

contraband hidden among the freight imported into the United States. Radiation-based, non-intrusive inspection systems, such as X-ray and gamma ray, have been in use for several years by Federal Government agencies. A related technology, called Pulsed Fast Neutron Analysis (PFNA), was developed several years ago for cargo inspection. PFNA is designed to directly and automatically detect and measure the presence of specific materials, such as cocaine or explosives, which may have been hidden within the vehicle. PFNA technology uses pulses of neutrons as the radiation source to non-intrusively examine packages and containers for suspect materials. While PFNA has been successfully demonstrated in a laboratory setting, it has yet to be tested in an operational environment.

The Department of Defense in cooperation with the United States Bureau of Customs and Border Protection and the Transportation Security Administration plans to conduct a six-month operational test of a PFNA system at the Ysleta/Zaragoza Border Station in Ysleta, Texas. Ysleta is next to the Rio Grande River just southeast of the city of El Paso. Ysleta was selected as the test location principally because it had space available (no additional land purchase was required) and sufficient commercial traffic.

The test facility will consist of an inspection building (approximately 220 feet by 60 feet) housing the PFNA equipment and several smaller structures for electronic equipment and operators.

The Environmental Assessment is available for public viewing by accessing the following Internet address: <http://www.scainc.biz/EA>.

Dated: August 12, 2003.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-08-M

DEPARTMENT OF EDUCATION

Federal Interagency Coordinating Council (FICC) Meeting

AGENCY: Federal Interagency Coordinating Council, Education.

ACTION: Notice of a public meeting.

SUMMARY: This notice describes the schedule and agenda of a forthcoming meeting of the Federal Interagency Coordinating Council (FICC). Notice of this meeting is intended to inform

members of the general public of their opportunity to attend the meeting. The FICC will engage in policy discussions related to health services for young children with disabilities and their families. The meeting will be open and accessible to the general public.

DATE AND TIME: FICC Meeting: Thursday, September 18, 2003 from 9 a.m. to 4:30 p.m.

ADDRESSES: American Institutes for Research, 1000 Thomas Jefferson Street, NW, Conference Rooms B & C, 2nd Floor, Washington, DC 20007.

FOR FURTHER INFORMATION CONTACT:

Obral Vance, U.S. Department of Education, 330 C Street, SW, Room 3090, Switzer Building, Washington, DC 20202. Telephone: (202) 205-5507 (press 3). Individuals who use a telecommunications device for the deaf (TDD) may call (202) 205-5637.

SUPPLEMENTARY INFORMATION: The FICC is established under section 644 of the Individuals with Disabilities Education Act (20 U.S.C. 1444). The FICC is established to: (1) Minimize duplication across Federal, State, and local agencies of programs and activities relating to early intervention services for infants and toddlers with disabilities and their families and preschool services for children with disabilities; (2) ensure effective coordination of Federal early intervention and preschool programs, including Federal technical assistance and support activities; and (3) identify gaps in Federal agency programs and services and barriers to Federal interagency cooperation. To meet these purposes, the FICC seeks to: (1) Identify areas of conflict, overlap, and omissions in interagency policies related to the provision of services to infants, toddlers, and preschoolers with disabilities; (2) develop and implement joint policy interpretations on issues related to infants, toddlers, and preschoolers that cut across Federal agencies, including modifications of regulations to eliminate barriers to interagency programs and activities; and (3) coordinate the provision of technical assistance and dissemination of best practice information. The FICC is chaired by Dr. Robert Pasternack, Assistant Secretary for Special Education and Rehabilitative Services.

Individuals who need accommodations for a disability in order to attend the meeting (i.e., interpreting services, assistive listening devices, material in alternative format) should notify Obral Vance at (202) 205-5507 (press 3) or (202) 205-5637 (TDD) ten days in advance of the meeting. The meeting location is accessible to individuals with disabilities.

Summary minutes of the FICC meetings will be maintained and available for public inspection at the U.S. Department of Education, 330 C Street, SW, Room 3090, Switzer Building, Washington, DC 20202, from the hours of 9 a.m. to 5 p.m., weekdays, except Federal Holidays.

Loretta Petty Chittum,

Acting Assistant Secretary for Special Education and Rehabilitative Services.

BILLING CODE 4000-01-M

DEPARTMENT OF ENERGY

[Docket No. EA-284]

Sempra Energy Solutions

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of Application.

SUMMARY: Sempra Energy Solutions (SES) has applied for authority to transmit electric energy from the United States to Mexico pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests or requests to intervene must be submitted on or before September 2, 2003.

ADDRESSES: Comments, protests or requests to intervene should be addressed as follows: Office of Coal & Power Im/Ex (FE-27), Office of Fossil Energy, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-287-2793).

FOR FURTHER INFORMATION CONTACT:

Steven Mintz (Program Office) 202-586-9506 or Michael Skinker (Program Attorney) 202-586-6667.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On August 6, 2003, the Office of Fossil Energy (FE) of the Department of Energy (DOE) received an application from SES to transmit electric energy from the United States to Mexico. SES is incorporated in the State of California and has its principal place of business in San Diego, California. SES is a wholly-owned subsidiary of Sempra Energy Global Enterprises, which, in turn, is a wholly-owned subsidiary of Sempra Energy. Sempra Energy owns 100% of San Diego Gas & Electric Company (SDG&E). SES does not have a franchised utility service area. The electric energy which the applicant proposes to export to Mexico would be surplus generation from utilities and

Federal power marketing agencies within the United States.

The applicant proposes to arrange for the delivery of electric energy to Mexico over the international transmission facilities owned by SDG&E. The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by the applicant, as more fully described in the application, has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

SES has requested an expedited notice and comment period in order to be able to respond to a solicitation to deliver electric energy to Mexico in the first week of September, 2003. DOE has granted the request and shortened the public comment period to 14 days.

Procedural Matters: Any person desiring to become a party to this proceeding or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with sections 385.211 or 385.214 of the FERC's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with the DOE on or before the date listed above.

Comments on the SES application to export electric energy to Mexico should be clearly marked with Docket EA-284. Additional copies are to be filed directly with Kelly Morton, Esq., Sempra Energy, 101 Ash Street, HQ13D, San Diego, CA 92101.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969 (NEPA), and a determination is made by the DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above or by accessing the Fossil Energy Home Page at <http://www.fe.doe.gov>. Upon reaching the Fossil Energy Home page, select "Regulatory Programs," then "Electricity Regulation," and then "Pending Proceedings" from the options menus.

Issued in Washington, DC, on August 13, 2003.

Anthony J. Como,

Deputy Director, Electric Power Regulation, Office of Coal & Power Im/Ex, Office of Coal & Power Systems, Office of Fossil Energy.

BILLING CODE 6450-01-P

ENVIRONMENTAL PROTECTION AGENCY

[OECA-2003-0091; FRL-7546-4]

Agency Information Collection Activities; Submission for OMB Review and Approval; Comment Request; NSPS for Automobile and Light Duty Truck Surface Coating Operations (40 CFR Part 60, Subpart MM), EPA ICR Number 1064.10, OMB Control Number 2060-0034

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act, this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. This ICR is scheduled to expire on September 30, 2003. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. This ICR describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before September 18, 2003.

ADDRESSES: Submit your comments, referencing docket ID number OECA-2003-0091, to (1) EPA online using EDOCKET (our preferred method), by e-mail to docket.oeca@epa.gov, or by mail to: Environmental Protection Agency, EPA Docket Center (EPA/DC), Enforcement and Compliance Docket and Information Center, EPA West, Mail Code 2201T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Leonard Lazarus, Office of Compliance, 2223A, Environmental Protection Agency, 1200 Pennsylvania Avenue,

NW., Washington, DC 20460; telephone number: (202) 564-6369; fax number: (202) 564-0050; e-mail address: lazarus.leonard@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On September 26, 2002 (67 FR 60672), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID Number OECA-2003-0091, which is available for public viewing at the Enforcement and Compliance Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket and Information Center is: (202) 566-1514. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. When in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May
