II. Background

The NRC issues LR-ISGs to communicate insights and lessons learned and to address emergent issues not covered in license renewal guidance documents, such as the GALL Report and SRP-LR. In this way, the NRC staff and stakeholders may use the guidance in an LR-ISG document before it is incorporated into a formal license renewal guidance document revision. The NRC staff issues LR-ISGs in accordance with the LR-ISG Process,

Revision 2 (ADAMS Accession No. ML100920158), for which a notice of availability was published in the **Federal Register** on June 22, 2010 (75 FR 35510).

The NRC staff has developed draft LR-ISG-2012-01 to: (a) Revise the definition of "wall thinning" to include erosion mechanisms; (b) revise the definition of "flow-accelerated corrosion" and "erosion" to align them with the definitions commonly used in industry; (c) allow applicants that have identified wall thinning due to erosion mechanisms to monitor wall thinning caused by erosion mechanisms to be included in the aging management program for flow-accelerated corrosion by (i) ensuring extent of condition reviews determine if other components are susceptible to similar degradation, and (ii) verifying that corrective actions have either eliminated the erosion mechanism precluding the need for ongoing aging management activities or included periodic wall thickness measurements in an aging management program; and (d) make miscellaneous and editorial changes.

III. Proposed Action

By this action, the NRC is requesting public comments on draft LR-ISG-2012-01. This LR-ISG proposes certain revisions to NRC guidance on implementation of the requirements in 10 CFR Part 54. The NRC staff will make a final determination regarding issuance of the LR-ISG after it considers any public comments received in response to this request.

Dated at Rockville, Maryland, this 5th day of July 2012.

BILLING CODE 6325–39–P

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549–0213.

Extension:
Rule 30e–2; SEC File No. 270–437; OMB Control No. 3235–0494.

Notice is hereby given that, under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), (“Paperwork Reduction Act”) the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information discussed below.

Rule 30e–2 (17 CFR 270.30e–2) under the Investment Company Act of 1940

(15 U.S.C. 80a–1 *et seq.*) (“Investment Company Act”) requires registered unit investment trusts (“UITs”) that invest substantially all of their assets in shares of a management investment company (“fund”) to send their unitholders annual and semiannual reports containing financial information on the underlying company. Specifically, rule 30e–2 requires that the report contain all the applicable information and financial statements or their equivalent, required by rule 30e–1 under the Investment Company Act (17 CFR 270.30e–1) to be included in reports of the underlying fund for the same fiscal period. Rule 30e–1 requires that the underlying fund’s report contain, among other things, the information that is required to be included in such reports by the fund’s registration statement form under the Investment Company Act. The purpose of this requirement is to apprise current shareholders of the operational and financial condition of the UIT. Absent the requirement to disclose all material information in reports, investors would be unable to obtain accurate information upon which to base investment decisions and consumer confidence in the securities industry might be adversely affected. Requiring the submission of these reports to the Commission permits us to

verify compliance with securities law requirements.

Rule 30e–2, however, permits, under certain conditions, delivery of a single shareholder report to investors who share an address (“householding”). Specifically, rule 30e–2 permits householding of annual and semiannual reports by UITs to satisfy the delivery requirements of rule 30e–2 if, in addition to the other conditions set forth in the rule, the UIT has obtained from each applicable investor written or implied consent to the householding of shareholder reports at such address. The rule requires UITs that wish to household shareholder reports with implied consent to send a notice to each applicable investor stating that the investors in the household will receive one report in the future unless the investors provide contrary instructions. In addition, at least once a year, UITs relying on the rule for householding must explain to investors who have provided written or implied consent how they can revoke their consent. The purpose of the notice and annual explanation requirements associated with the householding provisions of the rule is to ensure that investors who wish to receive individual copies of shareholder reports are able to do so.

The Commission estimates that the annual burden associated with rule 30e–
