Office of the Secretary

[Docket ID DoD-2014-HA-0086]

Submission for OMB Review; Comment Request

ACTION: Notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by August 27, 2015.

FOR FURTHER INFORMATION CONTACT: Fred Licari, 571-372-0493.

SUPPLEMENTARY INFORMATION:

Title, Associated Form and OMB Number: DoD Patient Safety Survey; OMB Control Number 0720-0034.

Type of Request: Reinstatement.

Number of Respondents: 14,022.

Responses per Respondent: 1.

Annual Responses: 14,022.

Average Burden per Response: 10 minutes.

Annual Burden Hours: 2,337.

Needs and Uses: The DoD Patient Safety Culture Survey will be critical to evaluate and better assess the needs of MHS facilities to promote patient safety culture. Survey results will be prepared at the facility and Service levels, as well as MHS overall. Facilities will benefit by being given the opportunity to

receive feedback about their staff's responses to the survey, which will provide insight into their strengths and areas for improvements the survey will provide an overview of the status of Service and MHS patient safety to higher leadership, who can then appropriately allocate the necessary resources and tools to decrease medical errors and improve safety.

Affected Public: Federal Government; individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Mr. Josh Brammer. Written comments and

recommendations on the proposed information collection should be emailed to Mr. Josh Brammer, DoD Desk Officer, at Oira_submission@omb.eop.gov. Please identify the proposed information collection by DoD Desk Officer and the Docket ID number and title of the information collection.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket ID number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DoD Clearance Officer: Mr. Frederick Licari.

Written requests for copies of the information collection proposal should

be sent to Mr. Licari at WHS/ESD Directives Division, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria, VA 22350-3100.

Dated: July 22, 2015.

POLICY JUSTIFICATION

Lebanon—TOW 2A Missiles

The Government of Lebanon has requested possible sale of One thousand (1000) BGM-71E-4B-RF Tube-launched, Optically-tracked, Wireless-guided (TOW) 2A Anti-Armor Radio-Frequency missiles, five hundred (500) BGM-71-H-1-RF TOW Bunker Buster Radio Frequency (RF) missiles, fifty (50) M220A2 TOW launchers, containers, spare and repair parts, support equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor logistics and technical support services, and other related elements of program and logistics support. The estimated cost is \$245 million.

This proposed sale will enhance the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale of TOW missiles will improve Lebanon's capability to meet current and future threats and provide greater security for its critical infrastructure. Lebanon will use the enhanced capability to strengthen its homeland defense. Lebanon will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be The Raytheon Company in Andover, Massachusetts. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Lebanon.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 15-40

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The TOW 2A Radio-Frequency (RF) missile (BGM-71E-4B-RF) is a direct attack missile designed to defeat targets such as armored vehicles and reinforced urban structures. The TOW 2A RF missile can be launched from the same launcher platforms as the existing wire-guided TOW 2A missile without modification to the launcher. The TOW 2A missile (both wire & RF) contains two tracker beacons (xenon and thermal) for the launcher to track and guide the missile in flight. Guidance commands from the launcher are provided to the missile by an RF link contained within the missile case. The hardware, software, and technical publications provided with the sale are Unclassified.

2. The TOW Bunker Buster (BB) Radio Frequency (RF) missile (BGM-71H-1-RF) is used to defeat field fortifications, bunkers, and urban structures. The TOW BB Aero RF missile can be launched from the same launcher platforms as the existing wire-guided TOW 2A missiles without modification to the launcher. The TOW BB missile (both wired and RF) contains two tracker beacons (xenon and thermal) for the launcher to track and guide the missile in flight. Guidance commands from the launcher are provided to the missile by an RF link contained within the missile case. The hardware, software, and technical publications provided with the sale are Unclassified.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that the Government of Lebanon can provide substantially the same degree of protection for the technology being released as the U.S. Government. The sale is necessary in furtherance of the U.S. foreign policy and national security objectives as outlined in the Policy Justification of the notification.

5. All defense articles and services listed in this transmittal have been

authorized for release and export to Lebanon.
