This system maintains information necessary for the Department to process applications for Federal student financial program assistance under title IV of the Higher Education Act of 1965, as amended (HEA); to perform the responsibilities of the Federal Student Aid (FSA) Ombudsman; to provide Federal student loan repayment relief including under the borrower defense to repayment regulations; to notify aid applicants and aid recipients of aid program opportunities and updates under title IV of the HEA via digital communication channels; and to maintain the *StudentAid.gov* website as

the front end for assisting customers with all of their Federal student financial aid needs throughout the student aid lifecycle. Electronic records maintained in the Aid Awareness and Application Processing (AAP) system are collected by the Department’s Digital and Customer Care (DCC) Information Technology (IT) system.

#### SUPPLEMENTARY INFORMATION:

In accordance with the Privacy Act, the Department proposes to modify the system of records notice entitled “Aid Awareness and Application Processing” (18-11-21). As described in greater detail below, these modifications include the addition to the Aid Awareness and Application Processing (AAP) system of records of the information collected through the Free Application for Federal Student Aid (FAFSA®) Processing System (FPS), which will modernize the legacy Central Processing System (CPS) with new, more efficient technology such as cloud storage. CPS is the information system within the AAP system of records that currently processes data from the FAFSA. CPS will process award year 2023-2024 data through September 30, 2024. FPS will become operational on or after December 1, 2023, to begin

processing FAFSA data for award year 2024–2025. Therefore, CPS and FPS will process a separate FAFSA cycle for a period of time on or after December 1, 2023, through September 30, 2024. After September 30, 2024, CPS will be decommissioned and fully replaced by FPS within AAAP. FPS will process data for all award years thereafter. (Note: CPS began accepting applications for the 2023–2024 award year (July 1, 2023–June 30, 2024) on October 1, 2022, and will process corrections through September 30, 2024. FPS will begin accepting applications for the 2024–2025 award year (July 1, 2024–June 30, 2025) on or after December 1, 2023, and will process corrections through September 30, 2025. CPS and FPS will process applications for two separate award years between December 1, 2023–September 30, 2024.)

In addition to the incorporation of FPS, the modifications to the AAAP system will also allow the Department to implement two new laws for the 2024–2025 FAFSA award year: the FAFSA Simplification Act, title VII, division FF of Public Law 116–260 (*see*: “Beginning Phased Implementation of the FAFSA Simplification Act (Electronic Announcement (EA) ID: General–21–29),” available at <https://fsapartners.ed.gov/knowledge-center/library/electronic-announcements/2021-06-11/beginning-phased-implementation-fafsa-simplification-act-ea-id-general-21-39>, which is an electronic announcement that explains the Department’s phased approach to the implementation of the FAFSA Simplification Act), and the Fostering Undergraduate Talent by Unlocking Resources for Education (FUTURE) Act, Public Law 116–91, which directs the Internal Revenue Service (IRS), upon the written request of the Department, to disclose specific Federal Tax Information (FTI) to an “authorized person” for specific purposes, including, but not limited to, determining eligibility for, or repayment obligations under, income-driven repayment (IDR) plans with respect to loans under part D of title IV of the HEA, and determining eligibility for and the amount of student financial aid under subpart 1 of part A, part C, or part D of title IV of the HEA and requires, as a condition of receiving such FTI, compliance by the Department and “authorized persons” with IRS Publication 1075, “Tax Information Security Guidelines for Federal, State and Local Agencies, Safeguards for Protecting Federal Tax Returns and Return Information,” (IRS Publication 1075) to meet IRS security and privacy

requirements. The FAFSA Simplification Act, which includes a significant overhaul of Federal student financial program assistance under title IV of the HEA including the need analysis, will replace the Expected Family Contribution (EFC) with the Student Aid Index (SAI) and will reinstate the eligibility of qualified incarcerated students in Federal and State penal facilities to receive a Federal Pell Grant (starting with the 2023–2024 award year). Thus, this system of records is modified to reflect the receipt of the SAI and the implementation of an Incarcerated Student Indicator Flag that will be used to identify an aid applicant as an incarcerated student. The FUTURE Act will require that a student’s SAI be calculated using the FTI that the Department will receive directly from the IRS, which will be maintained by the Department in a separate system covered by the system of records notice entitled “FUTURE Act System (FAS)” (18–11–23) that the Department will publish in the **Federal Register**. Hence, this system of records will receive the SAI from the FAS (starting with the 2024–2025 award year). The AAAP system will not store FTI that the IRS will disclose directly to the Department for purposes of FAFSA application processing and aid eligibility determination and to determine eligibility and monthly payment amounts under IDR plans as that will be stored in the FAS.

Specifically, the Department is modifying the section entitled “SYSTEM LOCATION” to clarify the system locations for CPS and the DCC IT system, and to add the system locations for FPS.

The Department is modifying the section entitled “SYSTEM MANAGER(S)” to add the information system owner for FPS.

The Department is modifying the section entitled “PURPOSES(S) OF THE SYSTEM” to update the purposes related to applying for Federal student financial assistance and administering title IV, HEA programs as follows:

(i) Purpose (3) is updated to also include verifying the identity of an individual who applies for an FSA ID until CPS is decommissioned after September 30, 2024.

(ii) Purpose (5) is updated to revise the reference to duly authorized matching programs between the Department and “State or local agencies” to instead read “State or local governments, or agencies thereof,” as entities with which the Department may engage in duly authorized matching programs and report the matching results to applicants, IHEs, third-party

servicers, State agencies designated by the applicant, and Departmental and investigative components where the Department is required by law to do so or where it would be essential to the conduct of the matching program to report, such as for the imposition of criminal, civil, or administrative sanctions.

The Department is modifying the section entitled “PURPOSE(S) OF THE SYSTEM” to update the purposes related to managing customer engagement as follows:

(i) Purpose (7) is updated to reference additional borrower defense to repayment regulations that enable the Department to carry out its duties and responsibilities in governing the program; and

(ii) Purpose (8) is updated to reflect the language used in the Department’s borrower defense to repayment regulations effective July 1, 2023, pursuant to which the Department will pursue the recovery of liabilities from an institution of higher education (IHE) for losses incurred as a result of the act or omission of the IHE participating in the Federal student loan programs.

Also, the Department is modifying the section entitled “PURPOSES(S) OF THE SYSTEM” to update the purposes related to the Department’s administration and oversight of title IV, HEA programs as follows:

(i) Purpose (9) is updated to add the spouse of a married applicant as an individual who can be informed of information about themselves in an application for title IV, HEA funds;

(ii) Purpose (10) is updated to clarify that applicant records are disclosed to the parent(s) of a dependent applicant applying for a PLUS loan (to be used on behalf of a student), to identify the student as the correct beneficiary of the PLUS loan funds, and to allow the processing of the PLUS loan application and promissory note;

(iii) Purpose (11) is updated to broaden “student application process” to “application process” so that it also applies to other applicants such as parent applicants;

(iii) Purpose (12) is updated to clarify that an applicant will be enabled, at the applicant’s written request, to obtain income information about the applicant from the IRS using the Data Retrieval Tool until CPS is decommissioned after September 30, 2024; and

(iv) Purpose (17) is updated to include the implementation and evaluation of education policies in relation to title IV, HEA programs to better clarify the purpose.

The Department is modifying the section entitled “CATEGORIES OF

# INDIVIDUALS COVERED BY THE SYSTEM” as follows:

(i) To clarify in the first paragraph that requests for borrower defense to repayment may be submitted to the Department by certain State agencies and legal assistance organizations (“third-party requestors”) who may request that the Secretary of Education form groups of borrowers under the Department’s borrower defense to repayment regulations effective July 1, 2023. (Note: 34 CFR 685.401(a) defines the term “legal assistance organization” as “a legal assistance organization that: (i) employs attorneys who: (A) [a]re full-time employees; (B) provide civil legal assistance on a full-time basis; and (C) [a]re continually licensed to practice law; and (ii) [i]s a nonprofit organization that provides legal assistance with respect to civil matters to low-income individuals without a fee.” The regulation defines the term “third-party requestor” to mean “a State requestor or legal assistance organization as defined in § 685.401(a).”);

(ii) To remove from the second paragraph coverage of students who are in attendance at a secondary school and about whom State grant agencies currently submit information (e.g., name, date of birth (DOB), and zip code) to the Department in order for the State grant agencies and other eligible requesting entities, such as secondary schools, local educational agencies (LEAs), or Tribal agencies, that have an established relationship with the student pursuant to the terms and conditions of the Student Aid Internet Gateway (SAIG) Participation Agreement for State Grant Agencies, to obtain the student’s FAFSA filing status information to promote and encourage the student to apply for title IV, HEA program assistance, as currently permitted by section 483(a)(3)(E) of the HEA (20 U.S.C. 1090(a)(3)(E)), as of June 30, 2024, because the Department will cease providing the student’s FAFSA filing status information for this purpose due to the amendment of the HEA;

(iii) To update the third paragraph to cover the spouse of a married applicant for student financial assistance under one of the programs authorized under title IV of the HEA and the parent(s) of a dependent applicant for student financial assistance under one of the programs authorized under title IV of the HEA; and, for purposes of clarity, to replace “authorized third parties” with “third-party preparers;” and

(iv) To add a new fourth paragraph to explain that until CPS is decommissioned after September 30, 2024, this system of records notice will cover individuals who apply for an FSA

ID, as CPS is used as a pass-through to send records from the Department’s Person Authentication Service (PAS) system to the Social Security Administration (SSA) for computer matching in order to assist the Department in verifying their identities.

The Department is modifying the section entitled “CATEGORIES OF RECORDS IN THE SYSTEM” as follows:

(i) Category (1) is updated to note that driver’s license number will not be collected on the FAFSA for award year 2024–2025 and onward, and will not be collected by FPS; to remove “Federal tax information” and to include asset and income information as an example of financial information provided by the applicant for title IV, HEA program assistance on an incomplete or completed FAFSA; and, to add a parenthetical that explains that the FTI that the Department will directly obtain from the IRS under the FUTURE Act will not be maintained in the AAAP system, but in a separate system of records entitled the “FUTURE Act System (FAS)” (18–11–23), for which the Department will publish a system of records notice in the **Federal Register**;

(ii) Category (2) is updated to inform the public that starting with award year 2024–2025, “the parent’s highest level of schooling completed” will be replaced on the FAFSA with “the parent’s college attendance status” to reflect changes to section 483 of the HEA made by the FAFSA Simplification Act;

(iii) Category (3) is updated to, more broadly, cover “information about the spouse of a married applicant,” rather than only “information on spousal income and assets,” and to provide examples of the data elements that will be maintained in this system on the spouse of a married applicant;

(iv) Category (5) is updated to inform the public that EFC information will be calculated by CPS through the 2023–24 award year and to relocate, with some modifications, as described below, the discussion of other information previously described in Category (5), such as the information on the applicant’s Institutional Student Information Record (ISIR) and Student Aid Report (SAR), to newly renumbered Category (6);

(v) Newly renumbered Category (6) is added to reflect the discussion of information on the applicant’s ISIR and SAR, along with related processes, previously set forth in Category (5), with updates: to explain that the ISIR and SAR will be used to report, among other things, the SAI results that are calculated during FPS processing; to explain that SAI information will be available to, and used by, IHEs to

determine eligibility for Federal and institutional program assistance and the amount of assistance, and State grant agencies to determine eligibility for State grants and the amount of grant assistance; and to add an Incarcerated Student Indicator Flag (an indicator that will be used to identify an aid applicant as an incarcerated student) as an example of information maintained in the system;

(vi) Newly renumbered Category (7) is updated to add the name, address, and phone number of “third-party requestor(s), as this term is defined in 34 CFR 685.401(a),” as information that, if applicable, identifies aid applicant or aid recipient complaints, positive feedback, reports of suspicious activity, requests for assistance, requests for borrower defense relief, requests for PSLF reconsideration, or other inquiries;

(vii) Newly added Category (13) is added to cover information provided on third-party preparers, including, but not limited to, first name, last name, Social Security number (SSN) or employer identification number, affiliation, address or employer’s address, signature, and signature date, due to section 483(d)(2) of the HEA, as amended by section 702(m) of the FAFSA Simplification Act; and

(viii) The “Note” section is updated to replace “Federal tax information” with “asset and income information” in the description of information about individuals who apply for or receive a Federal grant or loan under one of the programs authorized under title IV of the HEA that is collected in the AAAP system and stored in the “Common Origination and Disbursement (COD) System” (18–11–02) system of records. The “Note” section is also updated to add “some” before “information” and to remove “relevant Federal loan servicer information” in the description of the information that is accessible from Federal Loan Servicers’ systems (covered by the “Common Services for Borrowers (CSB)” (18–11–16) system of records notice) on *StudentAid.gov*. The “Note” section is also updated to explain that until CPS is decommissioned after September 30, 2024, the AAAP system is also used as a pass-through to send information, including, but not limited to, SSN, name, and DOB, that is stored in the “Person Authentication Service (PAS)” (18–11–12) system of records to SSA for computer matching on individuals who apply for an FSA ID in PAS in order to assist the Department in verifying their identities. The “Note” section is further updated to explain that beginning with the 2024–25 award year application cycle, the IRS will

disclose directly to the Department FTI for FAFSA application processing and aid eligibility determination; that FTI will not be stored in this system. Beginning July 30, 2023, the IRS will also disclose directly to the Department FTI to determine eligibility and monthly payment amounts under IDR plans; that FTI also will not be stored in this system. All FTI that the IRS discloses directly to the Department under the FUTURE Act will be maintained within the IRS Publication 1075-compliant FTI Module (FTIM) system covered under the Department's system of records notice entitled "FUTURE Act System (FAS)" (18-11-23). The AAAP system will continue to maintain both historical income information (obtained from the IRS until CPS is decommissioned) and applicant-provided income information (either through a manual FAFSA entry or submission of alternative documentation of income (ADOI) through the IDR process). Any reference to income throughout this system of records notice refers explicitly to income information that the Department did not obtain directly from the IRS but obtained from the applicant or from another source.

The Department is modifying the section entitled "RECORD SOURCE CATEGORIES" to add that the AAAP system will maintain information that will be added during FPS processing, including the results of matching programs with Federal agencies or State or local governments, or agencies thereof, so that the public is informed of the areas where CPS and FPS conduct identical processing of FAFSA data. Also, the Department is modifying this section to include third-party preparers as a source of records for this system. In addition, the Department is modifying this section to indicate that the Department's matching program with the SSA involves verifying the SSNs of spouses of married applicants and of individuals who apply for an FSA ID; and to inform the public that the matching program with the U.S. Department of Defense (DoD) will only be active through the 2023-2024 award year following the implementation of the FAFSA Simplification Act on July 1, 2024. Further, the Department is updating this section to explain that during FPS processing, the AAAP system will receive SAI information from the Department's FAS. The Department is also updating this section to clarify that the AAAP system may receive information to process requests for borrower defense to repayment that are submitted by "State requestors" and "legal assistance organizations" ("third-

party requestors"), as these terms are defined in 34 CFR 685.401(a), who may request that the Secretary of Education form groups of borrowers for borrower defense relief. The Department is also modifying the "Note" portion of this section to correct the name of the "TEACH Initial" counseling type to "TEACH Grant Initial and Subsequent," the name of the "TEACH Exit" counseling type to "TEACH Grant Exit," the name of the "TEACH Conversion" counseling type to "TEACH Grant Conversion," and the name of the agreement from "TEACH Agreement to Serve (ATS)" to "TEACH Grant Agreement to Serve or Repay (Agreement)."

The Department is modifying the section entitled "ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES" as follows:

(i) Because of amendments to the HEA made by the FAFSA Simplification Act and the FAFSA Simplification Technical Corrections Act (Pub. L. 117-103), which are effective July 1, 2024, the Department changed the date in the preamble from "June 30 2023" to "June 30, 2024" addressing when the use restriction in section 483(a)(3)(E) of the HEA (20 U.S.C. 1090(a)(3)(E)) will no longer be applicable.

(ii) Because CPS serves as a pass-through to send records from the PAS to SSA, routine use (1)(a) is updated to include, until CPS is decommissioned after September 30, 2024, the disclosure of records from CPS on individuals who apply for an FSA ID for the purpose of verification of their identities;

(iii) Routine use (1)(j) is updated to replace "repayment of the amount" with "the recovery of liabilities" to reflect the language used in the Department's borrower defense to repayment regulations effective July 1, 2023, pursuant to which the Department will pursue the recovery of liabilities of discharges against the IHE;

(iv) Routine use (1)(m) is updated to add "third-party requestors" to the entities to which the Department can disclose records from this system to investigate and resolve complaints, inquiries, requests for assistance, requests for Federal student loan repayment relief, and other relief under the borrower defense to repayment regulations, and to update borrower account records and to correct errors;

(v) Routine use (1)(n) is updated to allow the Department to make disclosures to the spouse of a married applicant to inform the spouse of information about them in an application for title IV, HEA funds;

(vi) Routine use (1)(p) is updated to explain that prior to the amendments of the HEA made by the FAFSA Simplification Act and the FAFSA Simplification Technical Corrections Act, which are effective July 1, 2024, the Department may disclose a student's FAFSA filing status to a local educational agency, a secondary school where the student is or was enrolled, a State, local, or Tribal agency, or an entity that awards aid to students and that the Secretary of Education has designated under section 483(a)(3)(E) of the HEA (20 U.S.C. 1090(a)(3)(E)) to encourage a student to complete a FAFSA that they started but did not submit or to assist an applicant with the completion of a FAFSA;

(vii) Routine use (1)(q) is deleted because the Department is not making disclosures to other Federal agencies to assist applicants in completing the FAFSA or income-driven repayment forms online; and

(viii) Former routine use (1)(r) is renumbered as routine use (1)(q) and is updated to explain that, through June 30, 2024, the Department may disclose records from this system to State higher education agencies, eligible IHEs, and other entities that the Secretary of Education has designated under section 483(a)(3)(E) of the HEA (20 U.S.C. 1090(a)(3)(E)) that award and administer aid to students, to determine an applicant's eligibility for the award of aid by State higher education agencies, eligible IHEs, or by other entities the Secretary of Education has designated. However, effective July 1, 2024, under amendments to the HEA made by the FAFSA Simplification Act and the FAFSA Simplification Technical Corrections Act, the Department will no longer rely on this authority to disclose records from this system to State higher education agencies, eligible IHEs, and other entities that the Secretary of Education has designated under section 483(a)(3)(E) of the HEA (20 U.S.C. 1090(a)(3)(E)).

The Department is modifying the section entitled "POLICIES AND PRACTICES FOR STORAGE OF RECORDS" to explain that fully processed paper applications and supporting paper documentation that are received on or before June 30, 2024, are stored for applicable periods in standard Federal Records Center boxes in locked storage rooms at the contractor facilities in London, Kentucky; and fully processed paper applications and supporting paper documentation requiring retention and received on or after July 1, 2024, will be stored in a private records storage facility, as applicable.

The Department is modifying the section entitled “POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS” to clarify that records in this system pertaining to a title IV, HEA loan applicant, borrower, or grant recipient are indexed and retrieved by, among other things, the award year, not the academic year, in which the applicant applied for title IV, HEA program assistance; to clarify that a combination of SSN, DOB, and name data elements is used to retrieve some, but not all, records from Federal Loan Servicers’ systems; and to delete the reference to allowing customers to access “their relevant Federal Loan Servicer information.”

The Department is modifying the section entitled “CONTESTING RECORD PROCEDURES” to remove information about the length of the application processing cycle.

Finally, the Department is modifying the sections entitled “RECORD ACCESS PROCEDURES,” “CONTESTING RECORD PROCEDURES,” and “NOTIFICATION PROCEDURES” to refer the public to the corresponding sections in the system of records notice entitled “Person Authentication Service (PAS)” (18–11–12) because until the CPS system is decommissioned after September 30, 2024, CPS also maintains records on individuals who apply for a FSA ID in the PAS system.

To reduce complexity, this system of records notice uses the term “discharge” to include all three terms (“discharge,” “cancellation,” and “forgiveness”), including but not limited to discharges of student loans made pursuant to specific benefit programs. At times, the system of records notice may refer by name to a specific benefit program, such as the “Public Service Loan Forgiveness” program; such specific references are not intended to exclude any such program benefits from more general references to loan discharges.)

#### **CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

This system maintains records on individuals who are, were, or may be participants in any of the Federal student financial assistance programs under title IV of the HEA who request assistance from the Department, directly or through State requestors and legal assistance organizations (“third-party requestors”) who may request that the Secretary of Education form a group of Federal student loan borrowers for borrower defense relief. In addition, this system maintains records on individuals who are students in attendance at a secondary school, as defined under 20 U.S.C. 7801(45), for which State grant agencies and other eligible requesting

entities such as secondary schools, local educational agencies (LEAs), and Tribal agencies or other designated entities that have an established relationship with the student pursuant to the terms and conditions of the Student Aid Internet Gateway (SAIG) Participation Agreement for State Grant Agencies, submit information (e.g., name, date of birth (DOB), and zip code) to the Department in order for the Department to provide such entities with the student's FAFSA filing status information to promote and encourage the student to apply for title IV, HEA program assistance, State assistance, and aid awarded by IHEs or by other entities designated by the Secretary of Education, as currently permitted by section 483(a)(3)(E) of the HEA (20 U.S.C. 1090(a)(3)(E)) through June 30, 2024.

This system also maintains records on student and parent applicants (and their third-party preparers), as well as the spouse of a married applicant and the parent(s) of a dependent applicant, who apply for Federal student financial assistance under one of the programs authorized under title IV of the HEA, including, but not limited to the: (1) Federal Pell Grant Program; (2) Federal Perkins Loans Program; (3) Academic Competitiveness Grant (ACG) Program; (4) National Science and Mathematics Access to Retain Talent (National SMART) Grant Program; (5) Teacher Education Assistance for College and Higher Education (TEACH) Grant Program; (6) Iraq and Afghanistan Service Grant (IASG) Program; (7) Direct Loan Program, which includes Federal Direct Stafford/Ford Loans, Federal Direct Unsubsidized Stafford/Ford Loans, Federal Direct PLUS Loans, and Federal Direct Consolidation Loans; (8) Federal Family Education Loan (FFEL) Program; and (9) Federal Insured Student Loan (FISL) Program.

This system also maintains records on individuals who apply for an FSA ID in the Department's Person Authentication Service (PAS) system because the Department uses CPS, which maintains records that are part of this system, as a pass-through to send these individuals' records from the PAS system to the Social Security Administration (SSA) for computer matching in order to assist the Department in verifying their identities. This pass-through will be terminated when CPS is decommissioned after September 30, 2024.

#### CATEGORIES OF RECORDS IN THE SYSTEM:

This system maintains records that contain the following information:

(1) Information provided by applicants for title IV, HEA program assistance on an incomplete or completed FAFSA, including, but not limited to, the applicant's name, address, SSN, DOB, telephone number, driver's license number (which will not be collected on the FAFSA for award year 2024–2025 and onward, and will not be collected by FPS), email address, citizenship status, marital status, legal residence, status as a veteran, educational status, and financial information (including asset and income information). (*Note:* The Federal Tax Information (FTI) that the Department will obtain directly from the IRS under the Fostering Undergraduate Talent by Unlocking Resources for Education (FUTURE) Act, Public Law 116–91, will be maintained in a separate system of records entitled “FUTURE Act System (FAS)” (18–11–23) for which the Department will publish a system of records notice in the **Federal Register**);

(2) Information provided about the parent(s) of a dependent applicant, including, but not limited to, the parent's highest level of schooling completed (which will not be collected on the FAFSA starting with award year 2024–2025 and will not be collected by FPS, after which point the Department will instead collect on the FAFSA the parent's college attendance status), marital status, SSN, last name and first initial, DOB, email address, number of people in the household supported by the parent, and asset and income information.

(3) Information about the spouse of a married applicant including, but not limited to: the spouse's name, address, SSN, DOB, telephone number, email address, citizenship status, marital status, legal residence, status as a veteran, and financial information (including asset and income information that is needed for CPS processing until September 30, 2024);

(4) Information provided by IHEs on behalf of student and parent applicants, including, but not limited to, verification results, dependency overrides, and resolution of comment codes or reject codes;

(5) Information calculated by CPS through the 2023–24 award year on the applicant's expected family contribution (EFC);

The Department uses the ISIR and SAR to report, among other things, the EFC, or the SAI results that are calculated during FPS processing, to IHEs, State grant agencies, and applicants. The EFC or SAI is available

to, and used by, IHEs to determine the applicant's eligibility for Federal and institutional program assistance and the amount of assistance, and State grant agencies to determine the applicant's eligibility for State grants and the amount of grant assistance. The Department notifies the applicant of the results of their application via the SAR. The Department provides the IHEs identified on the applicant's FAFSA with the ISIR, which indicates whether there are discrepant or insufficient information, school adjustments, or CPS assumptions that affect processing of the FAFSA. Other information in the system includes, but is not limited to: Secondary EFC (an EFC that is calculated from the full EFC formula and is printed in the financial aid administrator's (FAA) Information section of the ISIR), dependency status, Federal Pell Grant eligibility, duplicate SSN (an indicator that is set to alert ISIR recipients that two applications were processed with the same SSN, Incarcerated Student Indicator Flag (an indicator that will be used to identify an aid applicant as an incarcerated student), selection for verification, Simplified Needs Test (SNT) or Automatic Zero EFC (used for extremely low family income), CPS and FPS processing comments, reject codes (explanation for applicant's FAFSA not computing EFC), assumptions made with regard to the student's information due to incomplete or inconsistent FAFSA information, FAA adjustments including dependency status overrides, and CPS and FPS record processing information (application receipt date, transaction number, transaction process date, SAR Serial Number, Compute Number, Data Release Number (DRN), a four-digit number assigned to each application), National Student Loan Database System (NSLDS) match results, a bar code, and transaction source);

(7) Information that identifies aid applicant or aid recipient complaints, positive feedback, reports of suspicious activity, requests for assistance, requests for borrower defense relief, requests for PSLF reconsideration, or other inquiries. Such information includes, but is not limited to: written documentation of an aid applicant or aid recipient's complaint, request for assistance, request for relief under the borrower defense to repayment regulations, case tracking number, case appeal identifier, or other comment or inquiry; and information pertaining to the aid recipient's or the aid recipient's parent's student financial assistance program account(s) under title IV of the HEA, such as the aid recipient's and the

aid recipient's parent's names and Federal Student Aid IDs (FSA IDs). Information may include the name, address, and phone numbers of the aid recipient's counsel or representative, IHE(s), lender(s), secondary holder(s) or lender(s), guaranty agency(ies), servicer(s), private collection agency(ies), and third-party requestor(s), as this term is defined in 34 CFR 685.401(a), if applicable, and may contain other loan-level information;

(8) Information provided and generated through customer interactions with contact center support via inbound and outbound channels (phone, chat, webform, email, customer satisfaction survey, fax, physical mail, social media platforms, digital engagement platforms, and controlled correspondence). Information includes, but is not limited to: chat transcripts, email communications, audio recordings of customer calls, and screen recordings of contact center support desktop during customer interactions;

(9) Loan discharge eligibility and verification information for use in determining whether a title IV, HEA debt/loan qualifies for discharge;

(10) Aid recipient's employer information to determine employer qualification for borrowers to receive discharge under PSLF; OIG fraud referral information; and customer support interactions including phone, chat, webform, email, fax, physical mail, and controlled correspondence;

(11) Information for collecting, processing, and storing user activity events from across the DCC IT system: campaign details, delivery details, email/SMS sent timestamp, transaction ID, Federal Account Number (FAN) ID, activity details, activity date, pages/URL accessed, user IP address, user-submitted materials, and user request details;

(12) Information needed to aid in the delivery of strategic and real-time communication to customers, including, but not limited to, first name, last name, DOB, state of residence, email, phone number, mobile device ID, device data, FAFSA transaction data, uniform resource locator (URL), computer-related data, and customer communication preferences and user activity (open or clicks) for email and SMS communications;

(13) Information provided on third-party preparers, including, but not limited to, first name, last name, SSN or employer identification number, affiliation, address or employer's address, signature, and signature date.

*Note:* This system of records also maintains information that is collected in this system and stored in other

systems of records. The following information about individuals who apply for or receive a Federal grant or loan under one of the programs authorized under title IV of the HEA is collected in this system and stored in the "Common Origination and Disbursement (COD) System" (18–11–02) system of records: applicant identifiers including applicant's name, SSN, and DOB; demographic information, including asset and income information (tax return status, adjusted gross income, Internal Revenue Service exemptions, and tax year), and enrollment information; borrower's loan(s) information, including information about recipients of Direct Loans, FFEL Program loans, Perkins Loans, and FISL Program loans, such as the period from the origination of the loan through final payment, and milestones, including, but not limited to, consolidation, discharge, or other final disposition including details such as loan amount, disbursements, balances, loan status, repayment plan and related information, collections, claims, deferments, forbearances, and refunds; information about students receiving Federal grants, including recipients of Pell Grants, ACG, National SMART Grants, TEACH Grants, Iraq and Afghanistan Service Grants, and including grant amounts, grant awards, verification status, lifetime eligibility used (LEU), IASG eligible veteran's dependent indicator, Children of Fallen Heroes Scholarship eligibility indicator, and the Pell Grant additional eligibility indicator; Pell Grant collection status indicator and overpayment collection information; promissory notes, Direct Loan Entrance Counseling forms, Federal Student Loan Exit Counseling forms, PLUS Loan Counseling forms, the Annual School Loan Acknowledgement (ASLA), Direct PLUS Loan Requests, endorser addendums, and counseling in the Direct Loan and TEACH Grant programs, such as the date that applicant completed counseling; PLUS Loan credit report information; applicant identifier information for an electronic request to repay a Direct Loan under an income-driven repayment plan and endorser/spouse information, such as the SSN, date that applicant completed the income-driven repayment plan application, and current loan balances; Electronic Direct Consolidation Loan borrower identifier information, such as the borrower's SSN, the date that borrower completed the Federal Direct Consolidation Loan application and promissory note, and current loan balances; and credit check decisions, credit appeals, credit appeal

identifiers, and credit history information to support the credit appeal process. Further, information from the "Enterprise Data Management and Analytics Platform Services (EDMAPS)" (18–11–22) system of records is accessible in the DCC IT system to: allow real-time updates to a customer's identifiers, demographic attributes, address, phone, and email contact details; update customer preference for receiving marketing information via text message; allow the Department and its contractors to identify customers who have completed a customer satisfaction survey; and enable the Department to contact borrowers who have been identified by the Department as potentially having fraudulent activity from a Third-Party Debt Relief (TPDR) company and are at risk of loan default. The following information is modifiable by the customer through *StudentAid.gov*: name, DOB, address, phone number, and email address. The DCC IT system also sends the following information to the EDMAPS system for analytics and reporting: case information including complaints, and OIG fraud referral data. Information includes, but is not limited to: SSN, DOB, address, phone, and email. Additionally, some information from Federal Loan Servicers' systems (covered by the "Common Services for Borrowers (CSB)" (18–11–16) system of records) is accessible on *StudentAid.gov* to allow customers to view their payment information, loan information, and to make payments on *StudentAid.gov* as they would on the various Federal Loan Servicer websites. Further, customers can use *StudentAid.gov* to update their contact information and access financial aid history that is stored in the "National Student Loan Data System (NSLDS)" (18–11–06) system of records. Additionally, until CPS is decommissioned after September 30, 2024, CPS is also used as a pass-through to send information that is stored in the "Person Authentication Service (PAS)" (18–11–12) system of records to SSA for computer matching on individuals who apply for an FSA ID in PAS in order to assist the Department in verifying their identities. The information includes, but is not limited to: SSN, name, and DOB. Finally, beginning with the 2024–25 award year application cycle, the IRS will disclose directly to the Department FTI for FAFSA application processing and aid eligibility determination; that FTI will not be maintained in this system. Beginning July 30, 2023, the IRS will also disclose directly to the Department FTI to determine eligibility

and monthly payment amounts under Income-Driven Repayment (IDR) plans; that FTI also will not be maintained in this system. All FTI that the Department will obtain directly from the IRS under the FUTURE Act will be maintained within the FTI Module (FTIM) system that will be compliant with the IRS Publication 1075, "Tax Information Security Guidelines for Federal, State and Local Agencies, Safeguards for Protecting Federal Tax Returns and Return Information," and that will be covered under the Department's system of records notice entitled "FUTURE Act System (FAS)" (18–11–23). This system will continue to maintain both historical income information (obtained from the IRS until CPS is decommissioned) and applicant-provided income information (either through a manual FAFSA entry or submission of alternative documentation of income (ADOI) through the IDR process). Any reference to income throughout this system of records notice refers explicitly to income information that the Department did not obtain directly from the IRS but obtained from the applicant or from another source.

#### RECORD SOURCE CATEGORIES:

Information maintained in this system of records is obtained from applicants, the parents of dependent applicants, third-party preparers, and the spouse of married applicants for title IV, HEA program assistance, on the paper FAFSA, Portable Document Format (PDF) FAFSA, the online FAFSA form, and FAFSA by phone; the authorized employees or representatives of authorized entities (namely, IHEs, institutional third-party servicers, FFEL Program lenders, FFEL Program guaranty agencies, Federal loan servicers, State grant agencies, other Federal agencies, and research agencies); and from other persons or entities from which information is obtained following a disclosure under the routine uses set forth below.

The Financial Aid Administrators at IHEs designated by the applicant and IHEs' third-party servicers may correct the records in this system as a result of documentation provided by the applicant or by a dependent applicant's parents, such as Federal income return(s) (IRS Form 1040), Social Security card(s), and Department of Homeland Security I–551 Permanent Resident Card.

This system maintains information added during CPS processing and that will be added during FPS processing and information received from other Department systems, including the NSLDS, the COD System, and the SAIG

Participation Management System. The results of matching programs with Federal agencies or State or local governments, or agencies thereof, are added to the student's record during CPS processing and will be added to the student's record during FPS processing. The Department's matching programs at the time of the publication of this system of records notice are with the SSA to verify the SSNs of applicants, dependent applicants' parent(s), and spouses of married applicants, as well as of individuals who apply for an FSA ID, and to confirm the U.S. citizenship status of applicants as recorded in SSA records and date of death (if applicable) of applicants, and dependent applicants' parents, pursuant to title IV of the HEA, including sections 428B(f)(2), 483(a)(12) (which under the FAFSA Simplification Act will be section 483(a)(2)(B)), and 484(g) and (p) (which the FAFSA Simplification Act redesignates as section 484(o)) of the HEA (20 U.S.C. 1078–2(f)(2), 1090(a)(12) (which the FAFSA Simplification Act amends to be 1090(a)(2)(B)), and 1091(g) and (p) (which the FAFSA Simplification Act redesignates as 1091(o)); with the Department of Veterans Affairs (VA) to verify the status of applicants who claim to be veterans, pursuant to section 480(c) and (d)(1)(D) of the HEA (20 U.S.C. 1087vv(c) and (d)(1)(D)); with the U.S. Department of Homeland Security (DHS) to confirm the immigration status of applicants for assistance as authorized by section 484(g) of the HEA (20 U.S.C. 1091(g)); with the U.S. Department of Justice (DOJ) to enforce any requirement imposed at the discretion of a court, pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, Public Law 100–690, as amended by section 1002(d) of the Crime Control Act of 1990, Public Law 101–647 (21 U.S.C. 862), denying Federal benefits under the programs established by title IV of the HEA to any individual convicted of a State or Federal offense for the distribution or possession of a controlled substance; and, through award year 2023–2024 following the implementation of the FAFSA Simplification Act on July 1, 2024, with the U.S. Department of Defense (DoD) to identify dependents of U.S. military personnel who died in service in Iraq and Afghanistan after September 11, 2001, to determine if they are eligible for increased amounts of title IV, HEA program assistance, pursuant to sections 420R and 473(b) of the HEA (20 U.S.C. 1070h and 1087mm(b)), which will be replaced by section 401(c) under the FAFSA Simplification Act.

During CPS and FPS processing, the Department's COD System sends information to these systems for students who have received a Federal Pell Grant. CPS and FPS use this information for verification analysis and for end-of-year reporting. These data elements include, but are not limited to: Verification Selection and Status, Potential Over-award Project (POP) indicator, Institutional Cost of Attendance, Reporting and Attended Campus Pell ID and Enrollment Date, and Federal Pell Grant Program information (Scheduled Federal Pell Grant Award, Origination Award Amount, Total Accepted Disbursement Amount, Number of Disbursements Accepted, Percentage of Eligibility Used At This Attended Campus Institution, and Date of Last Activity from the Origination or Disbursement table).

CPS and FPS also receive applicant information from the Department's NSLDS system each time an application is processed or corrected. #### **POLICIES AND PRACTICES FOR STORAGE OF RECORDS:**

System records are paper-based and stored in locked rooms or electronic and stored on secured computer systems and in the cloud.

Fully processed paper applications and supporting paper documentation that are received on or before June 30, 2024, are stored for applicable periods in standard Federal Records Center boxes in locked storage rooms at the contractor facilities in London, Kentucky. Fully processed paper applications and supporting paper documentation requiring retention and received on or after July 1, 2024, will be stored in a private records storage facility, as applicable. The records storage facilities currently utilized are listed in the "System Location" section above.

Digitized paper applicant records, which include optically imaged documents, are stored on DADS (disks) in a virtual disk library, which is also electronic, in the computer facilities controlled by the Next Generation Data Center (NGDC) in Clarksville, VA.

Records that are collected in this system for applicants of Federal grants or loans are stored in the COD System for individuals who apply under one of the programs authorized under title IV of the HEA, including, but not limited to the: (1) Federal Pell Grant Program; (2) Federal Perkins Loans Program; (3) ACG Program; (4) National SMART Grant Program; (5) TEACH Grant Program; (6) Iraq and Afghanistan Service Grant Program; (7) Direct Loan Program, which includes Federal Direct Stafford/Ford Loans, Federal Direct Unsubsidized Stafford/Ford Loans and Federal Direct PLUS Loans and Federal Direct Consolidation Loans; (8) FFEL Program; and (9) FISL Program.

#### **POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:**

Records in this system pertaining to a title IV, HEA loan applicant, borrower, or grant recipient are indexed and retrieved by a single data element, or a combination of the following data elements, to include SSN, name, DOB, the award year in which the applicant applied for title IV, HEA program assistance, and case tracking number.

These data elements are also used to retrieve information of title IV, HEA program applicants for and recipients of Federal grants or loans from the COD System (applicant information is collected in this system of records and stored in the COD System).

This system also uses a credit appeal identifier to retrieve credit appeal information from the COD System to support the credit appeal process.

Additionally, this system uses a combination of SSN, DOB, and name data elements to retrieve some records from Federal Loan Servicers' systems (covered by the system of records notice entitled "Common Services for Borrowers (CSB)" (18–11–16)) to allow customers to access their payment information, loan information and to make payments on *StudentAid.gov* as they would on the various Federal Loan Servicer websites.

This system also uses customer identifiers to retrieve customer information data from the EDMAPS system (covered by the system of records noticed entitled "Enterprise Data Management and Analytics Platform Services (EDMAPS) System" (18–11–22)) to allow real-time updates to customer information and communication preferences; and for the Department and its contractors to identify customers who have completed a customer satisfaction survey in the DCC system; who may have potential fraudulent activity from a TPDR company; and who may be at risk for loan default.

#### **POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:**

**ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:**

All users of the system will have a unique user ID with a password. All physical access to the data housed at system locations is controlled and monitored by security personnel who check each individual entering the building for their employee or visitor badge. The IT systems employed by the Department offers a high degree of resistance to tampering and circumvention with firewalls, encryption, and password protection. This security system limits data access to Department and contract staff on a “need-to-know” basis and controls individual users’ ability to access and alter records within the system. All interactions by users of the system are recorded.

In accordance with the Federal Information Security Management Act of 2002 (FISMA), as amended by the Federal Information Security Modernization Act of 2014, every Department system must receive a signed Authorization to Operate (ATO) from a designated Department official. The ATO process includes a rigorous assessment of security and privacy controls, a plan of actions and milestones to remediate any identified deficiencies, and a continuous monitoring program.

FISMA controls implemented are comprised of a combination of management, operational, and technical controls, and include the following control families: access control, awareness and training, audit and accountability, security assessment and authorization, configuration management, contingency planning, identification and authentication, incident response, maintenance, media protection, physical and environmental protection, planning, personnel security, privacy, risk assessment, system and services acquisition, system and communications protection, system and information integrity, and program management.

#### Lock Hydro 10 Partners; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On April 28, 2023, Lock Hydro 10 Partners filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of a hydropower project located on the Kentucky River, in Clark and Madison Counties, Kentucky. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Boonesborough Hydroelectric Project would consist of the following: (1) an existing 250-foot-long, 35-foot-high concrete lock and dam; (2) an existing 26.4-mile-long, 596-acre reservoir having a total capacity of 5,960-acre-feet; (3) a proposed 28-foot-wide, 52-foot-long, 49-foot-high powerhouse built into the abandoned lock containing six Voith StreamDiver submersible turbine/generating units for a total installed capacity of 3.012 megawatts; (4) a proposed 20-foot-wide, 42-foot-long control building on the adjacent shore; and (5) a proposed 800-foot-long, 14.0 kilovolt transmission line. The project is estimated to generate an average of 14,000 megawatt-hours annually. The existing lock and dam are owned by the Kentucky River Authority.
