Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information

collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before September 21, 2015. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

Estimated Time per Response: 120 hours.

Frequency of Response: One-time application, on-going and bi-annual reporting requirements.

Nature and Extent of Confidentiality: If respondents submit information which respondents believe is confidential, respondents may request confidential treatment of such information pursuant to section 0.459 of the Commission's rules, 47 CFR 0.459.

Needs and Uses: On June 18, 2015, the Commission adopted a Report and Order establishing the Numbering Authorization Application process, which allows interconnected VoIP providers to apply for a blanket authorization from the FCC that, once granted, will allow them to demonstrate that they have the authority to provide service in specific areas, thus enabling them to request numbers directly from the Numbering Administrators. This collection covers the information and

certifications that applicants must submit in order to comply with the Numbering Authorization Application process. The data, information, and documents acquired through this collection will allow interconnected VoIP providers to obtain numbers with minimal burden or delay while also preventing providers from obtaining numbers without first demonstrating that they can deploy and properly utilize such resources. This information will also help the Federal Communications Commission (FCC) protect against number exhaust while promoting competitive neutrality among traditional telecommunications carriers and interconnected VoIP providers by allowing both entities to obtain numbers directly from the Numbering Administrators. It will further help the FCC to maintain efficient utilization of numbering resources and ensure that telephone numbers are not being stranded.

BILLING CODE 6712-01-P

FEDERAL MARITIME COMMISSION

Controlled Carriers Under the Shipping Act of 1984

AGENCY: Federal Maritime Commission.

ACTION: Notice.

SUMMARY: The Federal Maritime Commission is publishing an updated list of controlled carriers, *i.e.*, ocean common carriers operating in U.S.-foreign trades that are owned or controlled by foreign governments. Such carriers are subject to special regulatory oversight by the Commission under the Shipping Act of 1984.

FOR FURTHER INFORMATION CONTACT:

Tyler J. Wood, General Counsel, Federal Maritime Commission, 800 North Capitol Street NW., Washington, DC 20573, (202) 523-5740.

SUPPLEMENTARY INFORMATION: The Federal Maritime Commission is publishing an updated list of controlled carriers. Section 3(8) of the Shipping Act of 1984 (46 U.S.C. 40102(8)), defines a "controlled carrier" as an ocean common carrier that is, or whose operating assets are, directly or indirectly, owned or controlled by a government, with ownership or control by a government being described in the statute.

As required by the Shipping Act, controlled carriers are subject to special

oversight by the Commission. Section 9(a) of the Shipping Act (46 U.S.C. 40701(b)), states that the Commission, at any time after notice and opportunity for a hearing, may prohibit the publication or use of a rate, charge, classification, rule, or regulation that a controlled carrier has failed to demonstrate is just and reasonable.

Congress enacted these protections to ensure that controlled carriers, whose marketplace decision-making can be influenced by foreign governmental priorities or by their access to non-market sources of capital, do not engage in unreasonable below-market pricing practices which could disrupt trade or harm privately-owned shipping companies.

The controlled carrier list is not a comprehensive list of foreign-owned or -controlled ships or ship owners; rather, it is only a list of ocean common carriers that are controlled by governments. *See* 46 U.S.C. 40102(8). Thus, tramp operators and other non-common carriers are not included, nor are non-vessel-operating common carriers, regardless of their ownership or control.

Since the last publication of this list on August 22, 2012 (77 FR 51801), the Commission has newly classified two ocean common carriers as controlled carriers, CNAN Nord SPA ("CNAN") and United Arab Shipping Company (S.A.G.) ("UASC").

Pursuant to 46 CFR 501.23, CNAN was classified as a controlled carrier on September 23, 2014.

Pursuant to 46 CFR 501.23 and 565.4, UASC notified the Commission of its change in majority ownership by the State of Qatar on June 18, 2014, and after review, the Commission classified UASC as a controlled carrier on July 6, 2015.

It is requested that any other information regarding possible omissions or inaccuracies in this list be provided to the Commission's Office of General Counsel. *See* 46 CFR 501.23. The amended list of currently classified controlled carriers and their corresponding Commission-issued Registered Persons Index numbers is set forth below:

(1) American President Lines, Ltd. and APL Co. Pte. Ltd. (RPI No. 000240)—Republic of Singapore;

(2) COSCO Container Lines Company, Limited (RPI No. 015614)—People's Republic of China;
