR Doc. 2022-18123 on page 51642 in the third column, under III. Eligibility Information, correct the A. *Eligible Applicants*. caption to read:

A. *Eligible Applicants*

Owners of transportation fueling facilities and owners of fuel distribution facilities located in the United States and its territories may apply for this program. Eligible entities include: fueling stations, convenience stores, hypermarket retailer fueling stations, fleet facilities (including automotive, freight, rail and marine), and similar entities with equivalent capital investments, as well as fuel/biodiesel terminal operations, midstream operations, and heating oil distribution facilities or equivalent entities.

Applicants must include all proposed activity under a single application. Applicants must own or have the legal right to control all site locations included in their application. Applicants may apply for and will only receive funding associated with implementation activities for one or more transportation fueling facilities or one or more fuel distribution facilities. Applications including combinations of transportation fueling facility implementation activities and fuel

distribution facilities implementation activities are ineligible. Application requirements and other important information is available on the HBIIP web page: <https://www.rd.usda.gov/hbiip>.

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, U.S. Department of Commerce.

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

SUPPLEMENTARY INFORMATION:
